Description: Section 734 of the Employee Retirement Income Security Act of 1974 (ERISA), added by the Health Care Portability and Accountability Act of 1996 (HIPAA) authorized the Secretary of Labor, in coordination with the Secretary of Health and Human Services (HHS) and the Secretary of the Treasury, to promulgate such regulations as may be necessary or appropriate to carry out the provisions of the statute. Section 701(e)(3) requires that the Secretary of Labor issue rules to prevent any entity's failure to provide an individual with a certification of prior health coverage, or certain other required disclosures, from adversely affecting the individual's subsequent health coverage.

On April 8, 1997 (67 FR 16894), the Department issues Interim Final Rules, requiring a group health plan to provide a written certificate suitable for establishing the prior creditable coverage of a participant or beneficiary. The April 8 Interim Final Rules offer model certification and notice forms, containing the minimum information mandated by the statute, to be used by group health plans and health insurance issuers. This ICR covers the provision of

materials sufficient to establish prior creditable coverage.
