In accordance with section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on May 28, 2003, applicable to workers of M. At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The workers produce men's tailored clothing including men's suit coats and sport coats and cut fabric for men's pants produced at other company plants.

The review shows that the subject firm also does business under the brand name, Intercontinental Branded Apparel. Workers of Intercontinental Branded Apparel, Ellwood Avenue, Buffalo, New York, were certified eligible to apply for worker adjustment assistance under petition number TA-W-38,253, which expired February 21, 2003.

Therefore, in order to avoid an overlap in worker group coverage, the Department is amending the February 21, 2002 impact date established for TA-W-51,095, to read February 22, 2003.

The amended notice applicable to TA-W-51,095 is hereby issued as follows:

Motorola, Incorporated, Semiconductor Products Sector, Bipolar Manufacturing Center, Mesa, AZ; Notice of Termination of Certification

This notice terminates the Certification Regarding Eligibility to Apply for Worker Adjustment Assistance issued by the Department on April 25, 2003 for all workers of Motorola, Inc., Semiconductor Products Sector, Bipolar Manufacturing Center, Mesa, Arizona. The notice was published in the **Federal Register** on May 9, 2003 (FR 68 25061).

The Department, at the request of the State Agency, reviewed this certification for workers of the aforementioned group.

The certification review revealed that signatories of the petition were not among the certified worker group mentioned above, but were instead part of facilities employees, charged with maintaining plant operations. The facilities or "Site Services" employees are eligible for NAFTA Transitional Adjustment Assistance benefits under NAFTA-6506 as amended May 16, 2003 to include these workers.

Since the workers of Bipolar Manufacturing Center are not represented by all of the petitioners, the TA-W-50,260 investigation was conducted erroneously and the certification is thus invalid. The Bipolar Manufacturing Center worker group continues to be eligible to apply for benefits of the NAFTA-6505 Transitional Adjustment Assistance certification issued on September 24, 2002 and in effect until September 24, 2004.

The certification issued under investigation TA-W-50,260 has been terminated.
