

the *National Electric Installation Standards™* for electrical construction. The standards go beyond the basic safety requirements of the National Electrical Code to clearly define what is meant by installing products and systems in a “neat and workmanlike” manner. All NEIS are submitted for approval by the American National Standards Institute (ANSI).

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Network Processing Forum

Notice is hereby given that, on September 20, 2004, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Network Processing Forum (“NPF”) has filed written notifications simultaneously with the Attorney General and the Federal Trade Commission disclosing (1) the name and principal place of business of the standards development organization and (2) the nature and scope of its standards development activities. The notifications were filed for the purpose of invoking the Act’s provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the name and principal place of business of the standards development organization is: Network Processing Forum, Fremont, CA. The nature and scope of NPF’s standards development activities are: Identifying, selecting, augmenting, as appropriate, and publishing Implementation Agreements to encourage the development and effective use of network processing technology.

Notice Pursuant to the National Cooperative Research and Production Act of 1993—Siemens Westinghouse Power Corporation: Conformal Direct-Write Technology Enabled, Wireless, Smart Turbine Components

Notice is hereby given that, on October 20, 2004, pursuant to Section 6(a) of the National Cooperative Research and Production Act of 1993, 15 U.S.C. 4301 *et seq.* (“the Act”), Siemens Westinghouse Power Corporation: Conformal Direct-Write Technology Enabled, Wireless, Smart Turbine Components has filed written notifications simultaneously with the Attorney General and the Federal Trade

Commission disclosing (1) the identities of the parties to the venture and (2) the nature and objectives of the venture. The notifications were filed for the purpose of invoking the Act's provisions limiting the recovery of antitrust plaintiffs to actual damages under specified circumstances.

Pursuant to Section 6(b) of the Act, the identities of the parties to the venture are: Siemens Westinghouse Power Corporation, Orlando, FL and Mesoscribe Technologies, Inc., Stony Brook, NY. The nature and objectives of the venture are to demonstrate the viability of smart, self-aware engine components that will incorporate embedded, harsh-environment capable sensors for thermal, mechanical, and wear sensing, integrated with wireless technology for signal transmission under the Advanced Technology Program of NIST. The activities of the joint venture will be partially funded by an award from the Advanced Technology Program, National Institute of Standards and Technology.

BILLING CODE 4410-11-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 01-31]

Deborah Bordeaux, M.D.; Revocation of Registration

On June 8, 2001, the Administrator of the Drug Enforcement Administration (DEA), issued an Order to Show Cause/Immediate Suspension of Registration to Deborah Bordeaux, M.D. (Dr. Bordeaux), notifying her of an opportunity to show cause as to why DEA should not revoke her DEA Certificate of Registration, BB3869370, as a practitioner, pursuant to 21 U.S.C. 824(a)(4) for reason that Dr. Bordeaux's continued registration would be inconsistent with the public interest and to deny any pending applications for renewal of registration pursuant to 21 U.S.C. 823(f). The Order to Show Cause/Immediate Suspension of Registration further advised Dr. Bordeaux that her DEA Certificate of Registration had been suspended, pursuant to 21 U.S.C. 824(d), as an imminent danger to public health and safety.

The Order to Show Cause/Immediate Suspension of Registration alleged, *inter alia*, that for February 2000 through February 2001, Dr. Bordeaux was employed by the Comprehensive Care & Pain Management Center (CCPMC) and the Myrtle Beach Medical Clinic (MBMC), both located in Myrtle Beach, South Carolina. During this period she routinely and continually prescribed controlled substances, including Oxycontin, Lortab and Lorcet, to patients without adequate medical testing, validation of patients' complaints or consideration of more appropriate alternative treatments.

Many of these patients were traveling hundreds of miles to CCPMC, bypassing legitimate physicians qualified to treat chronic pain. DEA investigators also determined that a number of Dr. Bordeaux's patients were at drug treatment centers throughout South Carolina, where they were being treated for addiction to Oxycontin that had repeatedly been prescribed them by Dr. Bordeaux and other CCPMC physicians.

It was further alleged that she routinely issued controlled substance prescriptions to patients never seen by staff physicians and issued refills of Oxycontin prescriptions for no reason other than the patients "wanted" refills. Further, in March 2001, Dr. Bordeaux opened her own clinic where, until she was told by DEA investigators that she was operating at an unregistered location, she continued to prescribe controlled substances without obtaining
