SUPPLEMENTARY INFORMATION:

Notice of Availability of Draft Guidelines for Large Vessels

On November 26, 2004, the Architectural and Transportation Barriers Compliance Board (Access Board) issued a notice of availability of draft guidelines. The draft guidelines address accessibility to and in newly constructed or altered passenger vessels covered by the Americans with Disabilities Act, which are permitted to carry more than 150 passengers or more than 49 overnight passengers (69 FR 69244; November 26, 2004). The notice of availability and the draft guidelines along with supplementary information have been placed in the rulemaking docket and on the Board's Web site (<http://www.access-board.gov/pvaac/noa.htm>). The Board is soliciting comments on the draft guidelines and will issue a notice of proposed rulemaking (NPRM) following a review of comments received. The deadline for commenting on the draft guidelines was extended by a subsequent notice until July 28, 2005 (70 FR 14435, March 22, 2005).

Advance Notice of Proposed Rulemaking for Small Vessels

Also on November 26, 2004, the Access Board published an Advance Notice of Proposed Rulemaking (ANPRM) in the **Federal Register** (69 FR 69245; November 26, 2004). The ANPRM addresses the development of accessibility guidelines for newly constructed or altered passenger vessels covered by the Americans with Disabilities Act, which carry 150 or fewer passengers or 49 or fewer overnight passengers. The ANPRM is

also on the Board's Web site at <http://www.access-board.gov/pvaac/anprm.htm>. The deadline for commenting on ANPRM was extended by a subsequent notice until July 28, 2005 (70 FR 14435, March 22, 2005.)

Regulatory Assessment

The Board has also drafted a plan for conducting a regulatory assessment of the passenger vessels guidelines. The plan provides for evaluating the potential impacts of the guidelines on new construction of passenger vessels through case studies, and outlines some methods for examining the impacts of the guidelines on alterations to passenger vessels. The plan is available for public review on the Board's Web site and the Board invites comment on the plan (<http://www.access-board.gov/pvaac/assess-plan.htm>).

Public Hearings

The Board held an initial public hearing on the draft guidelines for large vessels and the ANPRM for small vessels on January 10, 2005, in Washington DC. The Board will hold two hearings on June 24, 2005, and July 25, 2005, to give the public additional opportunities to provide input on the Board's draft guidelines. Persons wishing to testify are encouraged to contact the Access Board at (202) 272–0012 (voice) or (202) 272–0082 (TTY) to pre-register to attend the hearing. The hearings will be accessible to persons with disabilities. Sign language interpreters, real-time captioning and an assistive listening system will be available. Persons attending the hearings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants.

Department of Transportation

The Department of Transportation (DOT) is conducting a separate rulemaking to adopt the Access Board's guidelines as accessibility standards for passenger vessels covered by the ADA. The DOT rulemaking will also address operational issues related to passenger vessels. DOT issued a separate Advance Notice of Proposed Rulemaking (ANPRM) in the **Federal Register** on November 26, 2004 (69 FR 69246; November 26, 2004).

Availability of Copies and Electronic Access

Single copies of the passenger vessels rulemaking (Availability of Draft Guidelines, Draft Guidelines and Supplementary Information, Draft Plan for Regulatory Assessment, and ANPRM on Access to and in Small Passenger

Vessels) may be obtained at no cost by calling the Access Board's automated publications order line (202) 272-0080, by pressing 2 on the telephone keypad, then 1 and requesting publication S-45. Approval and Promulgation of Air Quality Implementation Plans; Tennessee and Georgia; Attainment Demonstrations for the Chattanooga, Nashville, and Tri-Cities Early Action Compact Areas

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to approve revisions to the Tennessee and Georgia State Implementation Plans (SIPs) respectively submitted by the State of Tennessee through the Department of Environment and Conservation on December 29, 2004, and by the State of Georgia through the Environmental Protection Division on December 31, 2004. these areas. The proposed revisions further incorporate the local control measures of the Chattanooga, Nashville, and Tri-Cities EAC area agreements into the SIP. EPA is also proposing revisions to the Vehicle Inspection and Maintenance (I/M), Stage I Vapor Recovery and Motor Vehicle Tampering Tennessee SIP regulations. EPA is proposing to approve revisions to Georgia's rules for Stage I Vapor Recovery and open burning.
