Animal & Plant Health Inspection Service

Title: Importation of Poultry Meat and Other Poultry Products from Sinaloa and Sonora, Mexico.

OMB Control Number: 0579-0144.

Summary of Collection: Veterinary Services, a division within USDA's Animal and Plant Health Inspection Service (APHIS), is responsible for administering regulations intended to prevent the introduction of animal diseases, such as exotic Newcastle disease into the United States. APHIS currently has regulations in place that restrict the importation of poultry meat and other poultry products from Mexico due to the presence of exotic Newcastle disease in the country. However, APHIS does allow the importation of poultry meat and poultry products from the Mexican States of Sinaloa and Sonora because APHIS has determined that poultry meat and products from these two Mexican States pose a negligible risk of introducing exotic Newcastle disease into the United States. To ensure that these items are safe for importation, APHIS requires that certain data appear on the foreign meat inspection certificate that accompanies the poultry meat and other poultry products from Sinaloa and Sonora to the United States. APHIS also requires that serial numbered seals be applied to containers carrying the poultry meat and other poultry products.

Need and Use of the Information: APHIS will collect information to certify that the poultry meat or other poultry products were (1) derived from poultry born and raised in commercial breeding establishments in Sinaloa and Sonora; (2) derived from poultry that were slaughtered in Sinaloa or Sonora in a Federally-inspected slaughter plant approved to export these commodities to the United States in accordance with Food Safety & Inspection regulations; (3) processed at a Federally inspected processing plant in Sinaloa or Sonora; and (4) kept out of contact with poultry from any other State within Mexico. APHIS will also collect information to ensure that the poultry meat or poultry products from Sinaloa and Sonora pose the most negligible risk possible for introducing exotic Newcastle disease into the United States.

Description of Respondents: Business or other for-profit; Individuals or households; Not-for-profit institutions;

Federal Government; State, Local or Tribal Government

Number of Respondents: 10.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 40.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

Notice of Solicitation for Membership to the National Agricultural Research, Extension, Education, and Economics Advisory Board

AGENCY: Research, Education, and Economics, USDA.

ACTION: Solicitation for membership.

SUMMARY: In accordance with the Federal Advisory Committee Act, the United States Department of Agriculture announces solicitation for nominations of individuals to fill 10 vacancies on the National Agricultural Research, Extension, Education, and Economics Advisory Board (the Board). A nomination letter should be submitted to USDA and indicate the specific membership category or categories that the nominee is qualified to represent. Each nominee must fill out an AD-755 Form, called "Advisory Committee Membership Background Information." This form may be obtained from the contact person below or may be printed out from the following Web site: <http://www.nareeeab.com> by selecting "Nominations" and then clicking on "Form AD-755." All nominees will be vetted before consideration for appointment by the Secretary of Agriculture.

DATES: The deadline for submitting Advisory Board member nominations and the completed nominee Form AD-755 is July 29, 2005. Mail must be received or postmarked by this date to be considered.

ADDRESSES: A nomination letter and the completed AD-755 Form should be faxed and/or express mailed to the U.S. Department of Agriculture, National Agricultural Research, Extension, Education, and Economics Advisory Board Office, 1400 Independence Avenue, SW., Room 344-A, Jamie L. Whitten Building, Washington, DC 20250-2255. Standard mail will also be accepted but may be delayed significantly, because of security procedures.

FOR FURTHER INFORMATION CONTACT:

Deborah Hanfman, Executive Director, National Agricultural Research, Extension, Education, and Economics Advisory Board, 1400 Independence Avenue, SW., Room 344-A, Whitten Building, Washington, DC 20250-2255, telephone: 202-720-3684; fax: 202-720-6199; e-mail: dhanfman@csrees.usda.gov.

SUPPLEMENTARY INFORMATION:

The National Agricultural Research, Extension, Education, and Economics Advisory Board (the Board) was established by the Federal Agricultural Improvement and Reform Act of 1996 (Pub. L. 104-127, commonly called the 1996 Farm Bill) to provide advice to the Secretary of Agriculture and land-grant colleges and universities on national priorities and policies related to agricultural research, education, extension, and economics. An amendment in the 2002 Farm Security and Rural Investment Act (Pub. L. 107-171) states that the Board shall also provide consultation to: "the Committee on Agriculture of the House of Representatives, the Committee on Agriculture, Nutrition, and Forestry of the Senate, the Subcommittee on Agriculture, Rural Development, Food and Drug Administration and Related Agencies of the Committee on Appropriations of the House of Representatives, and the Subcommittee on Agriculture, Rural Development and Related Agencies of the Committee on Appropriations of the Senate." Also, this amendment added one new member category to the Board—" (R) 1 member representing a non-land grant college or university with a historic commitment to research in the food and agricultural sciences." This addition brings the total representation on the Advisory Board to 31 members. Each Board member is selected based on his/her leadership, affiliation, knowledge and expertise that represents a "specific stakeholder category" on the Advisory Board, as delineated in the 1996 Farm Bill. Since the Advisory Board's inception in 1996, members were appointed to serve staggered terms, so that every year, the terms for approximately one-third of the members expire. This notice is to solicit individuals who are qualified to represent at least one of the ten stakeholder categories listed below:

Category B. Farm Cooperatives
Category D. Plant Commodity Producer
Category G. National Aquaculture Association
Category J. National Food Science Organization

Category L. National Nutritional Science Society
 Category M. 1862 Land-Grant Colleges and Universities
 Category S. Member of Scientific Community not closely associated with Agriculture
 Category BB. An Agency of USDA that Lacks Research Capabilities
 Category CC. Research Agency of the Federal Government Other than USDA

Category EE. National Organizations directly concerned with Agricultural Research, Education, and Extension
 The nominees submitted for these categories will be considered by the Secretary of Agriculture for appointment to the Advisory Board. The ten appointed members will serve a three-year term, beginning October 1, 2005 and ending September 30, 2008.

Nominations will be open to all individuals without regard to race, color, religion, sex, national origin, age, mental or physical handicap, marital status, or sexual orientation. To assure that recommendations of the Advisory Board take into account the needs of the diverse groups served by the Department, membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Appointments to the National Agricultural Research, Extension, Education, and Economics Advisory Board will be made by the U.S. Secretary of Agriculture.

Done at Washington, DC, this 13th day of May, 2005.

Rodney J. Brown,

Deputy Under Secretary, Research, Education, and Economics.

DEPARTMENT OF AGRICULTURE

Cooperative State Research, Education, and Extension Service; Notice of Intent To Extend a Currently Approved Information Collection

AGENCY: Cooperative State Research, Education, and Extension Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and the Office of Management and Budget (OMB) regulations (5 CFR part 1320) which implement the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), this notice announces the

Cooperative State Research, Education, and Extension Services (CSREES) intention to request approval to extend the currently approved information collection for Children, Youth, and Families at Risk (CYFAR).

DATES: Written comments on this notice must be received by July 22, 2005 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

ADDRESSES: Written comments concerning this notice and requests for copies of the information collection may be submitted by any of the following methods to Jason Hitchcock, eGovernment Program Leader, Information Systems and Technology Management; Mail: CSREES, USDA, STOP 2216, 1400 Independence Avenue, SW., Washington, DC 20250-2216; Hand Delivery/Courier: 800 9th Street, SW, Waterfront Centre, Washington, DC 20024; Fax: 202-720-0857; or E-mail: jhitchcock@csrees.usda.gov.

FOR FURTHER INFORMATION CONTACT: Jason Hitchcock, 202-720-4343 or via the above e-mail address.

SUPPLEMENTARY INFORMATION:

Title: Children, Youth, and Families at Risk (CYFAR) Year End Report.

OMB Number: 0524-0043.

Expiration Date of Approval: September 30, 2005.

Type of Request: Intent to request approval to extend an information collection.

Abstract: Funding for the Children, Youth, and Families at Risk (CYFAR) New Communities Project (NCP) is authorized under section 3(d) of the Smith-Lever Act (7 U.S.C. 341 *et seq.*), as amended, and other relevant authorizing legislation, which provides jurisdictional basis for the establishment and operation of Extension educational work for the benefit of youth and families in communities. The CYFAR funding program supports community-based programs serving children, youth, and families in at-risk environments. CYFAR funds are intended to support the development of high quality, effective programs based on research and to document the impact of these programs on intended audiences. The CYFAR Year End Report collects demographic and impact data from each community site to conduct impact evaluations of the programs on its intended audience.

The collection of information serves several purposes. It allows CSREES staff to gauge if the program is reaching the target audience and to make programmatic improvements. This collection also allows program staff to

demonstrate the impacts and capacity that is developed in the locales where Federal assistance is provided.

The evaluation processes of CYFAR are consistent with the requirements of Congressional legislation and OMB. The Government Performance and Results Act (GPRA) of 1993 (Pub. L. 103-62), the Federal Activities Inventory Reform Act (FAIR) (Pub. L. 105-107), and the Agricultural, Research, Extension and Education Reform Act (AREERA) of 1998 (Pub. L. 105-185), together with OMB requirements, support the reporting requirements requested in this information collection. One of the five Presidential Management Agenda initiatives, Budget and Performance Integration, builds on GPRA and earlier efforts to identify program goals and performance measures, and link them to the budget process. The FAIR act requires the development and implementation of a system to monitor and evaluate agricultural research and extension activities in order to measure the impact and effectiveness of research, extension, and education programs. AREERA requires a performance evaluation to be conducted to determine whether Federally funded agricultural, research, extension, and education programs result in public goods that have national or multi-state significance.

The immediate need of this information collection is to provide a means for satisfying accountability requirements. The long-term objective is to provide a means to enable the evaluation and assessment of the effectiveness of programs receiving Federal funds and to fully satisfy requirements of performance and accountability legislation in GPRA, the FAIR Act, and AREERA.

Estimate of Burden: There are currently CYFAR projects in 48 states and 2 territories. Each state and territory is required to submit an annual year-end report which includes demographic and impact data on each of the community projects. CSREES estimates the burden of this collection to be 322 hours per response. There are currently 50 respondents, thus making the total annual burden of this collection an estimated 16,100 hours.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and
