Scoping Meetings

FERC staff will conduct one evening meeting and one daytime scoping meeting. The evening scoping meeting is primarily for public input, while the daytime scoping meeting will focus on resource agency and non-governmental organization (NGO) concerns. All interested individuals, organizations, and agencies are invited to attend one or both of the meetings, and to assist the staff in identifying the scope of the environmental issues that should be analyzed in the EA. The times and locations of these meetings are as follows:

Evening Scoping Meeting

Date: Wednesday, August 6, 2003.

Time: 6:30 p.m.

Place: Woodrow Wallace Elementary School.

Address: 3240 Erskine Creek Road, Lake Isabella, CA.

Daytime Scoping Meeting

Date: Thursday, August 7, 2003.

Copies of the SD1 will be available at the scoping meeting or may be viewed on the web at <http://www.ferc.gov> using the "FERRIS" link (see item m above).

Site Visit

Due to the logistics involved in traveling to some project locations, there is a need to know the number of

attendees in advance. All individuals planning to attend need to call Allison Arnold, FERC Project Coordinator, at (202) 502-6346, no later than Thursday, July 31, 2003.

FERC staff and the Applicants will conduct a one-day project site visit on August 6, 2003, beginning at 1 p.m.. All interested individuals, organizations, and agencies are invited to attend. All participants should meet at the Woodrow Wallace Elementary School located at 3240 Erskine Creek Road, Lake Isabella, CA by 1 p.m. on August 6, 2003 for the site visit. All participants are responsible for their own transportation, although we will try to carpool.

Objectives

At the scoping meetings, the staff will: (1) Summarize the environmental issues tentatively identified for analysis in the EIS; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the EIS, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the EIS; and (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis.

Procedures

The meetings are recorded by a stenographer and become part of the formal record of the Commission proceeding on the project.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meeting and to assist the staff in defining and clarifying the issues to be addressed in the EA.
