[Docket No. CP05-383-000]

Algonquin Gas Transmission, LLC; Notice of Application

June 23, 2005.

Take notice that on June 13, 2005, Algonquin Gas Transmission, LLC (Algonquin), 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP05-383-000, an application pursuant to section 7(c) of the Natural Gas Act (NGA), for authorization to: (i) Construct, install, own, operate and maintain certain pipeline facilities necessary to provide up to 800,000 Dth/d of firm transportation service for Excelerate Energy Limited Partnership, an affiliate of Northeast Gateway Energy Bridge, L.L.C. (Northeast Gateway); and (ii) implement initial rates for service on the new facilities. The project will consist of approximately 16.4 miles of new 24-inch diameter pipeline and related facilities (Pipeline Lateral) that will provide a direct connection between the offshore deepwater liquefied natural gas port (Northeast Port), which Northeast Gateway proposes to construct in federal waters in Massachusetts Bay, approximately 13 miles south of the city of Gloucester, Massachusetts, and Algonquin's existing HubLine offshore system in Massachusetts Bay, all as more fully set forth in the application which is on file with the Commission and open to public inspection. This filing may be also viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call (202) 502-8659 or TTY, (202) 208-3676.

Any questions regarding this application should be directed to Steven E. Tillman, General Manager, Regulatory Affairs, Algonquin Gas Transmission, LLC, P.O. Box 1642, Houston, Texas 77251-1642, at (713) 627-5113 or fax at (713) 627-5947.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and

Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Comment Date: July 14, 2005.
