SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Notice of Proposed Rule Making, MB Docket Nos. 05–109, 05–110, and 05–111, adopted March 16, 2005, and released March 18, 2005. The full text of this Commission document is available for inspection and copying during normal business hours in the FCC Reference Information Center (Room CY–A257), 445 12th Street, SW., Washington, DC. The complete text of this decision may also be purchased from the Commission's copy contractor, Best Copy and Printing, Inc., 445 12th Street, SW., Room CY–B402, Washington, DC 20554, (800) 378–3160, or via the company's Web site, <http://www.bcpweb.com>. This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any proposed information collection burden “for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, *see* 44 U.S.C. 3506(c)(4).

The Commission further requests comment on a petition filed by Charles Crawford. Petitioner proposes the allotment of Channel 290A at Stringtown, Oklahoma, as a first local service. Channel 290A can be allotted at Stringtown in compliance with the Commission's minimum distance separation requirements with a site restriction of 10.0 km (6.2 miles) southwest of Stringtown. The proposed coordinates for Channel 290A at

Stringtown are 34–23–04 North Latitude and 96–05–51 West Longitude. In addition, in order to accommodate the allotment of Channel 290A at Stringtown, Petitioner further proposes to substitute Channel 252A for vacant Channel 290A at Haileyville, Oklahoma, and to change the FM Table of allotments at Haileyville by deleting Channel 290A and adding Channel 252A. The proposed coordinates for Channel 252A at Haileyville, Oklahoma, are 34–45–18 NL and 95–38–24 WL. The allotment requires a site restriction of 12.2 km (7.6 miles) southwest of Haileyville.

The Commission further requests comment on a petition filed by Dana J. Puopolo. Petitioner proposes the allotment of Channel 264A at Cumberland Head, New York, as a first local service. Channel 264A can be allotted at Cumberland in compliance with the Commission's minimum distance separation requirements with a site restriction of 6.6 km (4.1 miles) east of Cumberland Head. The proposed coordinates for Channel 264A at Cumberland are 44–43–12 North Latitude and 73–19–12 West Longitude. Concurrence in a specially negotiated allotment by the Government of Canada is required because the proposed allotment is located within 320 kilometers (199 miles) of the U.S.-Canadian border and would be short-spaced to Station CBF(FM), Channel 264C1, Montreal, Quebec, Canada.

The Provisions of the Regulatory Flexibility Act of 1980 do not apply to this proceeding. Members of the public should note that from the time a Notice of Proposed Rule Making is issued until the matter is no longer subject to Commission consideration or court review, all *ex parte* contacts are prohibited in Commission proceedings, such as this one, which involve channel allotments. *See* 47 CFR 1.1204(b) for rules governing permissible *ex parte* contacts.

For information regarding proper filing procedures for comments, *see* 47 CFR 1.415 and 1.420.
