A notice of availability for the final Rural Landscape Management Program Environmental Impact Statement for CUVA was published in the **Federal Register** on January 2, 2004. Since the notice was to appear in the December 24, 2003, **Federal Register**, the Environmental Protection Agency indicated the 30-day no-action period ended on January 22, 2004.

Conclusion

Full consideration of the park's purpose and significance and its statutory mission, the benefits and costs to the human environment, and public input resulted in the selection of the final program, as described in the "Alternative 2—Countryside Initiative (Preferred Alternative)" section of the Final Environmental Impact Statement.

Dated: February 13, 2004.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Negotiations

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice.

SUMMARY: Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation (Reclamation) and are new, modified, discontinued, or completed since the last publication of this notice on February 27, 2004. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939. Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the

areas determined by Reclamation to be affected by the proposed action.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section.

FOR FURTHER INFORMATION CONTACT:

Sandra L. Simons, Manager, Contract Services Office, Bureau of Reclamation, PO Box 25007, Denver, Colorado 80225-0007; telephone 303-445-2902.

SUPPLEMENTARY INFORMATION: Consistent with section 9(f) of the Reclamation Project Act of 1939 and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the "Final Revised Public Participation Procedures" for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may

negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period are necessary.

Factors considered in making such a determination shall include, but are not limited to (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director shall furnish revised contracts to all parties who requested the contract in response to the initial public notice.

The February 27, 2004, notice should be used as a reference point to identify changes. The numbering system in this notice corresponds with the numbering system in the February 27, 2004.

BILLING CODE 4310-MN-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-469]

Certain Bearings and Packaging Thereof; Notice of Commission Determination To Reverse an Initial Determination of the Administrative Law Judge That Section 337 Has Been Violated; Termination of Investigation With a Finding of No Violation of Section 337

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to reverse the presiding administrative law judge's finding of violation of section 337 of the Tariff Act of 1930, as amended, in the above-referenced investigation, and has terminated the investigation with a finding of no violation of section 337.

FOR FURTHER INFORMATION CONTACT: Jean Jackson, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3104. Copies of the Commission's Order, the public version of the ALJ's final initial determination (ID), and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised

that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 16, 2002, based on a complaint filed by SKF USA, Inc. (SKF USA) of Norristown, PA against fourteen respondents. 67 FR. 18632 (2002). Four respondents remain active in the investigation, with ten respondents having either settled with complainant or been found in default. The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and sale within the United States after importation of certain bearings by reason of infringement of registered and common law trademarks, dilution of trademarks, various acts in violation of the Lanham Act, and passing off. A count concerning "unfair pecuniary benefits" was dismissed by the Commission on September 23, 2002.

On April 10, 2003, the ALJ issued his ID on violation and his recommended determination on remedy and bonding. The ALJ found a violation of section 337 by reason of infringement of SKF USA's registered and common law trademarks by each of the four remaining respondents, viz., Bearings Limited, Bohls Bearing and Transmission Service, CST Bearing Company, and McGuire Bearings Company, and recommended the issuance of a general exclusion order and cease and desist orders to the respondents found in violation. All active parties remaining in the investigation, including the Commission investigative attorney, filed petitions for review on April 21, 2003, and replies to the petitions on April 28, 2003.

On May 27, 2003, the Commission determined to review the ID in part and asked the parties to brief several questions relating to the issue of material differences in the context of trademark infringement by gray market goods. 68 FR 32766-7 (June 2, 2002). Responses to the Commission's questions were filed on June 6, 2003, by all parties remaining in the investigation. Replies to the responses were filed by the same parties on June 13, 2003. Having examined the parties' submissions and the record in this investigation, including the ALJ's ID, the petitions for review, and the responses thereto, the Commission determined on August 6, 2003, to remand the investigation to the ALJ for further fact finding concerning the material differences between
