Office of the Secretary

Proposed Collection: Comment Request

AGENCY: Defense Logistics Agency, Office of Small and Disadvantaged Business Utilization, DoD.

ACTION: Notice.

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Defense Logistics Agency announces the proposed reinstatement of a public information collection and seeks public comment on the provisions thereof. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by June 10, 2005.

ADDRESSES: Written comments and recommendations on the proposed information collection should be sent to Director, Defense Logistics Agency, ATTN: Diana Maykowskyj, DB, 8725 John J. Kingman Road, Suite 1127, Fort Belvoir, VA 22060-6221.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposed and associated collection instruments, please write to the above address, or call Ms. Diana Maykowskyj at (703) 767-1656.

Title; Associated Form; and OMB Number: Request for approval for Procurement Technical Assistance Center Cooperative Agreement Performance Report, DLA Form 1806, OMB Control Number 0704-0320.

Needs and Uses: The Defense Logistics Agency uses the report as the principal instrument for measuring the performance of Cooperative Agreement awards made under 10 U.S.C. Chapter 142.

Affected Public: State and local governments, private nonprofit organizations, Indian tribal organizations and Indian economic enterprises.

Annual Burden Hours: 1288.

Number of Respondents: 92.

Responses per Respondent: 2.

Average Burden per Response: 7 hours.

Frequency: Semiannually.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Each cooperative agreement award recipient submitted goals and objectives in their application that were subsequently incorporated into their cooperative agreement awards. The level of achievement of these goals and the funds expended in the process of conducting the program is measured by the report. The government's continued funding of a cooperative agreement and the decision to exercise an option award for a cooperative agreement award is based to a significant degree on the award holder's current performance as measured by the report.

Information from the report is also used to identify programs that may be in need of assistance and/or increased surveillance.

Dated: March 31, 2005.

Federal Acquisition Regulation; Submission for OMB Review; Organization and Direction of Work

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for an extension to an existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Federal Acquisition Regulation (FAR) Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning organization and direction of work. A request for public comments was published in the Federal Register at 70 FR 5169, February 1, 2005. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the FAR, and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before May 11, 2005.

ADDRESSES: Submit comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the General Services Administration, FAR Secretariat (VIR), 1800 F Street, NW, Room 4035, Washington, DC 20405. Please cite OMB Control No. 9000-0064, Organization and Direction of Work, in all correspondence.

FOR FURTHER INFORMATION CONTACT Cecelia Davis, Contract Policy Division, GSA (202) 219-0202.

SUPPLEMENTARY INFORMATION:

A. Purpose

When the Government awards a cost-reimbursement construction contract, the contractor must submit to the contracting officer and keep current a chart showing the general executive and administrative organization, the personnel to be employed in connection with the work under the contract, and their respective duties. The chart is used in administration of the contract and as an aid in determining cost. The chart is used by contract administration personnel to assure the work is being properly accomplished at reasonable prices.

SUPPLEMENTARY INFORMATION:**A. Purpose**

Under Federal contracts requiring that equipment (e.g., pumps, fans, generators, chillers, etc.) be installed in a project, the Government must determine that the equipment meets the contract requirements. Therefore, the contractor must submit sufficient data on the particular equipment to allow the Government to analyze the item.

The Government uses the submitted data to determine whether or not the equipment meets the contract requirements in the categories of performance, construction, and durability. This data is placed in the contract file and used during the inspection of the equipment when it arrives on the project and when it is made operable.
