Description: The Voluntary Fiduciary Correction (VFC) Program is an enforcement program intended to encourage the full correction of certain breaches of fiduciary responsibility and the restoration of losses resulting from those breaches to participants and

beneficiaries in employee benefit plans. For certain eligible breaches that have been corrected according to the terms and conditions of the VFC Program, the Department will issue a "no action" letter, thereby releasing the applicant from possible civil penalties under section 502(l) of ERISA. The VFC Program provides applicants with information both on identifying eligible transactions for correction and on the means for achieving fully acceptable corrections. The information collection consists of an application, description of the transaction and correction, and other appropriate supporting documentation.

The Exemption, used only in conjunction with the VFC Program, permits applicants to the VFC Program to make full correction of certain eligible transactions without incurring sanctions in the form of excise taxes imposed under sections 4975(a) and (b) of the Internal Revenue Code (the Code) by reason of sections 4975(c)(1)(A) through (E) of the Code. For those fiduciaries wishing to take advantage of the Exemption, the information collection for the VFC Program also includes notification to interested persons, generally participants and beneficiaries, that an application has been submitted under the VFC Program. A copy of the notice must also be furnished to a Regional Office of the Employee Benefits Security Administration.
