

Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered.

The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages intervenors to file electronically.

Comment Date: July 1, 2005.

Secretary.

June 10, 2005.

Take notice that on June 7, 2005, Tennessee Gas Pipeline Company (Tennessee) and Dartmouth Power Associates Limited Partnership

(Dartmouth Power) tendered for filing a joint petition for expedited grant of limited waivers.

Tennessee and Dartmouth Power petition the Commission for a grant of a limited waiver, to the extent required, of (i) certain of Tennessee's capacity release tariff provisions, and (ii) the Commission's Order No. 636-A policy regarding the "tying" of gas delivery contracts to released transportation capacity. Tennessee states that the requested waivers will enable Dartmouth Power to effectuate the permanent transfer of its portfolio of transportation capacity and dependent gas delivery contracts to Dartmouth Power's prearranged replacement shipper or to some other third-party replacement shipper who may prevail in the capacity release bidding process. Petitioners further request expedited action on the requested waivers no later than June 30, 2005, so that the transportation releases may be made effective as rapidly thereafter as possible.

Tennessee and Dartmouth Power states that copies of the filing has been served on Tennessee's jurisdictional customers and upon affected state regulatory commissions.

Transcontinental Gas Pipe Line Corporation; Notice of Proposed Changes in FERC Gas Tariff

June 10, 2005.

Take notice that on June 7, 2005 Transcontinental Gas Pipe Line Corporation (Transco) tendered for filing pro forma Tariff Sheet No. 33B to its FERC Gas Tariff, Third Revised Volume No. 1 to reflect, on a pro forma basis, the removal of the South Timbalier Block 300/301 and the South Timbalier Block 301 points from the list of gathering points included in Transco's FERC Gas Tariff.

Transco states that the instant filing originates from an agreement between Transco and Shell Offshore, Inc. (SOI), under which Transco will sell to SOI the South Timbalier Block 300 "A" dehydration facility, a facility which constitutes the basis for Transco's imposition of a gathering rate applicable to volumes traversing the South Timbalier Block 300/301 and the South Timbalier Block 301 points.

Transco states that the pro forma tariff sheet is proposed to be effective on the date of the sale of the facilities to SOI, which is the day following the date that a FERC order accepting and approving the instant filing becomes no longer subject to rehearing or judicial review under Section 19 of the Natural Gas Act.

Transco states that it is serving copies of the instant filing to its affected customers, interested State Commissions and other interested parties.
