DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket No. FEMA-B-7444]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA), Emergency Preparedness and Response Directorate, Department of Homeland Security.

ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1 % annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps in effect prior to

this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Mitigation Division Director for the Emergency Preparedness and Response Directorate reconsider the changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Doug Bellomo, P.E., Hazard Identification Section, Mitigation Division, Emergency Preparedness and Response Directorate, FEMA, 500 C Street, SW., Washington, DC 20472, (202) 646-2903.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection is provided. Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National

Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by the other Federal, State, or regional entities.

The changes BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Mitigation Division Director for the Emergency Preparedness and Response Directorate certifies that this rule is exempt from the requirements of

the Regulatory Flexibility Act because modified BFEs are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This interim rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 54

[WC Docket No. 02-60; FCC 04-15]

Rural Health Care Support Mechanism

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission reconsiders, on its own motion, requirements in the Commission's rules that the Universal Service Administrative Company (USAC) submit to the Commission an annual report on the rural health care program on the first business day in May of each year. The Commission recently made a number of changes to the rural health care program to improve the program's effectiveness. In the *Rural Health Care Order*, 68 FR 74492, December 24, 2003, the Commission expanded the entities eligible to participate in the program, added Internet access to the list of services eligible for discounts, and modified the way in which telecommunications service discounts are calculated. The Commission does not believe it necessary for USAC to submit two separate annual reports to the Commission on the rural health care program.

DATES: Effective April 14, 2004.

FOR FURTHER INFORMATION CONTACT:

Diane Law-Hsu, Deputy Chief, (202) 418-7400, Wireline Competition Bureau, Telecommunications Access Policy Division.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Order on Reconsideration*, in WC Docket No. 02-60, FCC 04-15, released January 16, 2004. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY-A257, 445 12th Street, SW., Washington, DC 20554.

I. Introduction

1. In this *Order on Reconsideration*, the Commission reconsiders, on its own motion, the requirement in § 54.619(d) of the Commission's rules that the Universal Service Administrative Company (USAC) submit to the Commission an annual report on the rural health care program on the first business day in May of each year. In the *Rural Health Care Order*, the Commission recently made a number of changes to the rural health care program to improve the program's effectiveness. The Commission expanded the entities eligible to participate in the program, added Internet access to the list of services eligible for discounts, and modified the way in which telecommunications service discounts are calculated. Although the Commission made other changes to § 54.619 in this recent order, it made no changes to § 54.619(d). Section 54.702(g) already requires USAC to submit an annual report detailing its activities and information for each of the support mechanisms, including the rural health care program, to the Commission by March 31, of each year.

2. The Regulatory Flexibility Act of 1980, as amended (RFA), see 5 U.S.C. 605(b), requires that a regulatory flexibility analysis be prepared for

notice and comment rulemaking proceedings unless the agency certifies that "the rule will not, if promulgated, have a significant economic impact on a substantial number of small entities." The Commission hereby so certifies, because our action relieves affected entities, including small entities, of an unnecessary reporting requirement and therefore results in a positive economic impact. The Commission also expects that that impact will not significant.

II. Ordering Clauses

3. Pursuant to the authority contained in sections 1-4, 201-202, 254, and 405 of the Communications Act of 1934, as amended, and § 1.108 of the Commission's rules, this *Order on Reconsideration* is adopted.

4. Part 54 of the Commission's rules, 47 CFR 54.619(d), is amended, as set forth effective April 14, 2004.
