

be changed based on your comments and our analysis.

- **Geology and Soils**
 - Soils with high erosion and poor revegetation potential.
 - Lands set-aside for the Conservation Reserve Program.
- **Water Resources and Wetlands**
 - Crossing of 5 perennial streams.
 - Crossing small wetlands.
- **Vegetation**
 - Crossing approximately 40 miles of short grass prairie, mostly on the west end.
 - Crossing approximately 60 miles of cultivated cropland/hayfields, mostly on the east end.
- **Threatened and Endangered Species**
 - Arkansas river shiner, bald eagle, interior least tern, Mexican spotted owl, piping plover, whooping crane, black-footed ferret potentially present in construction area.
 - Other listed, candidate, or sensitive species potentially present in the project area include the burrowing owl, ferruginous hawk, lesser prairie-chicken, long-billed curlew, mountain plover, northern goshawk, northern harrier, short-eared owl, and swift fox.
- **Cultural Resources**
 - Santa Fe Trail crossed on Line 200B Middle
 - Potential impacts on cultural resources.
 - Consultations with Native Americans.
- **Land Use**
 - Crossing primarily rangeland, hay land and cultivated cropland.
 - Crossing approximately 10 miles of the Comanche National Grasslands from loops along Line 200B East, Line 200B Middle, and Line 10C.

Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. You should focus on the potential environmental effects of the proposal, reasonable alternatives (including alternative compressor station sites and pipeline routes), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. By becoming a commentator, your concerns will be addressed in the EA and considered by the Commission. To ensure that your comments are timely and properly recorded, please mail your comments so that they will be received in Washington, DC on or before December 15, 2004, and carefully follow these instructions:

- Send an original and two copies of your letter to: Magalie R. Salas,

Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426;

- Label one copy of your comments for the attention of Gas Branch 2, DG2E; and

- Reference Docket No. PF05–1–000 on the original and both copies.

Please note that we are continuing to experience delays in mail deliveries from the U.S. Postal Service. Therefore, the Commission encourages electronic filing of comments. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Internet Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Prepare your submission in the same manner as you would if filing on paper and save it to a file on your hard drive. Before you can file comments you will need to create a free account by clicking on "Login to File" and then "New User Account." You will be asked to select the type of filing you are making. This filing is considered a "Comment on Filing."

If you do not want to send comments at this time but still want to remain on our mailing list, please return the Information Request (Appendix 3). If you do not return the Information Request, you will be taken off the mailing list.

Intervention

When CIG files its application for authorization to construct the proposed pipeline, the Commission will publish notice of the application in the **Federal Register** and establish a deadline for interested persons to intervene in the proceeding. Because the Pre-Filing Process occurs before an application to begin a proceeding is officially filed, petitions to intervene during this process are premature and will not be accepted by the Commission. You do not need intervenor status to have your environmental comments considered.

Environmental Mailing List

An effort is being made to send this notice to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. This includes all landowners who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within distances defined in the Commission's regulations of certain aboveground facilities. By this notice we are also asking governmental agencies, especially those in Appendix 2, to express their interest in becoming cooperating agencies for the preparation of the EA.

Availability of Additional Information

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" is also available for viewing on the FERC Internet website. This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

Additional information about the project is available from the Commission's Office of External Affairs, at 1–866–208–FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance with eLibrary, the eLibrary helpline can be reached at 1–866–208–3676, TTY (202) 502–8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC Internet Web site also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Information about the project is also available from CIG. CIG has established a single point of contact for the project. The contact is Mr. David Anderson, Manager, Land Department, and can be reached by phone at 1–877–598–5263 or e-mail at david.r.anderson@ElPaso.com.

Magalie R. Salas,
Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. CP04–386–000 and CP04–395–000]

Golden Pass and Vista del Sol LNG Terminals, L.P.; Notice of Technical Conference

October 27, 2004.

On Wednesday, November 17, 2004, at 8:30 a.m. (CST), staff of the Office of

Energy Projects will convene a cryogenic design and technical conference regarding the proposed Golden Pass and Vista del Sol LNG import terminals. The cryogenic conference will be held in the Sheraton North Houston at George Bush Intercontinental Airport. The hotel is located at 15700 John F. Kennedy Boulevard, Houston, Texas 77032. For hotel details call (281) 442-5100.

In view of the nature of critical energy infrastructure information and security issues to be explored, the cryogenic conference will not be open to the public. Attendance at this conference will be limited to existing parties to the proceeding (anyone who has specifically requested to intervene as a party) and to representatives of interested federal, state, and local agencies. Any person planning to attend the November 17th cryogenic conference *must register* by close of business on Monday, November 15, 2004. Registrations may be submitted either online at <http://www.ferc.gov/whats-new/registration/cryo-conf-form.asp> or by faxing a copy of the form (found at the referenced online link) to (202) 208-0353. All attendees must sign a non-disclosure statement prior to entering the conference. Upon arrival at the hotel, check the reader board in the hotel lobby for venue. For additional information regarding the cryogenic conference, please contact Kareem Monib at (202) 502-6265.

Magalie R. Salas,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OECA-2004-0005; FRL-7833-3]

Agency Information Collection Activities; Submission for OMB Review and Approval; Comment Request; NSPS for Onshore Natural Gas Processing Plants (Renewal), ICR Number 1086.07, OMB Number 2060-0120

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act, this document announces that an Information Collection Request (ICR) has been forwarded to the Office of Management and Budget (OMB) for review and approval. This is a request to renew an existing approved

collection. This ICR is scheduled to expire on October 31, 2004. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. This ICR describes the nature of the information collection and its estimated burden and cost.

DATES: Additional comments may be submitted on or before December 3, 2004.

ADDRESSES: Submit your comments, referencing docket ID number OECA-2004-0005, to (1) EPA online using EDOCKET (our preferred method), by e-mail to docket.oeca@epa.gov, or by mail to: Environmental Protection Agency, EPA Docket Center (EPA/DC), Enforcement and Compliance Docket and Information Center, Mail Code 2201T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460, and (2) OMB at: Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Attention: Desk Officer for EPA, 725 17th Street, NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Dan Chadwick, Compliance Assessment and Media Programs Division, Office of Compliance, Mail Code 2223A, Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone number: (202) 564-7054; fax number: (202) 564-0050; email address: chadwick.dan@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On May 25, 2004, (69 FR 29718), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments.

EPA has established a public docket for this ICR under Docket ID No. OECA-2004-0005, which is available for public viewing at the Enforcement and Compliance Docket and Information Center in the EPA Docket Center (EPA/DC), EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket and Information Center is: (202) 566-1752. An electronic version of the public docket is available through EPA Dockets (EDOCKET) at <http://www.epa.gov/edocket>. Use EDOCKET to submit or view public comments, access

the index listing of the contents of the public docket, and to access those documents in the public docket that are available electronically. When in the system, select "search," then key in the docket ID number identified above.

Any comments related to this ICR should be submitted to EPA and OMB within 30 days of this notice. EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing in EDOCKET as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment that is placed in EDOCKET. The entire printed comment, including the copyrighted material, will be available in the public docket. Although identified as an item in the official docket, information claimed as CBI, or whose disclosure is otherwise restricted by statute, is not included in the official public docket, and will not be available for public viewing in EDOCKET. For further information about the electronic docket, see EPA's **Federal Register** notice describing the electronic docket at 67 FR 38102 (May 31, 2002), or go to <http://www.epa.gov/edocket>.

Title: NSPS for Onshore Natural Gas Processing Plants (40 CFR Part 60, Subparts KKK and LLL) (Renewal)

Abstract: The New Source Performance Standards (NSPS) for Equipment Leaks of VOC From Onshore Natural Gas Processing Plants, published at 40 CFR part 60, subpart KKK, were proposed on January 20, 1984, and promulgated on June 24, 1985. These standards apply to the following affected facilities located at onshore natural gas processing plants: Compressors in VOC service or in wet gas service, and the group of all equipment (except compressors) within a process unit. Affected facilities commenced construction, modification or reconstruction after the date of proposal.

The New Source Performance Standards (NSPS) for Onshore Natural Gas Processing: SO₂ Emissions, published at 40 CFR part 60, subpart LLL, were proposed on January 20, 1984 and promulgated on October 1, 1985. These standards apply to the following affected facilities located at onshore natural gas processing plants: Each sweetening unit, and each sweetening unit followed by a sulfur recovery unit. Affected facilities commenced
