SUPPLEMENTARY INFORMATION:

I. Background

The public meeting held in Herndon, VA included active participation of people representing consumers, animal feed processors, animal producers and State and other Federal Government agencies. Following the meeting, we placed a number of documents in FDA's docket at <http://www.fda.gov/ohrms/dockets/dockets/dockets.htm>. These include a transcript of the meeting, summaries of break out discussion groups, presentations of invited speakers, and a summary of the meeting. We stated our view that an AFSS should be comprehensive and risk-based, and we have since drafted definitions for these terms and placed them in the docket. Likewise, we have created a listing of elements we currently feel would be essential to an AFSS and added them to the docket. As additional material is generated, it will also be posted. We welcome your comments on these materials. For convenience, you may visit FDA's Center for Veterinary Medicine home page at http://www.fda.gov/cvm/index/animalfeed/animalfeed_info.htm#biotechnology, and click on "FDA Animal Feed Safety System (AFSS) Public Meeting" under the "Additional Information" section for links to documents in FDA's docket.
