DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before July 11, 2005.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Case Services Team, Regulatory Information Management Services, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or

reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Dated: May 5, 2005.

Angela C. Arrington,

Leader, Information Management Case Services Team, Regulatory Information Management Service, Office of the Chief Information Officer.

DEPARTMENT OF ENERGY

Advance Notice of Intent To Prepare an Environmental Impact Statement for the Disposal of Greater-Than-Class-C Low-Level Radioactive Waste

AGENCY: Department of Energy.

ACTION: Advance notice of intent.

SUMMARY: The U.S. Department of Energy (DOE) is providing advance notice of its intent to prepare an Environmental Impact Statement (EIS) under the National Environmental Policy Act (NEPA) on the disposal of Greater-Than-Class-C (GTCC) low-level radioactive waste (LLW) generated by activities licensed by the Nuclear Regulatory Commission (NRC). The primary purpose of this EIS is to address the disposal of wastes with concentrations greater than Class C, as defined in NRC regulations at 10 CFR part 61, resulting from NRC or Agreement State licensed activities (hereafter referred to as NRC licensed activities). DOE also plans to review its waste inventories with a view toward including those wastes with characteristics similar to GTCC waste and which otherwise do not have a path to disposal in the scope of the EIS, as appropriate. DOE intends that this EIS will enable DOE to select any new or existing disposal locations, facilities, and methods for disposal of GTCC LLW and DOE waste with similar characteristics.

The Low-Level Radioactive Waste Policy Amendments Act of 1985 (LLRWPA) assigned to the Federal Government responsibility for the disposal of GTCC radioactive waste. This EIS will evaluate alternative locations and methods for disposal of these wastes. Potential disposal locations include deep geologic disposal facilities; existing LLW disposal facilities, both commercial and DOE; and new facilities at DOE or other government sites, or on private land. Methods to be considered include deep geologic disposal, greater confinement disposal configurations, and enhanced near-surface disposal facilities.

DOE is issuing this Advance Notice of Intent (ANOI), pursuant to 10 CFR

1021.311(b), in order to inform, and request early comments from, the public and interested agencies about the proposed action, the preliminary range of alternatives, and the potential issues related to DOE's decisions for this category of waste. Following the issuance of this ANOI, DOE intends to conduct further activities to collect updated information from licensees and DOE sites on waste characteristics and projections to support the EIS analysis. As part of that effort, DOE may seek assistance from industry trade associations, Agreement States, NRC, and other appropriate entities. DOE intends to invite the NRC and the Environmental Protection Agency to participate as cooperating agencies in the preparation of this EIS.

DATES: Comments on this ANOI are due June 10, 2005. DOE will consider comments received after June 10, 2005 to the extent practicable. DOE plans to issue a Notice of Intent (NOI) for this EIS in the fall of 2005. The NOI will propose a range of reasonable alternatives for disposal methods and locations. After the NOI is issued, DOE will conduct public scoping meetings to assist in further defining the scope of the EIS and to identify significant issues to be addressed. The dates and locations of all scoping meetings will be announced in the NOI, subsequent **Federal Register** notices, and in local media.

ADDRESSES: Please direct comments or suggestions on the scope of the EIS and questions concerning the proposed project to: James Joyce, Document Manager, Office of Federal Disposition Options (EM-13), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0119, Telephone (301) 903-2151, Fax: 301-903-3877, E-mail to: james.joyce@em.doe.gov (use "ANOI Comments" for the subject).

FOR FURTHER INFORMATION CONTACT: To request further information about this EIS, the public scoping meetings, or to be placed on the EIS distribution list, use any of the methods listed under **ADDRESSES** above. For general information concerning the DOE National Environmental Policy Act (NEPA) process, contact: Carol Borgstrom, Director, Office of NEPA Policy and Compliance (EH-42), U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585-0119, Telephone: 202-586-4600, or leave a message at 1-800-472-2756, Fax: 202-586-7031.
