- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Description: The Office of Workers' Compensation Programs (OWCP)

administers the Federal Employees' Compensation Act (FECA), 5 U.S.C. 8101, *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* These Acts require OWCP to pay for covered medical treatment that is provided to beneficiaries, and also to reimburse beneficiaries for any out-of-pocket covered medical expenses they have paid. Currently, respondents under BLBA use Form CM–915 (approved under OMB No. 1215–0052) to seek reimbursement for out-of-pocket medical expenses they have paid, while respondents under the EEOICPA use Form EE–915 (approved under OMB No. 1215–0197). OWCP is now seeking OMB approval for respondents under FECA, BLBA and EEOICPA using a new form (Form OWCP–915) for all three programs. Clearance of the OWCP–915 for use by beneficiaries from all three programs is a vital step in the unification of OWCP's separate medical bill processing systems under one contractor. The OWCP–915 provides a standardized format for the beneficiary to bill OWCP for recovery of fees paid in connection with their treatment.

Description: The Office of Workers' Compensation Programs (OWCP) administers the Federal Employees' Compensation Act (FECA), 5 U.S.C. 8101, *et seq.*, the Black Lung Benefits Act (BLBA), 30 U.S.C. 901 *et seq.*, and the Energy Employees Occupational Illness Compensation Program Act of 2000 (EEOICPA), 42 U.S.C. 7384 *et seq.* These Acts provide, in addition to compensation for employment-related injuries and/or illnesses, medical benefits in the form of prescription drugs dispensed by pharmacies for

treatment of the compensable injury or illness. To determine whether bills submitted by pharmacies for medicinal drugs, equipment and supplies are appropriate, the FECA, BLBA, and EEOICPA programs require that the providers billing the government supply certain information. The majority of pharmacy bills submitted to OWCP are now submitted electronically using one of the industry-wide standard formats for the electronic transmissions of billing data through nationwide data clearinghouses devised by the National Council for Prescription Drug Programs (NCPDP). This recent development has led OWCP to drop Form 79–1A as the required paper billing format for this information collection. However, since some pharmacy bills are still submitted using paper-based billing formats, OWCP will continue to accept the paper-based bills as long as they contain the required data elements needed to process the bills. The NCPDP Standardized Pharmacy Billing Data Requirements are the electronic billing format used by pharmacies throughout the country to request payment for prescription drugs through data clearinghouses. They identify the provider, claimant, prescribing physician, drug by NDC (National Drug Code) number, prescription volume and charge. Similar data elements are required to process paper-based pharmacy bills.
