

in the United States producing PVA is materially injured by reason of less-than-fair-value imports of subject merchandise from the Republic of Korea (Korea). Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct the U.S. Bureau of Customs and Border Protection (Customs) to assess, upon further advice by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price of the merchandise for all relevant entries of PVA from Korea. These antidumping duties will be assessed on all unliquidated entries of PVA from Korea entered, or withdrawn from the warehouse, for consumption on or after March 20, 2003, the date on which the Department published its *Notice of Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Polyvinyl Alcohol From the Republic of Korea*, 68 FR 13681 (March 20, 2003).

On or after the date of publication of the ITC's notice of final determination in the **Federal Register**, Customs will require, at the same time as importers would normally deposit estimated duties on this merchandise, cash deposits for the subject merchandise equal to the estimated weighted-average antidumping duty margins listed below. The All Others rate applies to all exporters of subject merchandise except for DC Chemical Company, Ltd.

Manufacturer/exporter	Margin (percent)
DC Chemical Company, Ltd.	38.74
All Others	32.08

Interested parties may contact the Department's Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This order is published in accordance with section 736(a) of the Act and 9 CFR 351.211.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in

antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A Request for an Extraordinary Challenge Committee was filed with the United States Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on September 24, 2003, requesting panel review of the full sunset review of the antidumping duty order described above.

The Rules provide that:

(a) A Party or participant in the panel review who proposes to participate in the extraordinary challenge proceeding shall file with the responsible Secretariat a Notice of Appearance within 10 days after the filing of the first Request for Extraordinary Challenge Committee (the deadline for filing a Notice of Appearance is October 6, 2003); and

(b) All briefs shall be filed within 21 days after the Request for Extraordinary Challenge Committee (the deadline for filing briefs is October 15, 2003); Dated: September 25, 2003.

Dated: September 25, 2003.

United States Secretary, NAFTA Secretariate.
