

individuals in this category. Specifically, institutions are urged to minimize deferral of enrollment or reapplication requirements and to provide the greatest flexibility possible with administrative deadlines related to those applications.

Of course, an institution may provide such treatment to affected individuals other than those who are called up to active duty or for qualifying National Guard duty during a war or other military operation or national emergency.

However, before an institution makes a refund of institutional charges, it must perform the required Return of title IV Funds calculations based upon the originally assessed institutional charges. After determining the amount that the institution must return to the title IV Federal student aid programs, any reduction of institutional charges may take into account the funds that the institution is required to return. In other words, we do not expect that an institution would both return funds to the Federal programs and also provide a refund of those same funds to the student.

Category 4: The Secretary is waiving or modifying the following provisions of the HEA and regulations for dependents and spouses of affected individuals who are serving on active duty or performing qualifying National Guard duty during a war or other military operation or national emergency as described in the **SUMMARY** section of this notice:

Verification Signature Requirements

34 CFR 668.57(b) and (c) require signatures to verify the number of family members in the household and the number of family members enrolled in postsecondary institutions. The Secretary is waiving the requirement that a dependent student submit a statement signed by one of the applicant's parents when no responsible parent can provide the required signature because of the parent's status as an affected individual in this category.

Required Signatures on the Free Application for Federal Student Aid (FAFSA), Student Aid Report (SAR), and Institutional Student Information Record (ISIR)

Generally, when a dependent applicant for title IV aid submits an application (FAFSA) or submits corrections to a previously submitted application, at least one parental signature is required. The Secretary is waiving this requirement so that an applicant need not provide a parent's signature when there is no responsible

parent who can provide the required signature because of the parent's status as an affected individual in this category. In these situations, a student's high school counselor or the FAA may sign on behalf of the parent as long as the applicant provides adequate documentation concerning the parent's inability to provide a signature due to the parent's status as an affected individual in this category.

I. Background

On April 26, 2002 (67 FR 20645), we published a limited approval and limited disapproval of SCAQMD Rule 1168. Table 1 lists the rule addressed by our prior limited approval and disapproval with the dates that it was adopted by the local air agency and submitted by the California Air Resources Board (CARB).

TABLE 1.—RULE PREVIOUSLY ACTED ON BY US

Local agency	Rule No.	Rule title	Adopted	Submitted
SCAQMD	1168	Adhesive and Sealant Applications	09/15/00	03/14/01

We based our limited disapproval action on a deficiency in the submittal. This disapproval action started a sanctions clock for imposition of offset sanctions 18 months after May 28, 2002 and highway sanctions 6 months later,

pursuant to section 179 of the Clean Air Act (CAA) and our regulations at 40 CFR 52.31.

SCAQMD adopted revisions to Rule 1168 to correct the deficiency identified in our limited disapproval action. Table

2 lists the rule that was submitted to correct the deficiency noted in the previous version with the dates that it was adopted by the local air agency and submitted by the California Air Resources Board (CARB).

TABLE 2.—SUBMITTED RULE

Local agency	Rule No.	Rule title	Adopted	Submitted
SCAQMD	1168	Adhesive and Sealant Applications	10/03/03	11/14/03

In the Proposed Rules section of today's **Federal Register**, we have proposed approval of this submittal because we believe it corrects the deficiency identified in our April 26, 2002 disapproval action. Based on today's proposed approval, we are taking this final rulemaking action, effective on publication, to stay and defer imposition of sanctions that would be triggered by our April 26, 2002 limited disapproval.

EPA is providing the public with an opportunity to comment on this stay and deferral of sanctions. If comments are submitted that change our assessment described in this final determination and the proposed full approval of revised SCAQMD Rule 1168, we intend to take subsequent final action to reimpose sanctions pursuant to 40 CFR 51.31(d). If no comments are submitted that change our assessment, then all sanctions and sanction clocks will be permanently terminated on the effective date of a final rule approval.

II. EPA Action

We are making an interim final determination to stay and defer CAA section 179 sanctions associated with SCAQMD Rule 1168 based on our concurrent proposal to approve the State's SIP revision as correcting the deficiency that initiated sanctions.

Because EPA has preliminarily determined that the State has corrected the deficiency identified in EPA's limited disapproval action, relief from sanctions should be provided as quickly as possible. Therefore, EPA is invoking the good cause exception under the Administrative Procedure Act (APA) in not providing an opportunity for comment before this action takes effect (5 U.S.C. 553(b)(3)). However, by this action EPA is providing the public with a chance to comment on EPA's

determination after the effective date, and EPA will consider any comments received in determining whether to reverse such action.

EPA believes that notice-and-comment rulemaking before the effective date of this action is impracticable and contrary to the public interest. EPA has reviewed the State's submittal and, through its proposed action, is indicating that it is more likely than not that the State has corrected the deficiency that started the sanctions clocks. Therefore, it is not in the public interest to initially impose sanctions or to keep applied sanctions in place when the State has most likely done all it can to correct the deficiency that triggered the sanctions clocks. Moreover, it would be impracticable to go through notice-and-comment rulemaking on a finding that the State has corrected the deficiency prior to the rulemaking approving the State's submittal. Therefore, EPA believes that it is necessary to use the interim final rulemaking process to stay and defer sanctions while EPA completes its rulemaking process on the approvability of the State's submittal. Moreover, with respect to the effective date of this action, EPA is invoking the good cause exception to the 30-day notice requirement of the APA because the purpose of this notice is to relieve a restriction (5 U.S.C. 553(d)(1)).

III. Statutory and Executive Order Reviews

This action stays and defers federal sanctions and imposes no additional requirements.

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget.

This action is not subject to Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001) because it is not a significant regulatory action.

The administrator certifies that this action will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

This rule does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4).

This rule does not have tribal implications because it will not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

This action does not have Federalism implications because it does not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999).

This rule is not subject to Executive Order 13045, "Protection of Children from Environmental Health Risks and Safety Risks" (62 FR 19885, April 23, 1997), because it is not economically significant.

The requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272) do not apply to this rule because it imposes no standards.

This rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to Congress and the Comptroller General. However, section 808 provides that any rule for which the issuing agency for good cause finds that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest, shall take effect at such time as the agency promulgating the rule determines. 5 U.S.C. 808(2). EPA has made such a good cause finding, including the reasons therefor, and established an effective date of December 12, 2003. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This rule is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by February 10, 2004. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purpose of judicial review nor does it extend the time within which petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).
