SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of particular interest to persons who work in agricultural settings or persons who are concerned about implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA); Federal Food, Drug, and Cosmetic Act (FFDCA); and the amendments to both of these major pesticide laws by the Food Quality Protection Act (FQPA) of 1996. Potentially affected entities may include, but are not limited to: Agricultural workers and farmers; pesticide industry and trade associations; environmental, consumer, and farmworker groups; pesticide users and growers; pest consultants; State, local and Tribal governments; academia; public health organizations; food processors; and the public. If you have questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2005-0101. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the

Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

A draft agenda has been developed and is posted on EPA's web site at <http://www.epa.gov/pesticides/ppdc/>.

II. Background

The Office of Pesticide Programs (OPP) is entrusted with responsibility to help ensure the safety of the American food supply, the education and protection from unreasonable risk of those who apply or are exposed to pesticides occupationally or through use of products, and general protection of the environment and special ecosystems from potential risks posed by pesticides.

PPDC was established under the Federal Advisory Committee Act (FACA), Public Law 92-463, in September 1995, for a 2-year term and has been renewed every 2 years since that time. PPDC provides advice and recommendations to OPP on a broad range of pesticide regulatory, policy, and program implementation issues that are associated with evaluating and reducing risks from use of pesticides. The following sectors are represented on the PPDC: Pesticide industry and trade associations; environmental/public interest and consumer groups; farm worker organizations; pesticide user, grower, and commodity groups; Federal and State/local/Tribal governments; the general public; academia; and public health organizations.

Copies of the PPDC Charter are filed with appropriate committees of Congress and the Library of Congress and are available upon request.

III. How Can I Request to Participate in this Meeting?

PPDC meetings are open to the public and seating is available on a first-come basis. Persons interested in attending do not need to register in advance of the meeting.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you manufacture chemical substances currently subject to reporting under the IUR as amended on January 7, 2003 (68 FR 847) and codified as 40 CFR part 710. Persons who process chemical substances but who do not manufacture or import chemical substances are not required to comply with the requirements of 40 CFR part 710. Potentially affected entities may include, but are not limited to:

- Chemical manufacturers and importers currently subject to IUR reporting (NAICS 325, 32411), e.g., manufacturers and importers of inorganic chemical substances.

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. To determine whether you or your business may be affected by this action, you should carefully examine the applicability provisions at 40 CFR 710.48. If you have any questions regarding the applicability of this action to a particular entity, consult the technical person listed under **FOR FURTHER INFORMATION CONTACT**.

II. Background

EPA is holding a workshop to train stakeholders on how to report for the 2006 Partial Updating of the TSCA Chemical Substance Inventory. The EPA is required by section 8(b) of the Toxic Substances Control Act (TSCA) to compile and update an inventory of chemical substances manufactured or imported into the United States. Every four years, manufacturers (including importers) of certain chemical substances on the Chemical Substance Inventory have been required to report data specified in the TSCA section 8(a) IUR, 40 CFR part 710. Past updates included information on the chemical’s production volume, site-limited status, and plant site information. Amendments to the IUR promulgated on January 7, 2003 (68 FR 847) expanded the data reported on certain chemicals to assist EPA and others in screening potential exposures and risks resulting from manufacturing, processing, and

use of TSCA chemical substances. At the same time, EPA amended the IUR regulations to increase the production volume threshold which triggers reporting requirements from 10,000 pounds per year to 25,000 pounds per year and established a new higher threshold of 300,000 pounds per year above which manufacturers must report additional information on downstream processing and use of their chemical substances. The 2003 amendments to the IUR also revoked the exemption from reporting for inorganic chemical substances, provided a partial exemption from reporting of processing and use information for chemical substances of low current interest, and continued the current exemption from reporting for polymers, microorganisms, and naturally occurring chemical substances. These changes modify requirements for information collected in calendar year 2005 and submitted in 2006 and thereafter. This workshop may be of interest to persons currently reporting under the IUR and to manufacturers of inorganic chemical substances.

The workshop will include a series of presentations by representatives of EPA on the instructions for reporting for the 2006 Partial Updating of the TSCA Chemical Substance Inventory. Subjects discussed will include reporting requirements, instructions for completing the reporting form, how to assert confidentiality claims, how to submit completed reports to EPA, and case studies illustrating different aspects of reporting. During the workshop, persons in attendance will be able to ask questions regarding the material being presented. The purpose of this meeting is to provide training to persons who must report in 2006 under the IUR.

III. How Can I Request to Participate in this Meeting?

You may register to participate in this meeting by directing your web browser to <http://www.epa.gov/oppt/iur/>. There is a workshop registration link on this website that will allow you to provide all necessary information for participation. There is no charge for attending this public meeting.
