

order (Order No. 6) requiring TsingTao China to show cause why it should not be found in default. TsingTao China did not respond to the show cause order. On November 10, 2004, the ALJ issued an ID (Order No. 8), which was not reviewed by the Commission, finding respondent TsingTao China in default. On November 22, 2004, the complainants filed a motion for immediate relief against TsingTao China based on the '886 patent.

On April 13, 2005, the Commission issued a notice indicating (1) that it had determined not to review the ALJ's ID granting the Commission investigative attorney's ("IA") motion for summary determination of no violation because of noninfringement of the '886 patent by Pet Center, Inc., and (2) that it was terminating the investigation as to the last respondent, Pet Center. 70 FR 20596 (April 20, 2005). The Commission also requested briefing on the issues of remedy, the public interest, and bonding relating to the default finding of unlawful importation and sale of infringing products by TsingTao China. Id. The IA submitted his brief on remedy, the public interest, and bonding and his proposed order on April 25, 2005. The complainants did not submit a brief or a proposed order and the respondent did not file a reply submission.

The Commission found that each of the statutory requirements of section 337(g)(1)(A)–(E), 19 U.S.C. 1337(g)(1)(A)–(E), has been met with respect to defaulting respondent TsingTao China. Accordingly, pursuant to section 337(g)(1), 19 U.S.C. 1337(g)(1), and Commission rule 210.16(c) 19 CFR 210.16(c), the Commission presumed the facts alleged in the amended complaint to be true. The Commission determined that the appropriate form of relief in this investigation is a limited exclusion order prohibiting the unlicensed entry of pet food treats covered by the '886 patent that are manufactured abroad by or on behalf of, or imported by or on behalf of, TsingTao China or any of its affiliated companies, parents, subsidiaries, or other related business entities, or their successors or assigns. The Commission further determined that the public interest factors enumerated in section 337(g)(1), 19 U.S.C. 1337(g)(1), do not preclude issuance of the limited exclusion order. Finally, the Commission determined that the amount of bond to permit temporary importation during the Presidential review period shall be in the amount of 100 percent of the entered value of the infringing imported pet food treats. The Commission's order was

delivered to the President on the day of its issuance.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.16(c) of the Commission's Rules of Practice and Procedure (19 CFR 210.16(c)).

Issued: June 22, 2005.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.

The Department of Labor (DOL) has submitted the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104–13,

44 U.S.C. chapter 35). A copy of this ICR, with applicable supporting documentation, may be obtained by contacting the Darrin King on 202–693–4129 (this is not a toll-free number) or e-mail: king.darrin@dol.gov.

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the Employee Benefits Security Administration (EBSA), Office of Management and Budget, Room 10235, Washington, DC 20503, 202–395–7316 (this is not a toll-free number), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Employee Benefits Security Administration.

Type of Review: Extension of currently approved collection.

Title: Prohibited Transaction Exemption 86–128.

OMB Number: 1210–0059.

Frequency: On occasion; quarterly; and annually.

Type of Response: Third party disclosure.

Affected Public: Business or other for-profit; not-for-profit institutions; and individuals or households.

Number of Respondents: 4,724.

Number of Annual Responses: 528,909.

Estimated Time Per Response: Varies from 10 minutes to 1 and ¼ hours.

Total Burden Hours: 93,530.

Total Annualized capital/startup costs: \$0.

Total Annual Costs (operating/maintaining systems or purchasing services): \$183,554.

Description: Prohibited Transaction Class Exemption 86–128 permits persons who serve as fiduciaries for

employee benefit plans to effect or execute securities transactions on behalf of employee benefit plans. The exemption also allows sponsors of pooled separate accounts and other pooled investment funds to use their affiliates to effect or execute securities transactions for such accounts in order to recapture brokerage commissions for benefit of employee benefit plans whose assets are maintained in pooled separate accounts managed by the insurance companies. This exemption provides relief from certain prohibitions in section 406(b) of the Employee Retirement Income Security Act of 1974 (ERISA) and from the taxes imposed by section 4975(a) and (b) of the Internal Revenue Code of 1986 (the Code) by reason of Code section 4975(c)(1)(E) or (F).

In order to insure that the exemption is not abused, that the rights of participants and beneficiaries are protected, and that the exemption's conditions are being complied with, the Department has included in the exemption five information collection requirements. The first requirement is written authorization executed in advance by an independent fiduciary of the plan whose assets are involved in the transaction with the broker-fiduciary. The second requirement is, within three months of the authorization, the broker-fiduciary furnish the independent fiduciary with any reasonably available information necessary for the independent fiduciary to determine whether an authorization should be made. The information must include a copy of the exemption, a form for termination, and a description of the broker-fiduciary's brokerage placement practices. The third requirement is that the broker-fiduciary must provide a termination form to the independent

fiduciary annually so that the independent fiduciary may terminate the authorization without penalty to the plan; failure to return the form constitutes continuing authorization. The fourth requirement is for the broker-fiduciary to report all transactions to the independent fiduciary, either by confirmation slips or through quarterly reports. The fifth requirement calls for the broker-fiduciary to provide an annual summary of the transactions. The annual summary must contain all security transaction-related charges incurred by the plan, the brokerage placement practices, and a portfolio turnover ratio.

Departmental Clearance Officer.

Description: The Black Lung Act of 1977, as amended, 30 U.S.C. 901 *et seq.*, provides for the payment of benefits to a coal miner who is totally disabled due to pneumoconiosis (black lung disease) and to certain survivors of the miner

who died due to pneumoconiosis. A miner who applies for black lung benefits must complete the CM-911 (application form). The completed CM-911 gives basic identifying information about the applicant and is the beginning of the development of the black lung claim. An applicant filing for black lungs benefits must also complete a CM-911a at the same time the black lung application form is submitted. The

CM-911a when completed is formatted to render a complete history of employment and helps to establish if the miner currently or formerly worked in the nation's coal mines. The Black Lung Benefits Act as amended, 30 U.S.C. *et seq.* and 20 CFR 725.304a, necessitates the collection of this information.
