The Commission will use this review process to gather input from the public and interested agencies on the planned project. Your input will help to determine which issues need to be evaluated in the EIS. Once the company has provided more information on the location of the facilities we will issue another notice and schedule scoping meetings.

Comments may be submitted in written form or verbally. Further details on how to submit written comments are provided in the Public Participation section of this notice.

This notice is being sent to Federal, State, and local government agencies; elected officials; landowners, environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. We¹ encourage government representatives to notify their constituents of this planned project and encourage them to comment on their areas of concern.

The facilities could be expanded to deliver an additional 1.5 Bcf/d of natural gas.

The LNG receiving terminal would be located in the City of Port Arthur, Jefferson County, Texas, on the Port
