Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a

compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket Nos. PL05-7-000, EL03-236-000 et al., ER04-539-000 et al.]

Capacity Markets in the PJM Region, PJM Interconnection, LLC, PJM Interconnection, LLC; Supplemental Notice of Technical Conference

June 8, 2005.

On May 19, 2005, a notice was issued in Docket No. PL05-7-000¹ announcing that a technical conference will be held June 16, 2005, to discuss the capacity markets currently in use in the PJM Interconnection, L.L.C. (PJM) region. The notice indicated that the technical conference is intended to provide a forum through which Federal and State regulators and participants in the PJM market may come to a common understanding of the current PJM capacity situation, the problems perceived in the market and what deficiencies, if any, exist in the current PJM market construct that contribute to, or do not properly address, those perceived problems, and potential alternative solutions. Members of the Federal Energy Regulatory Commission, state public utilities commissions, and their respective staffs are expected to participate. This supplemental notice provides additional information and an agenda for the conference.

¹ This notice also includes additional dockets, listed in the caption, that relate to issues that may be discussed.

The morning session of the conference will be focused on general capacity market objectives, how PJM's current capacity market meets those objectives, and alternative approaches under consideration, including PJM's Reliability Pricing Model (RPM) proposal. The afternoon session will address specific elements of a capacity market, including whether and how transmission planning and load response can be integrated with the capacity market as well as procurement issues, such as the shape of the demand curve and the appropriate role for PJM. Discussion during the afternoon should address how the elements of the various alternative proposals compare with regard to those elements.

The conference is open for the public to attend and advance registration is not required.

Transcripts of the conference will be immediately available from Ace Reporting Company (202-347-3700 or 1-800-336-6646) for a fee. They will be available for the public on the Commission's eLibrary system 7 calendar days after FERC receives the transcript. Additionally, Capitol Connection offers the opportunity for remote listening and viewing of the conference. It is available for a fee, live over the Internet, by phone or via satellite. Persons interested in receiving the broadcast or who need information on making arrangements should contact David Reininger or Julia Morelli at the Capitol Connection (703-993-3100) as soon as possible or visit the Capitol Connection Web site at <http://www.capitolconnection.org> and click on "FERC."

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free 866-208-3372 (voice) or 202-208-1659 (TTY), or send a FAX to 202-208-2106 with the required accommodations.

For additional information, please contact Morris Margolis at (202) 502-8611; morris.margolis@ferc.gov, or Sarah McKinley at (202) 502-8004, or sarah.mckinley@ferc.gov.
