

issues to be considered. Comments and participation in this comment process are solicited.

The ODNR, DOW has utilized SFR and WR funds since Congress enacted the programs in 1950 and 1937, respectively. This will be the third year that DOW will use Wildlife Conservation and Restoration (WCR) funds which Congress approved for a one-year period during the federal fiscal year beginning October 1, 2000. The public is requested to inform the Service of concerns regarding the ODNR, DOW management systems, their administration of the comprehensive management system grants in Ohio and the cumulative effects of activities funded under these federal grants.

The ODNR, DOW has administered its SFR and WR grant programs using the CMP option for the past 11 years. ODNR, DOW began administering the WCR grant program using the CMP option July 1, 2001. During the past 11 years, the ODNR, DOW conducted numerous public information and input processes, as well as Service review regarding its programs, including: The development and periodic revision of a Strategic Plan; development of tactical plans for fish, wildlife and habitat for Ohio; use of biennial work planning processes; program and management reviews; financial audits and periodic field reviews conducted jointly by ODNR, DOW and Service staff regarding implementation of the CMP.

Some projects that will be subject to NEPA review as part of the annual grant process will be conducted on lands that may be eligible for listing on the National Register of Historic Places. The National Historic Preservation Act and other laws require these properties and resources be identified and considered in project planning. The public is requested to inform the FWS of concerns about archeological sites, buildings and structures, historic events, sacred and traditional areas, and other historic preservation concerns.
