[WT Docket No. 04–435; DA 05–1015]

Facilitating the Use of Cellular Telephones and Other Wireless Devices Aboard Airborne Aircraft

ACTION: Proposed rule; extension of
comment period.

SUMMARY: In this document, the

testing necessary to assess the potential
interference issues associated with the
use of pico cell systems and wireless
devices onboard aircraft.

27, 2005.

Synopsis of the Order

1. On April 6, 2005, the WTB released an Order that extended the comment and reply comment filing deadlines established in the NPRM adopted by the Commission in this proceeding on December 15, 2004 in WT Docket No. 04–435; FCC 04–288 published at 70 FR 11916, March 10, 2005. In the NPRM, the Commission sought to replace or relax the prohibition on the airborne use of 800 MHz cellular telephones. In particular, the Commission proposed to allow the use of cellular telephones on airplanes so long as the phones are controlled by a pico cell installed onboard the aircraft. The Commission also sought comment on whether an industry-developed standard could facilitate the airborne use of cellular telephones while ensuring interference-free operations. Finally, the Commission sought comment as to whether cellular carriers should be allowed to provide service to airborne units on a secondary basis, subject to technical limitations aimed toward preventing harmful interference to airborne and terrestrial cellular operations.

2. Requests for an extension of time to file comments were filed by the Boeing Company, Nikolaus E. Leggett, jointly by Telenor Satellite Services, Inc. and ARINC, and by the U.S. Department of Justice/Federal Bureau of Investigations/Department of Homeland Security. In addition, Verizon Wireless filed comments in support of Boeing's request. The parties argue that the current comment period does not provide commenters with a sufficient length of time to conduct the testing and technical analysis necessary to submit thorough and meaningful responses.

Ordering Clauses

3. Pursuant to sections 4(i) and 4(j) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i) and 154(j), and §§ 0.131, 0.331, and 1.46 of the Commission's rules, 47 CFR 0.131,

0.331, and 1.46, the deadline for filing comments in response to the *NPRM*, published on March 10, 2005, in this proceeding, is extended to May 26, 2005, and the deadline for filing reply comments is extended to June 27, 2005.
