

will include the results of its analysis of issues raised in any such comments, within 120 days of publication of the preliminary results.

#### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(I)(1) of the Act.

Dated: March 31, 2005.

**Joseph A. Spetrini,**

*Acting Assistant Secretary for Import Administration.*

[A-583-831]

#### Notice of Correction to the Amended Final Determination in Accordance With Court Decision in the Antidumping Duty Investigation of Stainless Steel Sheet and Strip in Coils From Taiwan

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* April 7, 2005.

**FOR FURTHER INFORMATION CONTACT:** Robert Bolling, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3434.

**SUMMARY:** On November 17, 2004, the Department of Commerce ("Department") published an *Amended Final Determination in Accordance with Court Decision of the Antidumping Duty Investigation of Stainless Steel Sheet and Strip in Coils From Taiwan*, 69 FR 67311 (November 17, 2004) ("*Amended Final Determination*"). In the *Amended Final Determination*, the Department announced the incorrect effective date of the exclusion from the antidumping duty order on stainless steel sheet and strip in coils from Taiwan with respect to entries from Tung Mung

Development Corporation ("Tung Mung").

#### SUPPLEMENTARY INFORMATION:

##### Background

On June 8, 1999, the Department published the *Final Determination of Sales at Less than Fair Value: Stainless Steel Sheet and Strip in Coils From Taiwan*, 64 FR 30592 (June 8, 1999) ("*Final Determination*"), covering the period of investigation ("POI") of April 1, 1997, through March 31, 1998. This investigation involved three Taiwanese producers/exporters, Tung Mung, Yieh United Steel Corporation ("YUSCO"), Chang Mien Industries Co., Ltd. ("Chang Mien"), and a Taiwanese middleman, Ta Chen Stainless Pipe Company Ltd. ("Ta Chen"). Tung Mung and YUSCO contested various aspects of the *Final Determination*. On July 3, 2001, the Court of International Trade ("CIT") issued slip opinion 01-83 in *Tung Mung Development Co., Ltd. v. United States*, Consol. Court No. 99-06-00457 (CIT July 3, 2001) ("*Tung Mung I*") and remanded the *Final Determination* to the Department. In the March 21, 2001, remand determination, the Department found, among other issues, that the merchandise produced and exported by Tung Mung had not been sold at less than fair value during the POI. On August 22, 2002, the CIT found that the Department's remand determination was in accordance with the law. *See Tung Mung Development Co., Ltd. v. U.S.*, 219 F.Supp.2d 1333 (CIT August 22, 2002) ("*Tung Mung II*").

Domestic producers appealed this decision. On January 15, 2004, the Court of Appeals for the Federal Circuit ruled that the Department's decision to calculate middleman antidumping rates using combination rates was not arbitrary and capricious and affirmed the CIT's affirmance of the Department's redetermination. *See Tung Mung Development Co., Ltd. v. U.S.*, 354 F.3d 1371 (Fed.Cir. January 15, 2004) ("*Tung Mung III*"). *Tung Mung II*, and the Department's *Final Results of Redetermination Pursuant to Court Remand* in response to *Tung Mung I*.

On November 17, 2004, the Department published the *Amended Final Determination* in which it stated that it will instruct U.S. Customs and Border Protection ("CBP") to liquidate entries from Tung Mung without regard to antidumping duties because Tung Mung is excluded from the antidumping duty order effective October 16, 2002, the date on which the Department published a notice of the Court decision (see *Stainless Steel Sheet and Strip in Coils from Taiwan: Notice of Court*

*Decision*, 67 FR 63887 (October 16, 2002)). The above instructions should have read that the Department will instruct CBP to liquidate entries from Tung Mung without regard to antidumping duties effective June 8, 1999, the date on which the Department published its *Final Determination*, because liquidation of entries from Tung Mung was first suspended on that date and remained covered by an injunction during the pendency of the litigation. Thus, we will instruct CBP to liquidate entries from Tung Mung without any regard to antidumping duties effective June 8, 1999.

This notice is issued and published in accordance with section 735(d) of Tariff Act of 1930, as amended.

Dated: March 30, 2005.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 040105C]

#### Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Extension of the Gulf of Mexico Charter Vessel/Headboat Permit Moratorium

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of intent; request for comments.

**SUMMARY:** The Gulf of Mexico Fishery Management Council (Council) and NMFS intend to prepare a draft supplemental environmental impact statement (DSEIS) in support of a proposed Amendment to Extend the Charter Vessel/Headboat Permit Moratorium (Moratorium Amendment). The DSEIS will evaluate alternatives for allowing the permit moratorium to expire, extending the moratorium for a finite time period, or establishing a permanent limited access program. The purpose of this notice of intent is to solicit public comments on the range of alternatives and scope of issues to be addressed in the DSEIS.

**DATES:** Written comments on the scope of the DSEIS must be received by 5 p.m. May 9, 2005.

**ADDRESSES:** You may submit comments on the scope of the DSEIS by any of the following methods:

• E-mail: 0648-AS70.NOI@noaa.gov. Include in the subject line of the e-mail comment the following document identifier: Charter Headboat Permit Moratorium.

• Mail: Andy Strelcheck, Southeast Regional Office, NMFS, 263 13<sup>th</sup> Avenue South, St. Petersburg, FL 33701.

• Fax: 727-824-5308; Attention: Andy Strelcheck. Requests for the scoping document may be directed to the Gulf of Mexico Fishery Management Council, The Commons at Rivergate, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619; telephone: 813-228-2815; fax: 813-225-7015. Scoping documents are also available to download at <http://www.gulfcouncil.org>.

**FOR FURTHER INFORMATION CONTACT:** Stu Kennedy (phone: 813-228-2815; fax: 813-225-7015; e-mail:

Stu.Kennedy@gulfcouncil.org); or Andy Strelcheck (phone: 727-824-5305; fax: 727-824-5308; e-mail: [Andy.Strelcheck@noaa.gov](mailto:Andy.Strelcheck@noaa.gov)).

**SUPPLEMENTARY INFORMATION:** The Council and NMFS intend to prepare a DSEIS in support of the proposed Moratorium Amendment. For-hire vessel permits were initially required in the coastal migratory pelagic (CMP) fishery starting in 1987 and in the reef fish fishery in 1997. Amendments establishing the charter vessel/headboat permit moratorium for the CMP fishery (Amendment 14) and the Reef Fish fishery (Amendment 20) were approved by NMFS on May 6, 2003, and implemented on June 16, 2003 (68 FR 26280). The intended effect of these amendments was to cap the number of for-hire vessels operating in these two fisheries at the current level (as of March 29, 2001) while the Council evaluated whether limited access programs were needed to constrain effort. In this proposed Moratorium Amendment, the Council is considering alternatives that would: allow the moratorium on for-hire reef fish and CMP permits to expire; extend the moratorium for a finite period of time (5 or 10 years); or establish a permanent limited access program. In any case, except for allowing the moratorium to expire, there would be no new permits issued. The DSEIS will evaluate the impacts of these alternatives.

Alternatives which have been under consideration are described in detail in *The Scoping Document for Extending the Charter Vessel/Headboat Permit Moratorium by Amending the FMPs for: Reef Fish (Amendment 25) and Coastal Migratory Pelagics (Amendment 17)*, which is available from the Council (see **ADDRESSES**). The Council is soliciting public comment on the range of

alternatives and scope of issues that should be considered in this DSEIS.

In accordance with NOAA's Administrative Order NAO 216-6, Section 502(c)4, the Council previously held nine scoping hearings during June 2004 to solicit input from interested parties on proposed actions and alternatives identified in the above-mentioned scoping document. These hearings were held in the following locations: Port Isabel, Port Aransas, and Galveston, TX; Kenner, LA; Biloxi, MS; Orange Beach, AL; Destin, Madeira Beach, and Naples, FL.

Additionally, public comments may be accepted at the following Council meetings and during public hearings that will be announced in future **Federal Register** notices:

July 11-14, 2005, Diamondhead All-Suite Beach Resort, 2000 Estero Boulevard, Ft. Myers Beach, FL 33931; and

September 12-15, 2005, New Orleans, LA (Location TBA).

The meetings will be physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Gulf Council (see **ADDRESSES**).

The completed DSEIS associated with the draft Moratorium Amendment will be filed with the U.S. Environmental Protection Agency (EPA), announced in the **Federal Register**, and open to public comment for a 45-day period. This procedure is pursuant to regulations issued by the Council on Environmental Quality (CEQ) for implementing the National Environmental Policy Act (NEPA), and to NOAA's Administrative Order 216-6 on complying with NEPA and the CEQ regulations.

The Council will consider public comments received on the DSEIS in developing the final supplemental environmental impact statement (FSEIS), and before taking final action on the Moratorium Amendment. The Council will submit both the final amendment and the supporting FSEIS to NMFS for Secretarial review, approval, and implementation under the requirements of the Magnuson-Stevens Fishery Conservation and Management Act.

NMFS will announce, through a document published in the **Federal Register**, the availability of the final Moratorium Amendment for public review during the Secretarial review period. During Secretarial review, NMFS will also file the FSEIS with the EPA for a final 30-day public comment period. This comment period will be concurrent with the Secretarial review period and will end prior to final agency

action to approve, disapprove, or partially approve the final Moratorium Amendment.

NMFS will announce, through a notice published in the **Federal Register**, all public comment periods on the final Moratorium Amendment, any proposed implementing regulations, and its associated FSEIS. NMFS will consider all public comments received during the Secretarial review period, whether they are on the final amendment, any proposed regulations, or the FSEIS, prior to final agency action.

Dated: April 1, 2005.

### Pacific Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The Groundfish Stock Assessment Review (STAR) Panel for gopher rockfish, cowcod, California scorpionfish, and vermilion rockfish will hold a work session which is open to the public.

**DATES:** The gopher rockfish, cowcod, California scorpionfish, and vermilion rockfish STAR Panel will meet beginning at 8 a.m., Monday, May 9, 2005. The meeting will continue through Friday, May 13, 2005, beginning at 8 a.m. every morning. The meetings will end at 5 p.m. each day, or as necessary to complete business.

**ADDRESSES:** The gopher rockfish, cowcod, California scorpionfish, and vermilion rockfish STAR Panel meeting will be held at NMFS, Southwest Regional Office, 501 West Ocean Boulevard, Long Beach, CA 90802-4213; telephone: 562-980-4000.

*Council address:* Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

**FOR FURTHER INFORMATION CONTACT:** Ms. Stacey Miller, Northwest Fisheries Science Center; telephone: 206-860-3480; or Mr. John DeVore, Pacific
