#### SUPPLEMENTARY INFORMATION:

##### I. Background

The National Apprenticeship Act of 1937 authorizes and directs the Secretary of Labor "to formulate and promote the furtherance of labor standards necessary to safeguard the welfare of apprentices, to extend the application of such standards by encouraging the inclusion thereof in contracts of apprenticeship, to bring together employers and labor for the formulation of programs of apprenticeship, to cooperate with State agencies engaged in the formulation and promotion of standards of apprenticeship, and to cooperate with the Secretary of Education \* \* \*" (29 U.S.C. 50). Section 50a of the Act authorizes the Secretary of Labor to "publish information relating to existing and proposed labor standards of apprenticeship," and to "appoint national advisory committees \* \* \*" (29 U.S.C. 50a).

Title 29 CFR part 29 sets forth labor standards to safeguard the welfare of apprentices, and to extend the application of such standards by prescribing policies and procedures concerning registration, for certain Federal purposes, of acceptable apprenticeship programs with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services (formerly known as the Bureau of Apprenticeship and Training). These labor standards, policies and procedures cover registration, cancellation, and deregistration of apprenticeship programs and apprenticeship agreements; the recognition of a State agency as the appropriate agency for registering local apprenticeship programs for certain Federal purposes; and matters relating thereto.

Title 29 CFR part 30 sets forth policies and procedures to promote equality of opportunity in apprenticeship programs registered with the U.S. Department of Labor and recognized State Apprenticeship Agencies. These policies and procedures apply to recruitment and selection of apprentices, and to all conditions of employment and training during apprenticeship. The procedures provide for review of apprenticeship programs,

for registering apprenticeship programs, for processing complaints, and for deregistering noncomplying apprenticeship programs. This part also provides policies and procedures for continuation or withdrawal of recognition of State agencies which register apprenticeship programs for Federal purposes.

##### II. Desired Focus of Comments

Currently, the Employment and Training Administration is soliciting comments concerning the proposed revision of the collection of information on the registered apprenticeship program under Title 29 CFR part 29 (Labor Standards for the Registration of Apprenticeship Programs) and the proposed extension of the collection of information regarding Title 29 CFR part 30 (Equal Employment Opportunity in Apprenticeship and Training) to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

A copy of the proposed information collection requests (ICRs) can be obtained by contacting the office listed above in the addressee section of this notice.

##### III. Current Actions

Recordkeeping and data collection activities regarding registered apprenticeship are by-products of the registration system. Organizations which apply for apprenticeship sponsorship enter into an agreement with the Federal Government or cognizant State government to operate their proposed programs consistent with 29 CFR part 29. Apprenticeship sponsors are not required to file reports regarding their apprentices other than individual registration and update information as an apprentice moves through their program. This revision request includes the addition of
