

to use the priority and eligibility requirements, we invite applications through a notice in the **Federal Register**. When inviting applications we designate the priority as absolute, competitive preference, or invitational. The effect of each type of priority follows:

Absolute priority: Under an absolute priority we consider only applications that meet the priority (34 CFR 75.105(c)(3)).

Competitive preference priority: Under a competitive preference priority we give competitive preference to an application by either (1) awarding additional points, depending on how well or the extent to which the application meets the competitive priority (34 CFR 75.105(c)(2)(i)); or (2) selecting an application that meets the competitive priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c)(2)(ii)).

Invitational priority: Under an invitational priority we are particularly interested in applications that meet the invitational priority. However, we do not give an application that meets the invitational priority a competitive or absolute preference over other applications (34 CFR 75.105(c)(1)).

Priority

Under this priority the Department provides funding to institutions of higher education (IHEs) that have been implementing effective alcohol and other drug prevention programs on their campuses. An IHE that receives funding under this priority must identify, enhance, further evaluate, and disseminate information about an effective alcohol or other drug prevention program being implemented on its campus. To meet the priority, applicants must provide in their application—

(1) A description of an alcohol or other drug prevention program that has been implemented for at least two full academic years on the applicant's campus;

(2) Evidence of the effectiveness of the program on the applicant's campus;

(3) A plan to enhance and further evaluate the program during the project period; and

(4) A plan to disseminate information to assist other IHEs in implementing a similar program.

Eligibility Requirements

Only institutions of higher education (IHEs) that offer an associate or baccalaureate degree will be eligible under this program. Additionally, to be eligible, an IHE must not have received an award under this grant competition (CFDA 84.184N) during the previous

five fiscal years (fiscal years 2000 through 2004).

Executive Order 12866

This notice of final priority and eligibility requirements has been reviewed in accordance with Executive Order 12866. Under the terms of the order, we have assessed the potential costs and benefits of this regulatory action.

The potential costs associated with the notice of final priority and eligibility requirements are those resulting from statutory requirements and those we have determined as necessary for administering this program effectively and efficiently.

In assessing the potential costs and benefits—both quantitative and qualitative—of this notice of final priority and eligibility requirements, we have determined that the benefits of the final priority and eligibility requirements justify the costs.

We have also determined that this regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Assistive Technology Act of 1998, as amended

(AT Act), authorizes support for activities that increase the availability of, funding for, access to, provision of, and training about assistive technology (AT) devices and AT services. Section 6 of the AT Act provides for national activities to improve the administration of the AT Act. One national activity that is authorized by the AT Act is the renovation, updating, and maintenance of a National Assistive Technology Public Internet Site (National AT Internet Site). The National AT Internet Site will provide to the public comprehensive, up-to-date information on resources related to AT and programs supported under the AT Act.

Priority: We are establishing this priority for the FY 2005 grant competition only, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA).

Absolute Priority: For FY 2005, this priority is an absolute priority. Under 34 CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is: *National Assistive Technology Public Internet Site*.

Under this priority, a project must renovate, update, and maintain an Internet site that contains the following features:

(1) *Availability of information at any time.* The site must be designed so that any member of the public may obtain information posted on the site at any time.

(2) *Innovative automated intelligent agent.* The site must be constructed with an innovative automated intelligent agent that is a diagnostic tool for assisting users in problem definition and the selection of appropriate AT devices and AT services resources.

(3) *Resources.* (a) *Library on assistive technology.* The site must include access, either directly or through links, to a comprehensive working library on AT for all environments, including home, workplace, transportation, and other environments.

(b) *Information on accommodating individuals with disabilities.* The site must include access, either directly or through links, to evidence-based research and best practices concerning how AT can be used to accommodate individuals with disabilities in the areas of education, employment, health care, community living, and telecommunications and information technology.

(c) *Resources for a number of disabilities.* The site must include, either directly or through links, resources relating to the largest possible number of disabilities, including resources relating to low-level reading skills.

(4) *Links to private-sector resources and information.* To the extent feasible, the site must be linked to relevant private-sector resources and information, under agreements developed between the recipient of the grant, contract, or cooperative agreement and cooperating private-sector entities.

(5) *Links to public-sector resources and information.* To the extent feasible, the site must be linked to relevant public-sector resources and information, such as the Internet sites of the Office of Special Education and Rehabilitative Services of the Department of Education, the Office of Disability Employment Policy of the Department of Labor, the Small Business Administration, the Architectural and Transportation Barriers Compliance Board, the Technology Administration of the Department of Commerce, the Jobs Accommodation Network funded by the Office of Disability Employment Policy of the Department of Labor, and other relevant sites.

(6) *Minimum library components.* At a minimum, the site must maintain updated information on and provide links, if available, to—

(a) Device demonstration programs funded under the AT Act and, to the extent practicable, not funded under the AT Act, where individuals may try out AT devices;

(b) Device loan programs funded under the AT Act and, to the extent practicable, not funded under the AT Act, where individuals may borrow AT devices;

(c) Device reutilization programs funded under the AT Act and, to the extent practicable, not funded under the AT Act, that provide for the exchange, repair, recycling, or other reutilization of AT devices;

(d) Alternative financing programs or State financing systems operated through, or independently of, State AT programs, and other sources of funding for AT devices;

(e) Protection and advocacy for assistive technology (PAAT) programs;

(f) Cooperative volume-purchasing programs funded under the AT Act or, to the extent practicable, not funded under the AT Act;

(g) Other projects funded under section 6 of the AT Act;

(h) Relevant State and Federal programs, and other resources, that provide or increase access to AT devices and services; and

(i) Various programs, including programs with tax credits, available to employers for hiring or accommodating employees who are individuals with disabilities.

(7) *Stakeholder input.* The project must include a plan for designing and implementing the National AT Internet Site with the input of—

(a) Directors of statewide AT programs;

(b) Directors of alternative financing programs;

(c) Directors of PAAT programs;

(d) Individuals with disabilities who use AT and understand the barriers to the acquisition of that technology and AT services;

(e) Family members, guardians, advocates, and authorized representatives of those individuals;

(f) Relevant employees from Federal departments and agencies, other than the Department of Education;

(g) Representatives of businesses; and

(h) Vendors and public and private researchers and developers.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities. Ordinarily, this practice would have applied to the absolute priority for the National AT Public Internet Site. Section 437(d)(1) of GEPA (20 U.S.C. 1232(d)(1)), however, allows the Secretary to exempt from rulemaking requirements regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under section 6 of the AT Act and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forego public comment on the proposed absolute priority under section 437(d)(1). This absolute priority will apply to the FY 2005 grant competition only.

Program Authority: 29 U.S.C. 3001 *et seq.*

BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

Privacy Act of 1974; System of Records—Evaluation of the Impact of Supplemental Literacy Interventions in Freshman Academies

AGENCY: Institute of Education Sciences, Department of Education.

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, the Department of Education (Department) publishes this notice of a new system of records entitled “Evaluation of the Impact of Supplemental Literacy Interventions in Freshman Academies” (18-13-12). This evaluation, which is also called the Adolescent Literacy Project, has been commissioned by the National Center for Education Evaluation and Regional Assistance at the Department’s Institute of Education Sciences (IES). It is being conducted by MDRC in collaboration with the American Institutes for Research (AIR). IES has been collaborating with the Department’s Office of Vocational and Adult Education (OVAE) to coordinate the study of supplemental literacy interventions within OVAE’s Smaller Learning Communities (SLC) program.

The study will address the following questions:

(1) Do specific supplemental reading programs that support personalized and intensive instruction for striving ninth-grade readers significantly improve reading proficiency?

(2) What are the effects of supplemental reading programs on in-school outcomes such as attendance and course-taking behavior, and on longer-term outcomes such as student performance on State assessments in the tenth or eleventh grade?

(3) Which students benefit most from participation in the programs?

The system will contain information about two cohorts of approximately 3,200 high school freshmen each in SLCs in eight to twelve school districts

yet to be determined. Half of these students will be participants in a supplemental literacy program, and half will be in a control group. The system will include these students’ names, addresses, demographic information such as race/ethnicity, age, gender, and educational background, their results on literacy assessments, some of their school records data such as attendance, state test results, course performance, and classes taken, and their responses to a survey about their attitude toward reading and their reading and writing activities during the school year. The system will also include responses to survey and interview questions from teachers of these students, and possibly other school staff working with the literacy classes, about their backgrounds and the supplemental literacy interventions.

DATES: The Department seeks comment on the new system of records described in this notice, in accordance with the requirements of the Privacy Act. We must receive your comments on the proposed routine uses for the system of records referenced in this notice on or before July 25, 2005.

The Department filed a report describing the new system of records covered by this notice with the Chair of the Senate Committee on Homeland Security and Governmental Affairs, the Chair of the House Committee on Government Reform, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on June 21, 2005. This system of records will become effective at the later date of—(1) the expiration of the 40 day period for OMB review on August 1, 2005 or (2) July 25, 2005, unless the system of records needs to be changed as a result of public comment or OMB review.

ADDRESSES: Address all comments about the proposed routine uses to Dr. Ricky Takai, Associate Commissioner, Evaluation Division, National Center for Education Evaluation and Regional Assistance, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Avenue, NW., room 502D, Washington, DC 20208. Telephone: (202) 208-7083. If you prefer to send comments through the Internet, use the following address: comments@ed.gov.

You must include the term “Supplemental Literacy Interventions” in the subject line of the electronic message.

During and after the comment period, you may inspect all comments about this notice in room 502D, 555 New
