

changing these requirements is warranted to better serve the industry. The official grades of limes covered by these standards are determined by procedures set forth in the Regulations Governing Inspection, Certification and Standards of Fresh Fruits and Vegetables and Other Products (Sec. 51.1 to 51.61).

This notice provides for a 60-day comment period for interested parties to comment on the proposed revision of the U.S. Standards for Grades of Persian (Tahiti) Limes.

Authority: 7 U.S.C. 1621–1627.

Dated: March 7, 2005.

Kenneth C. Clayton,
Acting Administrator.

BILLING CODE 3410–02–P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket Number FV–05–302]

United States Standards for Grades of Snap Beans

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice.

SUMMARY: The Agricultural Marketing Service (AMS), prior to undertaking research and other work associated with revising official grade standards, is soliciting comments on the possible revisions to the United States Standards for Grades of Snap Beans. At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. As a result, AMS has identified that the standard may need to be modified to allow percentages to be determined by count and not weight. Additionally, AMS is seeking comments regarding any other revisions that may be necessary to better serve the industry.

DATES: Comments must be received by May 10, 2005.

ADDRESSES: Interested persons are invited to submit written comments to the Standardization Section, Fresh Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave. SW., Room 1661 South Building, Stop 0240, Washington, DC 20250–0240; Fax (202) 720–8871, E-mail FPB.DocketClerk@usda.gov. Comments should make reference to the dates and page number of this issue of the **Federal**

Register and will be made available for public inspection in the above office during regular business hours. The United States Standards for Grades of Snap Beans is available either through the address cited above or by accessing the Fresh Products Branch Web site at <http://www.ams.usda.gov/standards/stanfrfv.htm>.

FOR FURTHER INFORMATION CONTACT:

David L. Priester, at the above address or call (202) 720–2185; E-mail David.Priester@usda.gov.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621–1627), as amended, directs and authorizes the Secretary of Agriculture “to develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices * * *.” AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements, no longer appear in the Code of Federal Regulations, but are maintained by USDA/AMS/Fruit and Vegetable Programs.

AMS is proposing to revise the voluntary United States Standards for Grades of Snap Beans using procedures that appear in Part 36 Title 7 of the Code of Federal Regulations (7 CFR Part 36). These standards were last revised in 1990.

Background

At a 2003 meeting with the Fruit and Vegetable Industry Advisory Committee, AMS was asked to review all the fresh fruit and vegetable grade standards for usefulness in serving the industry. AMS has identified the United States Standards for Grades of Snap Beans for a possible revision. As a result, AMS has identified that the standard may need to be modified to allow percentages to be determined by count and not weight. However, prior to undertaking detailed work to develop proposed revisions to the standards, AMS is soliciting comments on the possible revision to the standards and the probable impact on distributors, processors, and growers. Additionally, AMS is seeking comments regarding any other revisions that may be necessary to better serve the industry.

This notice provides for a 60-day comment period for interested parties to

comment on changes to the standards. Should AMS conclude that there is a need for the revisions of the standards, the proposed revisions will be published in the **Federal Register** with a request for comments in accordance with 7 CFR Part 36.

Authority: 7 U.S.C. 1621–1627.

Dated: March 7, 2005.

Kenneth C. Clayton,
Acting Administrator.

[Docket Number FV–05–301]

United States Standards for Grades of Strawberries

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice; request for public comment.

SUMMARY: The Agricultural Marketing Service (AMS), of the Department of Agriculture, is soliciting comments on a proposal to revise the United States Standards for Grades of Strawberries. AMS has received a petition from the California Strawberry Commission (CSC), requesting that the current standards be modified to allow percentages be determined on the basis of count and not volume. Additionally, AMS is seeking comments regarding any other revisions that may be necessary to better serve the industry.

DATES: Comments must be received by May 10, 2005.

ADDRESSES: Interested persons are invited to submit written comments to the Standardization Section, Fresh Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave. SW., Room 1661 South Building, Stop 0240, Washington, DC 20250–0240; Fax (202) 720–8871, E-mail FPB.DocketClerk@usda.gov. Comments should make reference to the dates and page number of this issue of the **Federal Register** and will be made available for public inspection in the above office during regular business hours. The United States Standards for Grades of Strawberries are available either through the address cited above or by accessing the Fresh Products Branch Web site at <http://www.ams.usda.gov/standards/stanfrfv.htm>.

FOR FURTHER INFORMATION CONTACT:

David L. Priester, at the above address

or call (202) 720-2185, E-mail David.Priester@usda.gov.

SUPPLEMENTARY INFORMATION: Section 203(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627), as amended, directs and authorizes the Secretary of Agriculture "to develop and improve standards of quality, condition, quantity, grade and packaging and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices * * *." AMS is committed to carrying out this authority in a manner that facilitates the marketing of agricultural commodities and makes copies of official standards available upon request. The United States Standards for Grades of Fruits and Vegetables not connected with Federal Marketing Orders or U.S. Import Requirements, no longer appear in the Code of Federal Regulations, but are maintained by USDA/AMS/Fruit and Vegetable Programs.

AMS is proposing to revise the voluntary United States Standards for Grades of Strawberries using procedures that appear in Part 36 Title 7 of the Code of Federal Regulations (7 CFR Part 36). These standards were last revised in 1965.

Background

AMS received a petition from the CSC requesting a revision to the United States Standards for Grades of Strawberries. The standards are established under the authority of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621-1627). The petitioner represents more than 700 strawberry growers, shippers, and processors.

The petitioner is requesting that USDA revise the standards to allow that percentages be determined on the basis of count and not volume. Currently the standards state that the percentages of defects will be determined on the basis of volume. The volume is determined by counting the berries in a sample, and then dividing the total number of berries into 100 percent. The resulting number will be the percentage by volume of the average size berry in the sample. For example, in a sample that has 25 berries the average size berry will be equal to 4 percent with smaller berries representing less and larger berries representing more of the percentage by volume in the sample. Industry believes determining percentages by count will simplify tolerance determination.

Prior to undertaking detailed work to develop a proposed revision to the standard, AMS is soliciting comments on the petition submitted to revise the

United States Standards for Grades of Strawberries.

This notice provides for a 60-day comment period for interested parties to comment on changes to the standards. Should AMS conclude that revisions are needed, the Agency will develop a proposed revised standard that will be published in the **Federal Register** with a request for comments in accordance with 7 CFR Part 36.

Authority: 7 U.S.C. 1621-1627.

Dated: March 7, 2005.

Kenneth C. Clayton,

Acting Administrator.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket Number FV-04-308]

United States Standards for Grades of Sweet Peppers

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice, request for public comment.

SUMMARY: The Agricultural Marketing Service (AMS), of the Department of Agriculture (USDA) is soliciting comments on its proposal to revise the United States Standards for Grades of Sweet Peppers. This action is being taken at the request of the Fruit and Vegetable Industry Advisory Committee, which asked AMS to review the grade standards for possible revision. AMS is proposing to revise the standards to report decay affecting the stems under the serious damage tolerance in all grades instead of the more restrictive tolerance of two percent for decay. Additionally, AMS is proposing to amend the similar varietal requirement to allow mixed colors and/or types when designated as speciality packs and remove the unclassified category. AMS is proposing to remove the requirement to re-designate lots of sweet peppers as "Mixed Color" in the grade statement when peppers fail to meet the color requirement. AMS is also proposing to include the Mixed Color designation as an option for any lot of sweet peppers intentionally packed with peppers of different color. The proposed revisions would bring the standards for sweet peppers in line with current marketing practices, thereby improving the usefulness of the standards in serving the industry.

DATES: Comments must be received by May 10, 2005.

ADDRESSES: Interested persons are invited to submit written comments to the Standardization Section, Fresh Products Branch, Fruit and Vegetable Programs, Agricultural Marketing Service, U.S. Department of Agriculture, 1400 Independence Ave. SW., Room 1661 South Building, Stop 0240, Washington, DC 20250-0240; fax (202) 720-8871, e-mail FPB.DocketClerk@usda.gov. Comments should make reference to the dates and page number of this issue of the **Federal Register** and will be made available for public inspection in the above office during regular business hours.
