

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT**[Docket No. FR-4665-N-09]****Conference Call for the Manufactured Housing Consensus Committee**

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice of upcoming meeting via conference call.

SUMMARY: This notice sets forth the schedule and proposed agenda of an upcoming meeting of the Manufactured Housing Consensus Committee (the Committee) to be held via telephone conference. This meeting is open to the public.

DATES: The conference call will be held on Friday, June 27, 2003, from 11 a.m. to 1 p.m.

ADDRESSES: Information concerning the conference call can be obtained from the Department's Consensus Committee Administering Organization, the National Fire Protection Association (NFPA). Interested parties can log onto NFPA's Web site for instructions on how to participate and for contact information for the conference call: <http://www.nfpa.org/ECommittee/HUDManufacturedHousing/hudmanufacturedhousing.asp>. Alternately you may contact Jill McGovern of NFPA by phone at (617) 984-7404 (this is not a toll-free number) for conference call information.

FOR FURTHER INFORMATION CONTACT: William W. Matchneer III, Administrator, Office of Manufactured Housing Programs, Office of the Deputy Assistant Secretary for Regulatory Affairs and Manufactured Housing, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410, telephone (202) 708-6409 (this is not a toll-free number). Persons who have difficulty hearing or speaking may access this number via TTY by calling the toll-free Federal Information Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: Notice of this meeting is provided in accordance with section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. 2) and 41 CFR 102-3.150. The Manufactured Housing Consensus Committee was established under section 604(a)(3) of the National Manufactured Housing Construction and Safety Standards Act of 1974, 42 U.S.C. 4503(a)(3). The Consensus Committee is charged with providing recommendations to the Secretary to adopt, revise, and interpret

manufactured housing construction and safety standards and procedural and enforcement regulations, and with developing proposed model installation standards. The purpose of this conference call is to discuss the Consensus Committee's review and recommendations to the Secretary on the Department's draft Proposed Rule for the on-site completion of manufactured homes.

Tentative Agenda

- A. Roll Call
- B. Discussion of draft on-site rule
- C. Balloting on Consensus Committee actions
- A. Adjournment

Dated: June 5, 2003.

Sean Cassidy,

General Deputy Assistant Secretary for Housing.

DEPARTMENT OF THE INTERIOR**Bureau of Land Management****[OR-931-6320 HAG3-0055]****Notice of Availability of Draft Integrated Pest Management Program Environmental Impact Statement for the Horning Seed Orchard**

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of the Draft Integrated Pest Management Environmental Impact Statement (EIS) for the Horning Seed Orchard.

SUMMARY: In accordance with Section 202 of the National Environmental Policy Act of 1969, a Draft Integrated Pest Management EIS has been prepared for the Bureau of Land Management's Horning Seed Orchard in the Bureau's Salem District. The Draft EIS describes and analyzes options for integrated pest management to control the insect, weed, animal, and disease problems at the orchard and to maintain healthy, vigorous crop trees for the production of seed and other vegetative materials used for reforestation and a variety of land management actions. Preparation of this EIS precedes a final decision regarding the selection of an integrated pest management alternative at Horning Seed Orchard.

DATES: Written comments on the Draft EIS will be accepted for 60 days following the date the Environmental Protection Agency publishes the Notice of Availability in the **Federal Register**. Written comments may also be

presented at a public meeting/open house, which will be announced at least 15 days in advance through public notices, media news releases, and/or mailings.

ADDRESSES: Written comments on the document should be addressed to: Mr. Greg Tyler, Manager Horning Seed Orchard at 27004 Sheckly Road, Colton, OR 97017, or by fax at 503-630-6888, or by e-mail to orhsoipmeis@or.blm.gov. Copies will be available at all 13 city and county public libraries located in Clackamas County, OR, and on the BLM Salem District Web site at http://www.or.blm.gov/salem/html/planning/horning_ipm.htm. Copies will also be available from the Salem District Office, 1717 Fabry Road, SE, Salem, OR 97306; 503-375-5626. Public reading copies will be available for review at the following BLM locations: BLM Oregon State Office, Portland, OR; and BLM Office of Public Affairs, Washington, DC. Background information and maps used in developing the EIS are available at the Salem District Office and the Oregon State Office in Portland.

Pursuant to 7 CFR part 1, subpart B, § 1.27, all written and electronic submissions in response to this notice, public scoping letters, and draft and final Environmental Impact Statements will be made available for public inspection at the Salem District office (1717 Fabry Road SE, Salem, OR) during regular hours (7:30 a.m. to 4 p.m., Monday through Friday, except holidays) including the submitter's name and address, unless the submitter specifically requests confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, submitted on official letterheads, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Mr. Greg Tyler, Manager Horning Seed Orchard at 27004 Sheckley Road, Colton, OR 97017, 503-630-8406, orhsoipmeis@or.blm.gov.

SUPPLEMENTARY INFORMATION: The draft EIS analyzes four action alternatives and the No Action alternative to manage pests at Horning Seed Orchard. The alternatives can be summarized as follows:

Alternative A—Maximum Production Integrated Pest Management. Pests would be managed using all identified biological, chemical, prescribed fire, cultural and other pest control methods, including aerial application of esfenvalerate by helicopter.

Alternative B—Integrated Pest Management with Environmental Protection Emphasis. Pests would be managed using all of the methods in Alternative A, with special restrictions to protect workers' health and safety and the environment. The restrictions are based on the results of the human health and ecological risk assessment, scoping comments, and anticipated consultation issues with the National Marine Fisheries Service under the Endangered Species Act.

Alternative C—Ground-Based Integrated Pest Management. This alternative is identical to Alternative B except for the exclusion of helicopter application.

Alternative D—Non-Chemical Pest Management. Pests would be managed using only the biological, prescribed fire, cultural, and other non-chemical pesticide methods listed under Alternative A. No chemical methods would be permitted.

Alternative E—No Action: Continuation of Current Management Approach. The current management system uses all non-chemical pest control practices at the seed orchard, as well as the use of limited chemicals on a specific case-by-case basis. All biological, prescribed fire, cultural, and other non-chemical pesticide methods would be available for use. When a specific need is identified for a chemical pesticide, the action would be reviewed to determine whether it is encompassed by an existing NEPA document, or whether an environmental assessment or EIS is required.

The preferred alternative is Alternative B.

Public participation has occurred throughout the NEPA process. Two Notices of Intent were filed in the **Federal Register** (FR) on March 26, 1999 (64 FR 14747) and March 29, 2001 (66 FR 17192). An open house, mail-outs, and a site visit also have been conducted to solicit comments and ideas. All comments presented throughout the process have been considered in developing the Draft EIS.

Denis Williamson,
District Manager.

Notice of Availability of Draft Integrated Pest Management Program Environmental Impact Statement for the Provolt and Sprague Seed Orchards

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Availability of the Draft Integrated Pest Management Environmental Impact Statement (EIS) for the Provolt and Sprague Seed Orchards.

SUMMARY: In accordance with Section 202 of the National Environmental Policy Act of 1969, a Draft Integrated Pest Management EIS has been prepared for the Bureau of Land Management's Provolt and Sprague Seed Orchards in the Bureau's Medford District. The Draft EIS describes and analyzes options for integrated pest management to control the insect, weed, animal, and disease problems at the orchards and to maintain healthy, vigorous crop trees for the production of seed and other vegetative materials used for reforestation and a variety of land management actions. Preparation of this EIS precedes a final decision regarding the selection of an integrated pest management alternative at Provolt and Sprague Seed Orchards.

DATES: Written comments on the Draft EIS will be accepted for 60 days from the date the Environmental Protection Agency publishes the Notice of Availability in the **Federal Register**. Written comments may also be presented at public meetings/open houses and will be announced at least 15 days in advance through public notices, media news releases, and/or mailings.

ADDRESSES: Written comments on the document should be addressed to: Mr. Harvey Koester, Manager Provolt and Sprague Seed Orchards, 3040 Biddle Road, Medford, OR 97504, or by fax to 541-618-2400, or by e-mail to Medford_SPOEIS_Mail@or.blm.gov. Copies will be available at Medford and Grants Pass public libraries located in Jackson and Josephine Counties, OR, and on the BLM Medford District Web site at http://www.or.blm.gov/medford/planning/medpest_eis_main.html. Copies will also be available from the Medford District Office, 3040 Biddle Road, Medford, OR 97504; 541-618-2200. Public reading copies will be available for review at the following

BLM locations: BLM Oregon State Office, Portland, OR; and BLM Office of Public Affairs, Main Interior Building, Washington, DC. Background information and maps used in developing the EIS are available at the Medford District Office and the Oregon State Office in Portland.

Pursuant to 7 CFR part 1, subpart B, § 1.27, all written and electronic submissions in response to this notice, public scoping letters, and draft and final Environmental Impact Statements will be made available for public inspection at the Medford District office (3040 Biddle Road, Medford, OR) during regular hours (7:45 a.m. to 4:30 p.m., Monday through Friday, except holidays) including the submitter's name and address, unless the submitter specifically requests confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, submitted on official letterheads, and from individuals identifying themselves as representatives or officials of organization or businesses, will be made available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Mr. Harvey Koester, Manager Provolt and Sprague Seed Orchards, 3040 Biddle Road, Medford, OR 97504, 541-618-2401, Medford_SPOEIS_Mail@or.blm.gov.

SUPPLEMENTARY INFORMATION: The draft EIS analyzes three action alternatives and the No Action alternative to manage pests at Provolt and Sprague Seed Orchards. The alternatives can be summarized as follows:

Alternative A—Maximum Production Integrated Pest Management. Pests would be managed using all identified biological, chemical, prescribed fire, cultural and other pest control methods.

Alternative B—Integrated Pest Management with Environmental Protection Emphasis. This is the preferred alternative. Pests would be managed using all of the methods in Alternative A, with special restrictions to protect workers' health and safety and the environment. The restrictions are based on the results of the human health and ecological risk assessment, scoping comments, and anticipated consultation issues with the Fish and Wildlife Service and the National Marine Fisheries Service under the Endangered Species Act.
