

U.S.C. 3003(d)(3). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of the Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by Carnegie Museum of Natural History professional staff in consultation with representatives of the Assiniboiné and Sioux tribes of the Fort Peck Indian Reservation, Montana.

In 1898, human remains representing a minimum of five individuals were removed from a burial ground at Wolf Point on the Fort Peck Indian Reservation. The original collector is not known, but may have been Dr. Brewer Mattocks. In response to an inquiry from Dr. Mattocks in 1913, the U.S. Department of the Interior determined that Wolf Point was located on the Fort Peck Indian Reservation. Dr. Mattocks donated the human remains to the Carnegie Museum of Natural History in 1913 (Accession no. 4839) and 1914 (Accession no. 5214). No known individuals were identified. The six associated funerary objects are five brass and one gold cameo finger rings (Accession no. 5214) which Dr. Mattocks also donated to the Carnegie Museum of Natural History in 1914.

Although the lands from which the human remains and associated funerary objects were removed were under the jurisdiction of the U.S. Department of the Interior, Bureau of Indian Affairs, the Carnegie Museum of Natural History has possession and control of the human remains and associated funerary objects because their removal from tribal land predates permit requirements established by the Antiquities Act of 1906.

The brass and gold cameo finger rings date the five burials to the Historic period (mid- to late 19th century). The burial ground at Wolf Point was commonly used by Assiniboiné and Sioux residents of the Fort Peck Indian Reservation.

Officials of the Carnegie Museum of Natural History have determined that, pursuant to 25 U.S.C. 3001 (9–10), the human remains described above represent the physical remains of five individuals of Native American Ancestry. Officials of the Carnegie Museum of Natural History also have determined that, pursuant to 25 U.S.C. 3001(3)(A), the six objects described above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or

ceremony. Lastly, officials of the Carnegie Museum of Natural History have determined that, pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and the Assiniboiné and Sioux tribes of the Fort Peck Indian Reservation, Montana.

Representatives of any other Indian tribe that believes itself to be culturally affiliated with the human remains and associated funerary objects should contact Dr. David R. Watters, Carnegie Museum of Natural History, 5800 Baum Boulevard, Pittsburgh, PA 15206–3706, telephone (412) 665–2605, before April 26, 2004. Repatriation of the human remains and associated funerary objects to the Assiniboiné and Sioux tribes of the Fort Peck Indian Reservation, Montana may proceed after that date if no additional claimants come forward.

The Carnegie Museum of Natural History is responsible for notifying the Assiniboiné and Sioux tribes of the Fort Peck Indian Reservation, Montana that this notice has been published.

Dated: January 27, 2004.

John Robbins,

Assistant Director, Cultural Resources.

DEPARTMENT OF JUSTICE

Notice of Lodging of Settlement Agreement Under the Comprehensive Environmental Response, Compensation and Liability Act

Under 28 CFR 50.7, notice is hereby given that on March 19, 2004, a motion to approve a proposed Settlement Agreement was filed in the United States Bankruptcy Court for the District of Nevada in *In re Washington Group, International, Inc., et al.*, Case No. BK–N–01–31627 (Bankr. D. Nev.). The Court's action on the proposed Agreement is subject to the United States' determination whether to proceed with the Agreement following any public comment on its terms. Further, the proposed Agreement is subject to the notice provisions of Rule 9019(a) of the Federal Rules of Bankruptcy Procedure.

The United States filed a proof of claim in the above bankruptcy seeking reimbursement for response costs expended by the United States Department of Agriculture, Forest Service, under Section 104 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. 9604, to investigate releases of selenium from four reclaimed phosphate mines located in southeastern Idaho—the North Maybe, South Maybe, Champ and Mountain Fuel Mines ("the Mines"). In its proof of claim, the United States included an unliquidated claim for compensation for CERCLA response costs which the Forest Service anticipates incurring at the Mines. The

Forest Service expects to incur, among other potential expenses, additional investigative costs and the costs of abating selenium releases, including releases into pit lakes, seeps and streams, and the uptake of selenium into forage grasses and other plants. Releases of selenium from the Mines have caused the deaths of domestic animals and may endanger wildlife. Under the proposed Agreement, the United States will be awarded an allowed general unsecured claim against Washington Group International, Inc. and affiliated debtors in the amount of \$30 million. In addition, the United States will receive payments from two insurance companies totaling \$4.5 million.

As is typical, the proposed Agreement provides contribution protection to the settling parties. In addition, through the motion to approve the Agreement, the reorganized debtors and the Plan Committee¹ are seeking an injunction which would preclude any and all persons and entities from asserting claims against the settling insurers that arise out of or relate to the Policies and relate to the Sites.

The Department of Justice will receive comments relating to the proposed Settlement Agreement during a period ending April 14, 2004. Comments must be received by that date. If sent by U.S. Mail, comments must be addressed to the Assistant Attorney General for the Environmental and Natural Resources Division, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611. Any comments sent by a delivery service other than U.S. Mail must be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, in care of Chief, Environmental Enforcement Section, Room 13073, 1425 New York Avenue, NW., Washington, DC 20005. Comments should refer to *In re Washington Group International, et al.*, DOJ Ref. #90-11-2-07499/1.

The proposed Settlement Agreement may be examined at the office of the United States Attorney, District of Nevada, 100 West Liberty Street, Suite 600, Reno, Nevada 89501 and the U.S.

Department of Agriculture, Pacific Region—Portland Office, 1220 SW. Third Avenue, Room 1734, Portland, OR 97204-2825. During the public comment period, the proposed Settlement Agreement may also be examined on the following Department of Justice Web site, <http://www.usdoj.gov/enrd/open.html>. A copy of the proposed Settlement Agreement may be obtained by mail from the Consent Decree Library, PO Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by telefaxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), telefax no. (202) 514-0097, phone confirmation number (202) 514-1547. The Agreement, without exhibits, consists of 18 pages. Including Exhibits A and B, the Agreement consists of 30 pages. Exhibit C is a voluminous exhibit consisting of ten insurance policies. Copies of the insurance policies may be obtained by calling David Street at (202) 514-5471. In requesting copies of the Agreement, specify whether copies of exhibits are sought and include a check in the appropriate amount (25 cents per page reproduction cost) for *In re Washington Group International, Inc., et al.*, payable to the U.S. Treasury.

Robert E. Maher, Jr.,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.
