

implemented at the Love Canal site and that no further response actions, other than operation, maintenance, and monitoring, are required. In addition, EPA and NYSDEC have determined that the remedial action taken at the Love Canal site is protective of public health and the environment and that the operation, monitoring, and maintenance of such remedial action will confirm that it continues to be protective of public health and the environment.

Even though the Love Canal site will be deleted from the NPL, these ongoing monitoring activities will ensure NYSDEC and EPA involvement during the annual monitoring of the Love Canal site conditions, as well as the annual review of existing institutional controls.

Damian J. Duda, Remedial Project Manager, U.S. Environmental Protection Agency, Region II, 290 Broadway, 20th Floor, New York, New York 10007–1866, (212) 637–4269.

**SUPPLEMENTARY INFORMATION:** To be deleted from the NPL is: the Love Canal Superfund site, City of Niagara Falls, Niagara County, New York. A Notice of Intent to Delete for the Love Canal site was published in the **Federal Register** on March 17, 2004. The closing date for comments on the Notice of Intent to Delete was April 16, 2004.

EPA received comments, including the two major comments discussed below, on the proposed deletion and addressed these comments in a Responsiveness Summary. Several commenters expressed concern that the wastes that were originally disposed of in the Love Canal landfill have not been removed. The containment, leachate collection, and treatment and monitoring remedy at the Site was selected consistent with the requirements of the Federal Superfund law. Excavation and removal of hazardous materials from landfills can potentially create more contaminant exposure to human health and the environment than a containment remedy. Moreover the large volumes of contaminated soils from an excavated landfill must be treated and redispersed at other secure hazardous waste facilities, requiring either utilization of limited existing landfill capacity or the creation of new landfills to accommodate the excavated waste from old landfills. The excavated landfill requires filling with clean backfill materials and still must be subject to engineering controls due to residual contamination that could not practicably be removed. For these reasons, EPA developed a presumptive

remedy for large landfills consisting of containment through capping and leachate collection and treatment. The Love Canal site remedy is a permanent remedy that is consistent with the requirements of the Superfund law. Several commenters were also concerned that the deletion of the Love Canal site from the NPL would imply that EPA will not have any further involvement at the Love Canal site and that, if there were to be a need for further Superfund response at the Love Canal site, such a response could not be provided since the Love Canal site would no longer be on the NPL. EPA confirmed in the Responsiveness Summary that its responsibility for the Love Canal site does not cease after the deletion from the NPL.

The NCP (40 CFR 300.425 (e)) states that a site that is deleted from the NPL is eligible for further fund-financed remedial actions should future conditions warrant such action. A Superfund site can be deleted from the NPL when one of the following criteria, as identified in the NCP (40 CFR 300.425(e)), is met. These criteria are as follows: (1) Responsible or other parties have implemented all appropriate response actions required; (2) all appropriate Fund-financed response under CERCLA has been implemented and no further response action by responsible parties is appropriate; or, (3) the remedial investigation has shown that the release poses no significant threat to human health or the environment, and therefore, taking remedial measures is not appropriate. In the case of the Love Canal site, the first two criteria have been met. The third criterion is not applicable, since remedial measures were taken.

All of the comments received and EPA's responses are contained in the Responsiveness Summary, a copy of which is available at the EPA Public Information Office, Niagara Falls, New York at (716) 285–8842. The Responsiveness Summary is also available in the Administrative Record File, located in the EPA Regional Office.

As part of EPA's policy for Superfund sites where the remedy will result in substances remaining on-site above health-based levels that would allow for unrestricted use or unlimited exposure, EPA conducts five-year reviews to confirm that the remedy continues to adequately protect human health and the environment. In the case of the Love Canal site, the institutional controls in place do not allow for unrestricted use or unlimited exposure. In September 2003, EPA issued the first five-year review report for the Love Canal site operations. NYSDEC provided technical

oversight for the preparation of EPA's five-year review report and concurred with EPA's findings that the containment and barrier drain system were working properly. EPA concludes that the Site does not pose a significant threat to public health or the environment.

EPA identifies sites that appear to present a significant risk to public health or the environment, and it maintains the NPL as the list of those sites. As described in § 300.425(e)(3) of the NCP, any site or portion thereof deleted from the NPL remains eligible for remedial actions in the unlikely event that conditions at the site warrant such action in the future. Deletion of a site from the NPL does not affect potentially responsible party liability or impede agency efforts to recover costs associated with response efforts.

**DEPARTMENT OF THE INTERIOR**

**43 CFR Part 2**

**RIN 1090–AA61**

**Revision of the Freedom of Information Act Regulations and Implementation of the Electronic Freedom of Information Act Amendments of 1996**

**AGENCY:** Department of the Interior.

**ACTION:** Final Rule; correcting amendments.

**SUMMARY:** In the October 21, 2002, **Federal Register**, the Department of the Interior (DOI) revised its regulations implementing the Freedom of Information Act (FOIA). This amendment adds four offices under the Office of Hearings and Appeals (OHA) that were inadvertently omitted in Appendix A, which provides a list of the Department's FOIA resources. This amendment also adds the requirement that bureaus notify requesters of their appeal rights when referring documents to another agency for a release determination, which was inadvertently omitted from section 2.22(b)(2), and makes several other editorial changes.

**DATES:** Effective on September 30, 2004.

**FOR FURTHER INFORMATION CONTACT:** Alexandra Mallus, Departmental FOIA Officer, Office of the Chief Information Officer, 1849 C Street, NW., MS-5312-MIB, Washington, DC 20240, telephone 202-208-5342.

**SUPPLEMENTARY INFORMATION:** The Department of the Interior published a final rule in the **Federal Register** on October 21, 2002, revising its regulations implementing the FOIA, 43 CFR Part 2. Four offices under the OHA were inadvertently omitted in Appendix A and the addresses for OHA's reading rooms located in Arlington, Virginia, and the Minnesota State Office, as well as the telephone number for the New Mexico State Office, were incorrect. The Arizona, Montana, North Dakota, and South Dakota State Offices have been added to Appendix A and the above-

cited addresses and telephone number have now been corrected. Appendix A also has been updated to reflect other changes in the contact information that have occurred since October 21, 2002.

When the regulations were published in October 2002, the reference to OMB Circular A-110 in § 2.25 was inadvertently omitted. A correction has been made to clarify that, in accordance with OMB Circular A-110, the requirements of § 2.25 apply only to grants and Federal assistance awarded to institutions of higher education, public and private hospitals, and other quasi-public and private nonprofit organizations. They do not apply to those entities covered by OMB Circular A-102.

In addition, in § 2.22(b)(2), the requirement that bureaus notify requesters of their appeal rights when referring documents located in DOI's files to another agency for a release determination was inadvertently omitted. Section 2.22(b)(2) has been revised to include this requirement. Also, in § 2.17(c), the table summarizing the chargeable fees for each category of requester is being reprinted for clarity. Editorial changes have been made in §§ 2.18 and 2.23 to correct the references cited and typographical errors.

**Administrative Procedure Act**

This rule updates the Code of Federal Regulations to include accurate information about how to file requests under the FOIA. Because this rule corrects errors and omissions from the rule as originally published, and because this rule makes no substantive

changes to the existing requirements, publishing a proposed rule and requesting public comments would delay public access to accurate information. Likewise, delaying the effective date would postpone public access to accurate information without serving any higher purpose. For these reasons, we find that:

(1) Notice and public comment on these corrections are impracticable, unnecessary, and contrary to the public interest. As allowed by 5 U.S.C. 553(b), we are not publishing a proposed rule.

(2) Good cause exists for making this rule effective immediately upon publication under 5 U.S.C. 553(d)(3).

**List of Subjects in 43 CFR Part 2**

Administrative practice and procedure, Classified information, Courts, Freedom of information, Government employees, Privacy.

■ For the reasons set forth in the preamble, the Department is amending 43 CFR Part 2 as set forth below:

**PART 2—RECORDS AND TESTIMONY: FREEDOM OF INFORMATION ACT**

■ 1. The authority citation for Part 2 continues to read as follows:

**Authority:** 5 U.S.C. 301, 552 and 552a; 31 U.S.C. 9701 and 43 U.S.C. 1460-1461. Appendix F to Part 2 also is issued under 30 U.S.C. 201-209; 30 U.S.C. 351-360.

■ 2. In paragraph (c) of § 2.17, the table is revised to read as follows:

**§ 2.17 How will my requester category affect the fees that I am charged?**

\* \* \* \* \*  
(c) \* \* \*

Category	Search fees	Review fees	Duplication fees
Commercial Use .....	Yes .....	Yes .....	Yes.
Educational Institution .....	No .....	No .....	Yes (100 pages free).
Non-Commercial Scientific Institution .....	No .....	No .....	Yes (100 pages free).
News Media .....	No .....	No .....	Yes (100 pages free).
All other .....	Yes (2 hours free) .....	No .....	Yes (100 pages free).

\* \* \* \* \*

■ 3. In § 2.18, paragraph (g) is revised to read as follows:

**§ 2.18 How are fees assessed and collected?**

\* \* \* \* \*

(g) Failure to pay fees. The bill for collection or the response letter will include a statement that interest will be charged in accordance with 31 U.S.C. 3717 and implementing regulations, if the fees are not paid within 30 calendar days of the date of the bill. This requirement does not apply if the requester is a State, local, or tribal

government. The Debt Collection Improvement Act of 1996 will be used, as appropriate, to collect the fees (see Public Law 104-134).

\* \* \* \* \*

■ 4. In § 2.22, paragraph (b)(2) introductory text is revised to read as follows:

**§ 2.22 What happens if a bureau receives a request for records it does not have or did not create?**

\* \* \* \* \*

(b) \* \* \*

(2) If, in response to a request, a bureau locates documents that

originated with another Federal agency, it will refer the request, along with any responsive document(s), to that agency for a release determination and direct response. If the bureau refers the documents to another agency, it will notify you of the referral in writing and provide the name of a contact at the other agency. You may treat such a response as a denial of records and file an appeal. However, in the following situations, the bureau will make the release determination, after consulting with the originating agency.

\* \* \* \* \*

■ 5. In § 2.23, paragraphs (d) and (e)(3) are revised to read as follows:

**§ 2.23 How will a bureau handle a request for commercial or financial information that it has obtained from a person or entity outside the Federal Government?**

\* \* \* \* \*

(d) Whenever a bureau notifies a submitter that it may be required to disclose information in response to a FOIA request, the bureau also will notify you that it is giving the submitter an opportunity to review and comment on the material.

(e) \* \* \*

(3) If not already provided, a telephone number (where the submitter can be reached during normal business

hours), an e-mail address, and a fax number (if available) is important information that will help the bureau or Department communicate with the submitter.

\* \* \* \* \*

■ 6. The introductory text of § 2.25 is revised to read as follows:

**§ 2.25 How will a bureau handle a request for Federally-funded research data in the possession of a private entity?**

In accordance with OMB Circular A–110, when published research findings are produced under a grant or other Federal assistance awarded to institutions of higher education, public and private hospitals, and other quasi-

public and private nonprofit organizations, and the findings are used by a bureau in developing an agency action, *e.g.*, a policy or regulation, research data related to such findings are considered agency records. This applies even if the bureau's data are in the possession of the recipient of the Federal financial assistance (recipient).

\* \* \* \* \*

■ 7. Appendix A is revised to read as follows:

## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

#### 44 CFR Part 64

[Docket No. FEMA–7847]

#### Suspension of Community Eligibility

**AGENCY:** Federal Emergency Management Agency, Emergency Preparedness and Response Directorate, Department of Homeland Security.

**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities, where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP), that are suspended on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this rule, the suspension will be withdrawn by publication in the **Federal Register**.

**DATES: Effective Dates:** The effective date of each community's suspension is the third date ("Susp.") listed in the third column of the following tables.

**ADDRESSES:** If you wish to determine whether a particular community was suspended on the suspension date, contact the appropriate FEMA Regional Office or the NFIP servicing contractor.

**FOR FURTHER INFORMATION CONTACT:** Mike Grimm, Mitigation Division, 500 C Street, SW., Room 412, Washington, DC 20472, (202) 646–2878.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management aimed at protecting lives and new construction from future flooding.

Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage as authorized under the National Flood Insurance Program, 42 U.S.C. 4001 *et seq.*; unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59 *et seq.* Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. However, some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities will not be suspended and will continue their eligibility for the sale of insurance. A notice withdrawing the suspension of the communities will be published in the **Federal Register**.

In addition, the Federal Emergency Management Agency has identified the special flood hazard areas in these communities by publishing a Flood Insurance Rate Map (FIRM). The date of the FIRM if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may legally be provided for construction or acquisition of buildings in the identified special flood hazard area of communities not participating in the NFIP and identified for more than a year, on the Federal Emergency Management Agency's initial flood insurance map of the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment under 5 U.S.C. 553(b) are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives a 6-month, 90-day, and 30-day notification addressed to the Chief Executive Officer that the community will be suspended unless the required floodplain management measures are met prior to

the effective suspension date. Since these notifications have been made, this final rule may take effect within less than 30 days.

**National Environmental Policy Act.** This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act.** The Administrator has determined that this rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless they take remedial action.

**Regulatory Classification.** This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Paperwork Reduction Act.** This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

**Executive Order 12612, Federalism.** This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp.; p. 252.

**Executive Order 12778, Civil Justice Reform.** This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp.; p. 309.
