

insurance requirements. However, a listed company may not act as sole registrar for its listed securities unless it also acts as transfer agent. The NYSE believes the foregoing exceptions to the capital and insurance requirements are policies that have been applied by the NYSE for many years. The NYSE believes that these policies are consistent with the protections provided to securityholders by the general standards applicable to transfer agent, as in each case the listed company must have at least one transfer agent which directly or indirectly has the equivalent of at least \$10,000,000 in capital and \$25,000,000 blanket bond insurance coverage.

Section 6(b)(5) of the Act that requires rules of an exchange are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and to perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.⁴ The NYSE believes that the proposed rule is consistent with its obligations under section 6(b)(5) of the Act because it allows transfer agents acting for listed companies to provide for transfers of securities in a more efficient and cost effective manner by eliminating the drop office requirement, which is now obsolete. Furthermore the proposed rule is consistent because the remainder of the changes are technical in nature. Although the capital and insurance requirements will be removed from Rule 496 and added to the LCM, the amount of capital and insurance required will remain the same.

(B) Self-Regulatory Organization's Statement on Burden on Competition

NYSE does not believe that the proposed rule change will have an impact on or impose a burden on competition that is not necessary or appropriate in furtherance of the purposes of the Exchange Act.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments relating to the proposed rule change have been solicited or received. NYSE will notify the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change; or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

1. Application for Help with Medicare Prescription Drug Plan Costs, SSA-1020-SC-0960-NEW. The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Pub. L. 108-173; MMA) establishes a new Medicare Part D program for voluntary prescription drug coverage for premium, deductible, and cost-sharing subsidies for certain low-income individuals. The MMA stipulates that subsidies must be available for individuals who are eligible for the program and who meet eligibility criteria for help with premium, deductible, and/or co-payment costs.

Individuals who receive these subsidies may ask SSA to redetermine the amount of help they receive if they experience a "subsidy-changing event," including marriage, separation, divorce, an annulment, or the death of a spouse. Until late 2006, when redetermination forms will become available, SSA will use form SSA-1020-SC, the Application for Help with Medicare Prescription Drug Plan Costs, to make redeterminations based on subsidy-changing events. The respondents are individuals whose application for help toward the costs for this program has been approved and are requesting a redetermination of their subsidy based on a subsidy-changing event.

Type of Request: New information collection.

Number of Respondents: 76,000.

Frequency of Response: 1.

Average Burden Per Response: 35 minutes.

Estimated Annual Burden: 44,333 hours.

The MMA stipulates that subsidies must be available for individuals who are eligible for the program and who meet eligibility criteria for help with premium, deductible, and/or co-payment costs. Form SSA-1020, the Application for Help with Medicare Prescription Drug Plan Costs, collects information about an applicant's resources and is used by SSA to determine eligibility for this assistance.

We are proposing electronic versions of the SSA-1020, which will collect the information via the Intranet (the information is provided by the respondent during an interview at a Social Security field office) or the Internet (i1020) (if respondents complete the Internet screens on their own and submit them electronically).
