Notice of Availability of the Proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan and Final Environmental Impact Statement for the Toquop Energy Project

AGENCY: Bureau of Land Management,
 Interior.

ACTION: Notice of availability of the
 proposed Toquop Land Disposal
 Amendment to the Caliente
 Management Framework Plan (MFP)
 and Final Environmental Impact
 Statement (FEIS) for the Toquop Energy
 Project.

SUMMARY: Pursuant to section 102(2)(C)
 of the National Environmental Policy
 Act (NEPA) of 1969, an FEIS has been
 prepared by the Bureau of Land
 Management (BLM), Ely Field Office, for
 the Toquop Energy Project. The FEIS
 was prepared to evaluate the effects of
 amending the Caliente Management
 Framework Plan to identify specific
 sections of land as available for disposal
 through sale or exchange, effects of an
 exchange of 640 acres in the Toquop
 area for 640 acres in the Pah Rah area,
 and to analyze the impacts of issuing a
 right-of-way for the construction and
 operation of a natural gas fired electric
 power generating plant and associated
 facilities on public land currently
 administered by the Ely and Las Vegas
 Field Offices of the BLM.

DATES: The Proposed Toquop Land
 Disposal Amendment to the Caliente
 Management Framework Plan and Final
 Environmental Impact Statement for the
 Toquop Energy Project is available for a
 30-day protest period starting from the
 date the Environmental Protection
 Agency (EPA) publishes its NOA in the
Federal Register. Copies of the FEIS
 will be mailed to individuals, agencies,
 or companies who previously requested

copies. Instructions for filing protests
 are contained in the Final
 Environmental Impact Statement
 document cover sheet just inside the
 front cover, and are included below
 under **SUPPLEMENTARY INFORMATION**.

ADDRESSES: Public reading copies of the
 FEIS will be available for reading at
 public libraries: Caliente Branch
 Library; Clark County Library; Las Vegas
 Public Library; Lincoln County Library;
 Mesquite Library; North Las Vegas
 Library; Panaca High School Library;
 University of Nevada-Las Vegas; James
 R. Dickinson Library Documents
 Department; University of Nevada-Reno;
 Getchell Library Government
 Publication Dept.; Washoe County
 Library; White Pine County Library. A
 limited number of copies of the
 document will be available at the
 following BLM offices: BLM Nevada
 State Office, Las Vegas Field Office,
 Caliente Field Station, and Ely Field
 Office.

FOR FURTHER INFORMATION CONTACT:

Gene A. Kolkman, Field Manager,
 Bureau of Land Management, Ely Field
 Office, 702 N. Industrial Way, Ely,
 Nevada 89301–9408; telephone (775)
 289–1800.

SUPPLEMENTARY INFORMATION: The
 Environmental Protection Agency
 published the notice of availability of
 the Draft EIS (DEIS) on May 31, 2002.
 The public comment period on the DEIS
 ended August 29, 2002. The FEIS
 addresses alternatives to resolve the
 following major issues: ground water
 resources, air quality, economic
 benefits, and desert tortoise habitat.

This proposed Toquop Land Disposal
 Amendment to the Caliente MFP and
 FEIS for the Toquop Energy Project
 evaluates the environmental effects that
 would result from issuance of a right-of-
 way for the construction of the proposed
 Toquop Energy electric power
 generating plant. This 1,100-megawatt
 (MW) natural gas-fired and water-cooled
 power plant and associated features
 would be located on public lands in
 Lincoln County and Clark County,
 southern Nevada, that are presently
 managed by the Ely and Las Vegas Field
 Offices of the U.S. Bureau of Land
 Management (BLM). The power plant
 site for the proposed action is
 approximately 50 miles south-southeast
 of Caliente, Nevada, and 12 miles
 northwest of Mesquite, Nevada. An
 alternative power plant site located in
 the Tule Desert approximately 12 miles
 north-northwest of the Toquop Wash
 plant site and an alternative air-cooled
 plant located at the Toquop Wash plant
 site are evaluated. This document also
 evaluates the effects of amending the

Caliente MFP, which would identify specific sections of land as available for disposal. This action would be needed to dispose of 640 acres in the Toquop area through sale or exchange. This document also evaluates the effects of an exchange of 640 acres in the Toquop area for 640 acres of private land located in the Pah Rah Range in Washoe County in northwestern Nevada. Federal actions addressed in the accompanying document are the BLM's issuance of rights-of-way needed to construct and operate the Toquop Energy Project and an amendment of the Caliente MFP to identify specific public lands as available for disposal through sale or facilitation of a land exchange as it relates to the proposed project. This Final EIS satisfies the National Environmental Policy Act, which mandates that federal agencies analyze the environmental consequences of major undertakings. The agency preferred alternative is the selected alternative for the proposed plan and Final EIS. The preferred alternative includes a proposed Toquop Land Disposal Amendment to the Caliente MFP, water-cooled power plant, western utility alignment ROW, wellfield ROW, and access road ROW, southern power plant site ROW, Toquop land disposal (southern parcel) through exchange. In addition to the proposed action, three other alternatives were developed for the Toquop Land Disposal Amendment to the Caliente MFP and Toquop Energy Project. The document contains a summary of the decisions and resulting impacts, an overview of the planning process and planning issues, the Proposed Plan Amendment, comment letters and responses and verbal comments received during public review of the Draft Plan Amendment and Toquop Energy Project, and responses to the substantive issues raised during the review.

The proposed Toquop Land Disposal Amendment to the Caliente Management Framework Plan may be protested by any person who participated in the planning process, and who has an interest which is or may be, adversely affected by the approval of the proposed plan amendment. A protest may raise only those issues which were submitted for the record during the planning process (*see* 43 Code of Federal Regulations 1610.5-2). The protest shall contain the following information:

- The name, mailing address, telephone number, and interest of the person filing the protest.
- A statement of the issue or issues being protested.

- A statement of the part or parts of the document being protested.
- A copy of all documents addressing the issue or issues previously submitted during the planning process by the protesting party, or an indication of the date the issue or issues were discussed for the record.
- A concise statement explaining precisely why the Bureau of Land Management, Nevada State Directors's decision is wrong.

Upon resolution of any protests, an Approved Plan Amendment and Record of Decision will be issued for the plan amendment. The Approved Plan Amendment/Record of Decision will be mailed to all individuals who participated in this planning process and all other interested public upon their request.
