## DEPARTMENT OF TRANSPORTATION

### Office of the Secretary

#### Notice of Applications for Certificates of Public Convenience and Necessity and Foreign Air Carrier Permits Filed Under Subpart B (Formerly Subpart Q) During the Week Ending November 12, 2004

The following Applications for  
Certificates of Public Convenience and  
Necessity and Foreign Air Carrier  
Permits were filed under Subpart B  
(formerly Subpart Q) of the Department  
of Transportation's Procedural  
Regulations (See 14 CFR 301.201 et.  
seq.). The due date for Answers,  
Conforming Applications, or Motions to  
Modify Scope are set forth below for  
each application. Following the Answer  
period DOT may process the application  
by expedited procedures. Such  
procedures may consist of the adoption  
of a show-cause order, a tentative order,  
or in appropriate cases a final order  
without further proceedings.

*Docket Number:* OST-2004-19617.

*Date Filed:* November 8, 2004.

*Due Date for Answers, Conforming  
Applications, or Motion to Modify  
Scope:* November 29, 2004.

*Description:* Application of Atlantic  
Express, Inc. requesting a certificate of  
public convenience and necessity to

engage in scheduled foreign air  
transportation of persons, property and  
mail between any point or points in the  
United States via intermediate points to  
a point or points in The Netherlands  
and beyond; from points behind the  
United States via the United States and  
intermediate points to a point or points  
in Germany and beyond; and between  
any point or points in the United States  
and any point or point in the United  
Kingdom (other than London's  
Heathrow or Gatwick Airports).

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Notice of Intent To Rule on Application 04-04-C-00-PIT To Impose and Use the Revenue From a Passenger Facility Charge (PFC) at Pittsburgh International Airport, Pittsburgh, PA

**AGENCY:** Federal Aviation  
Administration (FAA), DOT.

**ACTION:** Notice of intent to rule on  
application.

**SUMMARY:** The FAA proposes to rule and  
invites public comment on the  
application to impose and use the  
revenue from a PFC at Pittsburgh  
International Airport under the  
provisions of the 49 U.S.C. 40117 and  
Part 158 of the Federal Aviation  
Regulations (14 CFR Part 158).

**DATES:** Comments must be received on  
or before December 27, 2004.

**ADDRESSES:** Comments on this  
application may be mailed or delivered  
in triplicate to the FAA at the following  
address: Ms. Lori Ledebom, PFC  
Contact, Harrisburg Airports District  
Office, 3905 Hartzdale Drive, Suite 508,  
Camp Hill, PA 17011. In addition, one  
copy of any comments submitted to the  
FAA must be mailed or delivered to  
John R. Serpa, of the Allegheny County  
Airport Authority at the following  
address: Allegheny County Airport  
Authority, P.O. Box 12370, Pittsburgh,  
Pennsylvania 15231-0370.

Air carriers and foreign air carriers  
may submit copies of written comments  
previously provided to the Allegheny  
County Airport Authority under section  
158.23 of Part 158.

**FOR FURTHER INFORMATION CONTACT:** Ms.  
Lori Ledebom, PFC Contact, Harrisburg  
Airports District Office, 3905 Hartzdale  
Drive, Suite 508, Camp Hill,

Pennsylvania 17011, 717-730-2835.  
The application may be reviewed in  
person at this same location.

**SUPPLEMENTARY INFORMATION:** The FAA  
proposes to rule and invites public  
comment on the application to impose  
and use the revenue from a PFC at  
Pittsburgh International Airport under  
the provisions of the 49 U.S.C. 40117  
and Part 158 of the Federal Aviation  
Regulations (14 CFR Part 158).

On November 17, 2004, the FAA  
determined that the application to  
impose and use the revenue from a PFC  
submitted by Allegheny County Airport  
Authority was substantially complete  
within the requirements of section  
158.25 of Part 158. The FAA will  
approve or disapprove the application,  
in whole or in part, no later than  
December 31, 2004.

The following is a brief overview of  
the application.

*Proposed charge effective date:*  
October 1, 2006.

*Proposed charge expiration date:*  
October 1, 2017.

*Level of the proposed PFC:* \$4.50.

*Total estimated PFC revenue:*  
\$251,972,727.

*Brief description of proposed  
project(s):*

- Reimbursement for Multiple Past  
Pre-Application #1 Projects.

- Wastewater/Contaminated  
Stormwater Treatment Facility—  
Environmental Mitigation, Phase 1  
Environmental/Design.

- Taxiways B2, C, N & R Pavement  
Rehabilitation.

- Airfield/Terminal Security  
Upgrades—Partially in response to  
9/11/01.

- Field Maintenance Complex/Snow  
Removal Equipment Storage Building,  
Phase 1 Environmental/Design.

- Improve Runways 32 and 28R  
Runway Safety Areas; and Improve  
Runway 14 Safety Area, Environmental/  
Design.

Class or classes of air carriers which  
the public agency has requested not be  
required to collect PFCs: Non-  
scheduled, on-demand air carriers filing  
FAA Form 1800-31.

Any person may inspect the  
application in person at the FAA office  
listed above under **FOR FURTHER  
INFORMATION CONTACT** and at the FAA  
regional Airports office located at:  
Eastern Region, Airports Division, AEA-  
610, 1 Aviation Plaza, Jamaica, New  
York 11434.

In addition, any person may, upon  
request, inspect the application, notice  
and other documents germane to the  
application in person at the Allegheny  
County Airport Authority.

Issued in Camp Hill, PA on November 17, 2004.

**John B. Carter,**

*Acting Manager, Harrisburg Airports District Office, Eastern Region.*

## DEPARTMENT OF TRANSPORTATION

### Federal Highway Administration

#### Environmental Impact Statement; Chittenden County, VT

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that an environmental impact statement will be prepared for a proposed transportation project in Chittenden County, Vermont.

**FOR FURTHER INFORMATION CONTACT:**

Kenneth R. Sikora, Jr., Environmental Program Manager, Federal Highway Administration, PO Box 568, Montpelier Vermont 05601, Telephone: (802) 828-4433.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Vermont Agency of Transportation (VTrans), will prepare an environmental impact statement (EIS) on a proposal to improve the transportation system from Interstate Route I-89 to the Towns of Williston and Essex and the Village of Essex Junction. The project study area is approximately 4 miles in length, and includes the corridor that would have been served by the previously proposed Chittenden County Circumferential Highway Project Construction Segments A and B. The Circumferential Highway Construction Segments G-J included in the Metropolitan Long Range Transportation Plan are not part of this proposed transportation project. The Circumferential Highway Construction Segments C-F have been partially constructed and open to traffic.

The EIS will identify transportation needs and deficiencies in the project study area, including mobility, access, system continuity, and safety. The range of transportation alternatives to be evaluated in the EIS will not be restricted to previously considered alternatives or the conclusions of previous studies. In addition, the EIS will specifically address the relationship between transportation and land use in and around the project study area.

The EIS will evaluate potential alternative transportation improvements to meet the existing and future demands

on the transportation system serving the aforementioned communities. Potential alternatives and combinations thereof will include but are not limited to (1) taking no action, i.e., the No-Build Alternative; (2) strategies to better manage transportation demand; (3) improving public transportation facilities and services; (4) improving existing roadways, pedestrian walkways, and bikeways; and (5) constructing a new roadway connection between Route I-89 and Vermont Route 289 and other roadways. Design variations of potential alternatives will also be studied, as appropriate.

The EIS will be initiated with a scoping process. The scoping process will include a program of public outreach and agency coordination will be conducted over the next several months in order to elicit input on project purpose and need, potential alternatives, significant and insignificant issues, and collaborative methods for analyzing transportation alternatives and environmental impacts. As part of scoping, VTrans plans to hold several public meetings at different locations in Chittenden County and to contact and meet with local, state, and federal agencies and officials as well as private individuals and organizations concerned with the project. In addition, a public hearing will be held in connection with the circulation of the draft EIS. Public notice will be given of the time and place of the meetings and hearing.

The information gained during the scoping process will be widely disseminated and used to guide the development of the EIS. An internet website and other communication media will be developed early in the scoping process and used to provide public information and to receive comments. All comments and input received during the scoping and subsequent steps of the EIS process will be considered and documented. Beginning with scoping, continuous and regular public involvement and agency coordination will continue throughout the preparation of the EIS.

(Catalog of Federal Domestic Assistance Program Number 20.205 Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued on: November 19, 2004.

**Charles E. Basner,**

*Division Administrator, Montpelier, Vermont.*

## DEPARTMENT OF TRANSPORTATION

### National Highway Traffic Safety Administration

[Docket No. NHTSA 2004-19103; Notice 2]

#### The Goodyear Tire and Rubber Company, Grant of Petition for Decision of Inconsequential Noncompliance

The Goodyear Tire and Rubber Company (Goodyear) has determined that certain tires it produced in 2004 do not comply with S4.3(e) of 49 CFR 571.109, Federal Motor Vehicle Safety Standard (FMVSS) No. 109, "New pneumatic tires." Pursuant to 49 U.S.C. 30118(d) and 30120(h), Goodyear has petitioned for a determination that this noncompliance is inconsequential to motor vehicle safety and has filed an appropriate report pursuant to 49 CFR part 573, "Defect and Noncompliance Reports." Notice of receipt of the petition was published, with a 30-day comment period, on October 8, 2004, in the **Federal Register** (69 FR 60459). NHTSA received no comments.

A total of approximately 3,793 tires are involved. These include approximately 1,075 Kelly Charger HPT 235/45R18 tires manufactured from May 18, 2004, to May 27, 2004, and approximately 2,718 Essenza 210 Type R 235/45R18 tires manufactured from July 15, 2004, to August 15, 2004. Paragraph S4.3 of FMVSS No. 109 requires "each tire shall have permanently molded into or onto both sidewalls \* \* \* (e) Actual number of plies in the sidewall, and the actual number of plies in the tread area if different." The affected tires are incorrectly labeled to state that there is one nylon ply in the tread area when the actual number of nylon plies is two.

Goodyear believes that the noncompliance is inconsequential to motor vehicle safety and that no corrective action is warranted, because the mislabeling of these tires creates no unsafe condition. Goodyear states that the tires meet or exceed all applicable FMVSS performance requirements. In addition, Goodyear says that all markings related to tire service, including load capacity and corresponding inflation pressure, are correct.

The Transportation Recall, Enhancement, Accountability, and Documentation (TREAD) Act (Public Law 106-414) required, among other things, that the agency initiate rulemaking to improve tire label information. In response, the agency published an Advance Notice of Proposed Rulemaking (ANPRM) in the
