

FOR FURTHER INFORMATION CONTACT: Mr. Francis Jordan, Airspace Specialist, Airspace Branch, AEA-520, Air Traffic Division, Eastern Region, Federal Aviation Administration, 1 Aviation Plaza, Jamaica, New York 11434-4809, telephone: (718) 553-4521.

SUPPLEMENTARY INFORMATION:

History

On November 25, 2002, a notice proposing to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) by establishing Class E airspace extending upward from 700 feet above the surface within a 9.6-mile radius of William T. Piper Memorial Airport, Lock Haven, PA was published in the **Federal Register** (67 FR 70566). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA on or before December 26, 2002. No comments to the proposal were received. The rule is adopted as proposed.

The coordinates for this airspace docket are based on North American Datum 83. Class E airspace area designations for airspace extending upward from the surface of the earth are published in paragraph 6005 of FAA Order 7400.9K, dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1 The Class E airspace designation listed in this document will be published in the Order.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) provides controlled Class E airspace extending upward from 700 feet above the surface for aircraft conducting IFR operations within a 9.6-mile radius of William T. Piper Memorial Airport, Lock Haven, PA.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have significant economic impact on a substantial number of small entities

under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9K, Airspace Designations and Reporting Points, dated August 30, 2002, and effective September 16, 2002, is amended as follows:

Paragraph 6005 Class E Airspace Areas extending upward from 700 feet or more above the surface of the earth.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2002–13413; Airspace Docket No. 02–ACE–6]

Realignment of Federal Airways V–72 and V–289; MO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action realigns Federal Airways 72 (V–72) and V–289 northeast of the Dogwood, MO, Very High Frequency Omnidirectional Range/ Tactical Air Navigation (VORTAC) so

that aircraft may operate on the airways without encroaching on the newly modified Cannon A Military Operations Areas (MOA). The FAA is taking this action to enhance safety and the management of aircraft operations in the Dogwood, MO, area.

EFFECTIVE DATE: 0901 UTC, March 20, 2003.

FOR FURTHER INFORMATION CONTACT:

Steve Rohring, Airspace and Rules Division, ATA–400, Office of Air Traffic Airspace Management, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

Background

On October 3, 2002, the lateral boundaries of the Cannon A MOA were modified and the ceiling of the Cannon A MOA was raised from 5,000 feet above mean sea level up to but not including Flight Level 180. The MOA modification rendered portions of V–72 and V–289 unusable. Currently, V–289 passes through the lateral limits of the Cannon A MOA and V–72 is located immediately to the south of the Cannon A MOA at a distance that does not provide the air traffic control required separation from the MOA when the area is active. This action will allow the use of V–72 and V–289 when the Cannon A MOA is active and will enhance safety and the management of aircraft operations in the Dogwood, MO, area.

The Rule

This amendment to 14 CFR part 71 realigns a segment of V–72, northeast of the Dogwood, MO, VORTAC, clockwise by one degree and realigns V–289 to coincide with V–72 for 19 nautical miles (NM) northeast of the Dogwood, MO, VORTAC before proceeding directly to the Vichy, MO, VORTAC. This realignment will allow for the use of V–72 and V–289 when the Cannon A MOA is active and will enhance the safety and management of aircraft operations in the Dogwood, MO, area. Because this action is needed for safety reasons, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest.

This regulation is limited to an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February

26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since it has been determined that this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Federal airways are published in paragraph 6010(a) of FAA Order 7400.9K dated August 30, 2002, and effective September 16, 2002, which is incorporated by reference in 14 CFR 71.1. The Federal airways listed in this document will be published subsequently in the Order.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1D, Policies and Procedures for Considering Environmental Impacts. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E, AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9K, Airspace Designations and Reporting Points, dated August 30, 2002, and effective September 16, 2002, is amended as follows:

Paragraph 6010(a)—Domestic VOR Federal Airways

* * * * *

V-72 [Revised]

From Razorback, AR, Dogwood, MO; INT Dogwood 052° and Maples, MO, 230° radials; Maples; Farmington, MO; Centralia, IL; Bible Grove, IL; Mattoon, IL; to Bloomington, IL. From Rosewood, OH; Mansfield, OH; INT Mansfield 098° and Akron, OH, 233° radials; Akron; Youngstown, OH; Tidioute, PA; Bradford, PA; INT Bradford 078° and Elmira, NY, 252° radials; Elmira; Binghamton, NY; Rockdale, NY; Albany, NY; Cambridge, NY; INT Cambridge 063° and Lebanon, NH, 214° radials; to Lebanon.

RIN 0648–AP41

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Fishery Management Plan for the Shrimp Fishery off the Southern Atlantic States; Amendment 5

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS issues this final rule to implement Amendment 5 to the Fishery Management Plan for the Shrimp Fishery off the Southern Atlantic States (FMP). This final rule establishes a limited access program for the rock shrimp fishery in the exclusive economic zone (EEZ) off Georgia and off the east coast of Florida (limited access area), establishes a minimum mesh size for a rock shrimp trawl net in the

limited access area, requires the use of an approved vessel monitoring system (VMS) by vessels allowed to fish for rock shrimp in the limited access program, and requires an operator of a vessel in the rock shrimp fishery in the EEZ off the southern Atlantic states (North Carolina through the east coast of Florida) to have an operator permit. In addition, NMFS informs the public of the approval by the Office of Management and Budget (OMB) of the collection-of-information requirements contained in this final rule and publishes the OMB control numbers for those collections. The intended effects of this final rule are to minimize additional increases in harvesting capacity in the rock shrimp fishery; reduce the bycatch of small, unmarketable rock shrimp; enhance compliance with fishery management regulations; improve protection of essential fish habitat, including an area that contains the last 20 acres (8 hectares) of intact *Oculina* coral remaining in the world; and ensure the long-term economic viability of the rock shrimp industry.

DATES: This final rule is effective February 18, 2003.

ADDRESSES: Comments regarding the collection-of-information requirements contained in this final rule should be sent to Robert Sadler, Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702, and to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20503 (Attention: NOAA Desk Officer).

Copies of the final regulatory flexibility analysis (FRFA) may be obtained from the Southeast Regional Office, NMFS, 9721 Executive Center Drive N., St. Petersburg, FL 33702.

FOR FURTHER INFORMATION CONTACT: Dr. Peter J. Eldridge; phone: 727–570–5305; fax: 727–570–5583; e-mail: Peter.Eldridge@noaa.gov.

SUPPLEMENTARY INFORMATION: The shrimp fishery off the southern Atlantic states is managed under the FMP. The FMP was prepared by the South Atlantic Fishery Management Council (Council) and is implemented under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

NMFS approved Amendment 5 on October 23, 2002. NMFS published a proposed rule to implement Amendment 5 and requested comments on the proposed rule through October 21, 2002 (67 FR 56516, September 4, 2002). The rationale for the measures in
