Notification of Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO as explained in the administrative protective order itself. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Revocation of Antidumping Duty Order; Certain Stainless Steel Plate in Coils From Canada

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 21, 1999, the Department of Commerce ("the

Department") published an antidumping duty order on certain stainless steel plate in coils from Canada. See *Antidumping Duty Order, Certain Stainless Steel Plate in Coils from Belgium, Canada, Italy, Republic of Korea, South Africa, and Taiwan*, 64 FR 27756 (May 21, 1999). On April 1, 2004, the Department initiated its first sunset review of the order on certain stainless steel plate in coils from Canada. See *Initiation of Five-Year ("Sunset") Reviews*, 69 FR 17129 (April 1, 2004).

("First Sunset Review"). Pursuant to section 751(c) of the Tariff Act from 1930, as amended ("the Act"), the International Trade Commission ("the ITC") determined that revocation of the antidumping duty order on certain stainless steel plate in coils from Canada is not likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Certain Stainless Steel Plate from Belgium, Canada, Italy, Korea, South Africa, and Taiwan*, 70 FR 38710 (July 5, 2005). Therefore, pursuant to section 751(d)(2) of the Act, and section 351.222(i)(1)(iii) of the Department's regulations, the Department is revoking the antidumping duty order on certain stainless steel plate in coils from Canada.

DATES: Effective Date: May 21, 2004.

The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (e.g., cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of the order are the following: (1) Plate not in coils, (2) plate that is not annealed or otherwise heat treated and pickled or otherwise descaled, (3) sheet and strip, and (4) flat

The merchandise subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States ("HTS") at subheadings: 7219.11.00.30, 7219.11.00.60, 7219.12.00.05, 7219.12.00.20, 7219.12.00.25, 7219.12.00.50, 7219.12.00.55, 7219.12.00.65, 7219.12.00.70, 7219.12.00.80, 11521 7219.31.00.10, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.11.00.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80. Although the HTS subheadings are provided for convenience and Customs purposes, the written description of the merchandise subject to this order is dispositive.

This scope language reflects the March 11, 2003, amendment of the antidumping and countervailing duty orders and suspension of liquidation which the Department implemented in accordance with the Court of International Trade, decision in *Allegheny Ludlum v. United States*, 2002 Ct. Int. Trade LEXIS 147 (December 12, 2002). See also *Notice of Amended Antidumping Duty Orders; Certain Stainless Steel Plate in Coils from Belgium, Canada, Italy, the Republic of Korea, South Africa, and Taiwan*, 68 FR 11520 (March 11, 2003) and *Notice of Amended Countervailing Duty Orders; Certain Stainless Steel Plate in Coils from Belgium, Italy, and South Africa*, 68 FR 11524 (March 11, 2003).

Background

On April 1, 2004, the Department initiated, and the ITC instituted, a sunset review of the antidumping duty order on certain stainless steel plate in coils from Canada. See *Initiation of Five-Year ("Sunset") Reviews*, 69 FR 17129 (April 1, 2004), and *Certain Stainless Steel Plate from Belgium, Canada, Italy, Korea, South Africa, and Taiwan; Initiation of Five-Year Review*, 69 FR 17235 (April 1, 2004). As a result of the review, the Department found that revocation of the antidumping duty order would likely lead to continuation or recurrence of dumping, and notified the ITC of the magnitude of the margin likely to prevail were the order to be revoked. See *Stainless Steel Plate in Coils from Canada, South Africa, and Taiwan; Notice of Expedited Sunset Review: Final Results*, 69 FR 47416 (August 5, 2004).

On July 5, 2005, the ITC determined, pursuant to section 751(c) of the Act, that revocation of the antidumping duty order on certain stainless steel plate in coils from Canada would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *USITC Publication 3784, Investigation Nos. 701-TA-376, 377, & 379 and 731-TA 788-793 (Review)* (June 2005), and *Certain Stainless Steel Plate from Belgium, Canada, Italy, Korea, South Africa, and Taiwan*; 70 FR 38710 (July 5, 2005).

Determination

As a result of the determination by the ITC that revocation of this antidumping duty order is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department pursuant to section 751(d) of the Act, is revoking the antidumping duty order on certain stainless steel plate in coils from Canada. Pursuant to section 751(d)(2) and 19 CFR 351.222(i)(2)(i), the effective date of revocation is May 21, 2004 (*i.e.*, the fifth anniversary of the date of publication in the **Federal Register** of the order).

The Department will notify the U.S. Customs and Border Protection ("CBP") to discontinue suspension of liquidation and collection of cash deposits on entries of the subject merchandise entered or withdrawn from warehouse on or after May 21, 2004, the effective date of revocation of this order. The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

This five-year sunset review and notice are in accordance with sections 751(d)(2) and 777(i)(1) of the Act.

Dated: July 12, 2005.

Acting Assistant Secretary for Import Administration.

Steel Concrete Reinforcing Bars from Latvia: Extension of the Time Limit for the Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: July 18, 2005.

FOR FURTHER INFORMATION CONTACT: Daniel O'Brien or Shane Subler at (202) 482-1376 or (202) 482-0189, respectively; AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Time Limits

Statutory Time Limits

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department of Commerce (the Department) to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order/finding for which a review is requested, and the final results within 120 days after the date on which the preliminary results are published. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for (1) the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order/finding for which a review is requested, and (2) the final results to 180 days (or 300 days if the Department does not extend the time limit for the preliminary results) from the date of publication of the preliminary results.

Background

On September 27, 2004, Joint Stock Company Liepajas Metalurgs, a Latvian producer of subject merchandise, requested an administrative review of the antidumping duty order on steel concrete reinforcing bars from Latvia. On September 30, 2004, the petitioners in the proceeding, the Rebar Trade Action Coalition¹ and its individual members, also requested an

administrative review of the antidumping order. On October 22, 2004, the Department published a notice of initiation of the administrative review, covering the period September 1, 2003, through August 31, 2004 (69 FR 62022). On April 26, 2005, the Department published an extension of the time limit for issuing the preliminary results of the administrative review. The preliminary results are currently due no later than August 1, 2005.

Extension of Time Limit for Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the original time limits. Several complex issues related to merchandise classification and cost of production have been raised during the course of this administrative review. The Department needs more time to address these items and evaluate the issues more thoroughly.

Therefore, we are extending the time limit for completion of the preliminary results until no later than September 30, 2005. We intend to issue the final results no later than 120 days after publication of the preliminary results.

This notice is issued and published in accordance with section 751(a)(3)(A) of the Act.

Dated: July 12, 2005.
