NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**48 CFR Parts 1845 and 1852****RIN 2700-AC73****Government Property—Instructions for Preparing NASA Form 1018****AGENCY:** National Aeronautics and Space Administration.**ACTION:** Final rule.**SUMMARY:** This rule adopts as final, without change, the interim rule published in the **Federal Register** (68 FR 62023-62026) on October 31, 2003, which amended the NASA Federal Acquisition Regulation Supplement (NFS) to provide a definition of obsolete property, to address contractor validation of 1018 data, to clarify reporting of software to which NASA has title, to clarify other property classifications, and to revise the date for submission of annual property reports. NASA uses the data contained in contractor reports for annual financial statements and property management. This change will provide for consistent reporting of NASA property by contractors.**EFFECTIVE DATES:** March 31, 2004.**FOR FURTHER INFORMATION CONTACT:** Lou Becker, NASA Headquarters, Office of

Procurement, Contract Management Division (Code HK), Washington, DC 20546, telephone: (202) 358-4593, e-mail to: lou.becker@nasa.gov.

SUPPLEMENTARY INFORMATION CONTACT:

A. Background

Each year, NASA's financial statements are audited in accordance with generally accepted government auditing standards. NASA must maintain adequate controls to reasonably assure that property, plant and equipment and materials are presented fairly in its financial statements. Since contractors maintain NASA's official records for its assets in their possession, NASA uses the data contained in contractor reports for annual financial statements and property management. This final rule provides policies and procedures related to obsolete property, contractor validation of 1018 data, and proper reporting of software to which NASA has title. This change will provide for consistent reporting of NASA property by contractors. It also reflects the need to change the date of submission for annual property reports from October 31st to October 15th. No public comments were received. The interim rule is converted to a final rule without change.

This final rule is not a significant regulatory action, and therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This final rule is not a major rule under 5 U.S.C. 804.

B. Regulatory Flexibility Act

NASA certifies that this final rule will not have a significant economic impact on a substantial number of small businesses within the meaning of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) because it clarifies existing property reporting policies and procedures contractors must follow when accounting for and reporting assets.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the NFS do not impose new recordkeeping or information collection requirements which require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 679

[Docket No. 031124287-4060-02; I.D. 032504A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Catcher Processor Vessels Using Pot Gear in the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific cod by catcher processor vessels using pot gear in the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the A season apportionment of the 2004 total allowable catch (TAC) of Pacific cod allocated to catcher processor vessels using pot gear in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), March 27, 2004, through 1200 hrs, A.l.t., September 1, 2004.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act.

Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2004 TAC of Pacific cod allocated to catcher processor vessels using pot gear in the BSAI was established as a directed fishing allowance of 2,003 metric tons by the 2004 final harvest specifications for groundfish in the BSAI (69 FR 9242, February 27, 2004), for the period 1200 hrs, A.l.t., January 1, 2004, through 1200 hrs, A.l.t., June 10, 2004. See § 679.20(c)(3)(iii), § 679.20(c)(5), and § 679.20(a)(7)(i)(A) and (C).

In accordance with § 679.20(d)(1)(iii), the Administrator, Alaska Region, NMFS, has determined that the A season apportionment of the 2004 TAC of Pacific cod allocated as a directed fishing allowance to catcher processor vessels using pot gear in the BSAI will soon be reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by catcher processor vessels using pot gear in the BSAI.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such a requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent the Agency from responding to the most recent fisheries data in a timely fashion and would delay the closure of Pacific cod specified for catcher processor vessels using pot gear in the BSAI.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: March 25, 2004.

Alan D. Risenhoover,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
