

received, thus, the rule is adopted as proposed.

The area will be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200 foot transition areas are published in paragraph 6006 of FAA Order 7400.9L, *Airspace Designations and Reporting Points*, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be revoked and revised subsequently in the Order.

The Rule

This revision to 14 CFR part 71 establishes Class E airspace at Mentasta Lake/Mountains Area, Alaska. This additional Class E airspace was created to accommodate aircraft operating (IFR) from Tok, AK off-airways, to/from Anchorage, AK and will be depicted on aeronautical charts for pilot reference. The intended effect of this rule is to provide adequate controlled airspace for IFR operations in the Mentasta Lake/Mountains Area, Alaska.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9L, *Airspace Designations and Reporting Points*, dated September 2, 2003, and effective September 16, 2003, is amended as follows:

* * * * *

Paragraph 6006 Class E airspace extending upward from 1,200 feet or more above the surface of the earth.

* * * * *

AAL AK E6 Mentasta Lake/Mountains Area, AK [New]

That airspace extending upward from 1,200 feet bounded on the north by V-444, on the south by G-8 and on the west by V-515, excluding the Fairbanks Class E Airspace and that airspace designated for federal airways.

[Docket No. FAA–2003–16083; Airspace Docket No. 03–AAL–19]

Establishment of Class E Airspace; Manokotak, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final Rule.

SUMMARY: This action establishes Class E airspace at Manokotak, AK to provide adequate controlled airspace to contain aircraft executing a new Standard Instrument Approach Procedure (SIAP) and a Textual Departure Procedure. This Rule results in new Class E airspace upward from 700 feet (ft.) above the surface at Manokotak, AK.

EFFECTIVE DATE: 0901 UTC, February 19, 2004.

FOR FURTHER INFORMATION CONTACT: Jesse Patterson, AAL–538G, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513–7587; telephone number (907) 271–5898; fax: (907) 271–2850; e-mail:

Jesse.CTR.Patterson@faa.gov. Internet address: <http://www.alaska.faa.gov/at>.

SUPPLEMENTARY INFORMATION:

History

On Monday, September 22, 2003, the FAA proposed to revise part 71 of the Federal Aviation Regulations (14 CFR part 71) to create new Class E airspace upward from 700ft. above the surface at Manokotak, AK (68 FR 55012). The action was proposed in order to add Class E airspace sufficient in size to contain aircraft while executing a new SIAP for the Manokotak/New Airport. The new approach is Area Navigation-Global Positioning System (RNAV GPS) A, original. New Class E controlled airspace extending upward from 700 feet above the surface within a 6.2 mile radius of the Manokotak/New Airport is established by this action. Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No public comments have been received, thus, the rule is adopted as proposed.

The area will be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200 foot transition areas are published in paragraph 6005 of FAA Order 7400.9L, *Airspace Designations and Reporting Points*, dated September 2, 2003, and effective September 16, 2003, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be revoked and revised subsequently in the Order.

The Rule

This revision to 14 CFR part 71 establishes Class E airspace at Manokotak, Alaska. This additional Class E airspace was created to accommodate aircraft executing new SIAPs and will be depicted on aeronautical charts for pilot reference. The intended effect of this rule is to provide adequate controlled airspace for IFR operations at Manokotak/New Airport, Manokotak, Alaska.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated

impact is so minimal. Since this a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No. FAA–2003–16503; Airspace Docket No. 03–ACE–87]

Modification of Class E Airspace; Winterset, IA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Direct final rule; request for comments; correction.

SUMMARY: This action corrects a direct final rule; request for comments that was published in the *Federal Register* on Wednesday, December 3, 2003, (68 FR 67590) [FR Doc. 03–30013]. It corrects an error in the Winterset-Madison County Airport airport reference point used in the Winterset, IA Class E airspace area legal description.

DATES: This direct final rule is effective on 0901 UTC, April 15, 2004.

FOR FURTHER INFORMATION CONTACT: Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329–2525.

SUPPLEMENTARY INFORMATION:

History

Federal Register document 03–30013, published on Wednesday, December 3, 2003, (68 FR 67590) modified Class E airspace at Winterset, IA. The modification enlarged the controlled airspace area around Winterset-Madison County Airport to provide proper protection for diverse departures and to bring the Winterset, IA Class E airspace area legal description into compliance with FAA Order 7400.2E, *Procedures for Handling Airspace Matters*. However, the Winterset-Madison County Airport airport reference point used in the legal description was published incorrectly.

■ Accordingly, pursuant to the authority delegated to me, the Winterset, IA Class E airspace, as published in the *Federal Register* on Wednesday, December 3, 2003, (68 FR 67590) [FR Doc. 03–30013] is corrected as follows:

§ 71.1 [Corrected]

■ On page 67591, Column 3, paragraph headed “ACE IA E5 Winterset, IA,” second line, change “long.92°01’16” to read “long.94°01’16.”

Issued in Kansas City, MO, on December 4, 2003.

Paul J. Sheridan,

Acting Manager, Air Traffic Division, Central Region.
