Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and
Mental Health Services Administration
(SAMHSA) will publish a summary of
information collection requests under
OMB review, in compliance with the
Paperwork Reduction Act (44 U.S.C.
Chapter 35). To request a copy of these
documents, call the SAMHSA Reports
Clearance Officer on (301) 443-7978.

Protection and Advocacy for Individuals With Mental Illness (PAIMI) Annual Program Performance Report (OMB No. 0930-0169, Revision)

The Protection and Advocacy for
Individuals with Mental Illness (PAIMI)
Act (42 U.S.C. 10801 *et seq.*) authorized
funds to support protection and
advocacy services on behalf of
individuals with severe mental illness
and severe emotional impairment who
are at risk for abuse and neglect and
other civil rights violations while under
treatment in a residential facility. This
program is managed by SAMHSA's

Center for Mental Health Services
(CMHS).

Under the PAIMI Act, formula grant
awards are made to protection and
advocacy (P&A) systems designated by
the governors of the 50 states and 6
territories, and the District of Columbia
to ensure that the rights of individuals
with severe mental illness and severe
emotional disturbance are not violated.
In October 2000, the PAIMI Act was
amended to create a 57th P&A system—
the American Indian Consortium in
Shiprock, New Mexico. Whenever the
annual PAIMI appropriation reaches
\$30 million or more, State P&A systems
may serve eligible individuals with
serious mental illness or severe
emotional impairments, as defined
under the Act, residing in the
community, including their own homes.
However, PAIMI eligible persons
residing in public and private
residential care or treatment facilities
have priority for all P&A system
services.

The PAIMI Act requires P & A
systems to file an annual report on their
activities and accomplishments and to
provide information on such topics as:
numbers of individuals served, types of
complaints addressed, and the number
of intervention strategies used to resolve
the presenting issues. Under the Act,
there is an Advisory Council which is
also required to submit an annual report
that assesses the effectiveness of the
services provided to, and the activities
conducted by, the P&A systems on
behalf of PAIMI eligible individuals and
their family members.

The PAIMI Annual Program
Performance Report (PPR) will undergo
minor changes consistent with current
statutory and regulatory data
requirements, specifically information
on grievance procedures, issues and
investigations related to incidents of
seclusion, restraint, including serious
injuries and deaths, and the Advisory
Council assessment of State P&A system
PAIMI Program activities. The revised
report formats will be effective for the
report due on January 1, 2005.

The annual burden estimate is as
follows:

	Number of respondents	Number of re- sponses per respondent	Hours per response	Total hour burden
Annual Program Performance Report	57	1	28	1,596
Activities & Accomplishments			(20)	(1,140)
Performance outcomes			(3)	(171)
Expenses			(2)	(114)
Budget			(2)	(114)
Priority statements & objectives			(1)	(57)
