[MA-088-7216b; A-1-FRL-7466-5]

Approval and Promulgation of Air Quality Implementation Plans; Massachusetts; Amendment to 310 CMR 7.06, Visible Emissions Rule

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to conditionally approve a State Implementation Plan (SIP) revision submitted by the State of Massachusetts. On August 9, 2001, the Massachusetts Department of Environmental Protection (MA DEP) formally submitted a SIP revision containing multiple revisions to the State Regulations for the Control of Air Pollution. In today's action EPA is conditionally approving one portion of these rule revisions, 310 CMR 7.06(1)(c), into the Massachusetts SIP. This conditional approval is based on a commitment by MA DEP to submit a

revised regulation by one year from today. If Massachusetts fails to submit the required revisions within one year of this conditional approval, then this conditional approval will be converted to a disapproval.

DATES: Written comments must be received on or before May 8, 2003.

FOR FURTHER INFORMATION CONTACT: Jeffrey S. Butensky, Environmental Planner, (617) 918–1665; butensky.jeff@epa.gov.

SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal Register**, EPA is conditionally approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[DA 03–815; MB Docket No. 03–78, RM–10684]

Radio Broadcasting Services; Bend and Prineville, OR

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This document sets forth a proposal to amend the FM Table of Allotments, Section 73.202(b) of the Commission's rules, 47 CFR 73.202(b). The Commission requests comment on a petition filed by Combined Communications, Inc., licensee of Station KTWS–FM, Channel 253C3, Bend, Oregon. Petitioner proposes to upgrade the allotment for Channel 253C3 at Bend, Oregon, to Channel 253C1, and to modify the license of KTWS–FM accordingly. In order to facilitate that change, petitioner further proposes to substitute Channel 271C3 for Channel 255C3, a vacant allotment at Prineville, Oregon, and to change the reference coordinates for that allotment. Channel 271C3 can be allotted to Prineville in compliance with the Commission's minimum distance separation requirements with a site restriction of 13.6 km (8.4 miles) east of Prineville. The coordinates for Channel 271C3 at Prineville are 44–20–36 North Latitude and 120–44–06 West Longitude. If that change is made in the Table of Allotments, Channel 253C1 can be allotted to Bend in compliance with the Commission's minimum distance separation requirements with a site restriction of 2.6 km (1.6 miles)

* Commissioner Brennan, concurring in part and dissenting in part: A public hearing is far better public policy, in my view, than closed-door meetings with interested parties, when one is considering a substantial rule change. While I support the decision to extend the comment period and to hold a public hearing, I dissent as to the matter of one-on-one presentations, the need for which is obviated by a public hearing.
