**SUPPLEMENTARY INFORMATION:** The OCC is proposing to extend OMB approval of the following information collection:

*Title:* (MA) Loans in Areas Having Special Flood Hazards—12 CFR 22.

*OMB Number:* 1557–0202.

*Description:* This submission covers an existing regulation and involves no change to the regulation or the information collection. The OCC requests only that OMB renew its approval of the information collection. The regulation requires national banks to make disclosures and keep records regarding whether a property securing a loan is located in a special flood hazard area.

This information collection is required by section 303(a) and title V of the Riegle Community Development and Regulatory Improvement Act, Pub. L. No. 103–325, title V, 108 Stat. 2160, the National Flood Insurance Reform Act of 1994 amendments to the National Flood Insurance Act of 1968 (12 U.S.C. 4104a and 4104b) and the Flood Disaster Protection Act of 1973 (12 U.S.C. 4012a and 4106(b)), and by OCC regulations implementing those statutes.

The information collection requirements are contained in 12 CFR part 22.

Section 22.6 requires a national bank to use and maintain a copy of the Standard Flood Hazard Determination Form developed by the Federal Emergency Management Agency (FEMA).

Section 22.7 requires a national bank or its loan servicer, if a borrower has not obtained flood insurance, to notify the borrower to obtain adequate flood insurance coverage or the bank or servicer will purchase flood insurance on the borrower's behalf.

Section 22.9 requires a national bank making a loan secured by a building or a mobile home to advise the borrower and the loan servicer that the property is, or is not, located in a special flood hazard area, if flood insurance is available under the National Flood Insurance Program, and if Federal disaster relief may be available in the event of flooding. The bank must maintain a record of the borrower and loan servicer's receipts of these notices.

Section 22.10 requires a national bank making a loan secured by a building or a mobile home located in a special flood hazard area to notify FEMA of the identity of the servicer, and of any change in servicers.

These information collection requirements ensure bank compliance with applicable Federal law, further bank safety and soundness, provide protections for banks and the public, and further public policy interests.

*Type of Review:* Extension, without change, of a currently approved collection.

*Affected Public:* Businesses or other for-profit.

*Number of Respondents:* 2,300.

*Total Annual Responses:* 230,000.

*Frequency of Response:* On occasion.

*Total Annual Burden Hours:* 58,650.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Comments are invited on:

(a) Whether the collection of information is necessary for the proper

performance of the functions of the agency, including whether the information shall have practical utility;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;
