

Countervailing Duty Orders, 68 FR 54888 (Sept. 19, 2003).

Period of Review

The period for which we are measuring subsidies, or POR, is January 1, 2003, through December 31, 2003.

Final Results of Review

Neither the petitioners nor respondents commented on the preliminary results, and we found that no changes were warranted. Therefore, we have made no changes to the net countervailable subsidy rates for the POR.

In accordance with 19 CFR 351.221(b)(5), we calculated an individual subsidy rate for each producer/exporter covered by this administrative review. Listed below are the programs we examined in the review and our findings with respect to each of these programs. For a complete analysis of the programs found to be countervailable and terminated, see *Preliminary Results*.

Producer/Exporter	Net Subsidy Rate
Pasta Lensi S.r.l.	0.00 percent
Pastificio Corticella S.p.A./Pastificio Combattenti S.p.A.	0.06 percent (<i>de minimis</i>)

I. Program Determined to Confer Subsidies During the POR

A. Export Marketing Grants Under Law 304/900.06 percent
Note: applies to Corticella/Combattenti only.

II. Programs Determined Not to Confer Subsidies During the POR

The calculations will be disclosed to the interested parties in accordance with 19 CFR 351.224(b).

Because the countervailing duty rates for all of the above-noted companies are either less than 0.5 percent and, consequently, *de minimis*, or zero, we will instruct U.S. Customs and Border Protection ("CBP") to liquidate entries of these companies during the period January 1, 2003, through December 31, 2003, without regard to countervailing duties in accordance with 19 CFR 351.106(c)(1). The Department will issue appropriate instructions directly to CBP within 15 days of publication of these final results of this review.

For all other companies that were not reviewed (except Barilla G. e R. F.lli S.p.A. and Gruppo Agricoltura Sana S.r.l., which are excluded from the order), the Department has directed CBP to assess countervailing duties on all entries between January 1, 2003, and December 31, 2003, at the rates in effect at the time of entry.

Since the countervailable subsidy rate is *de minimis*, the Department will instruct CBP to continue to suspend liquidation of entries, but to collect no cash deposits of estimated countervailing duties for the above-noted companies of all shipments of the subject merchandise from the producers/exporters under review that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review. For all non-reviewed firms (except Barilla G. e R. F.lli S.p.A. and Gruppo Agricoltura Sana S.r.l., which are excluded from the order), we will instruct CBP to collect cash deposits of estimated countervailing duties at the most recent company-specific or all-others rate applicable to the company. These rates shall apply to all non-reviewed companies until a review of a company assigned these rates is requested.

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 22, 2005.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico Fishery Management Council (Council) will hold a series of public workshops to provide information about, and seek input on, ecosystem objectives for fisheries management. The Gulf of Mexico Fishery Management Council (Council) is one of four Councils participating in a pilot project to develop an ecosystem approach to fisheries management (the four Councils in the pilot project are New England, Mid-Atlantic, South Atlantic, and Gulf of Mexico).

One of the initial tasks of this project for the Council is to hold a series of public meetings seeking input regarding ecosystem objectives for fisheries management. The purpose of these meetings will be to facilitate wide-ranging discussions with stakeholder groups and the general public in eight topic areas: (1) views regarding the adequacy of current approaches for addressing ecosystem considerations, (2) the nature of ecosystem-based management and the goals to be achieved in addressing ecosystem issues, (3) the nature of the public decision making processes within the Council for addressing management tradeoffs, consistent with identified goals, (4) mechanisms for considering activities outside the Council's purview but influencing ecosystem productivity, (5) the boundaries of sub-regional ecosystems within the Gulf of Mexico, (6) the types of management measures that would be incorporated into ecosystem approaches for fishery management, consistent with the identified goals, (7) the specific regional issues that need to be addressed in a fisheries ecosystem plan (FEP), (8)

techniques for determining success of ecosystem-based management, and (9) other issues considered important to the stakeholders in the Gulf region.

The public workshops will be conducted by an independent facilitator, who will report the results to the Council at its September 2005 meeting in New Orleans, LA. The workshops will begin at 7 p.m. and conclude no later than 9 p.m. at the following locations and dates:
