

ACTION: Notice of intent to prepare an environmental impact statement for the general management plan, Lincoln Home National Historic Site.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(C), the National Park Service is preparing an environmental impact statement for a general management plan for Lincoln Home National Historic Site (LIHO). The environmental impact statement will be approved by the Director, Midwest Region.

The general management plan will prescribe the resource conditions and visitor experiences that are to be achieved and maintained at LIHO over the next 15 to 20 years. The clarification of what must be achieved according to law and policy will be based on review of the site's purpose, significance, special mandates, and the body of laws and policies directing park management. Based on determinations of desired conditions, the general management plan will outline the kinds of resource management activities, visitor activities, and development that would be appropriate in the future. A range of reasonable management alternatives will be developed through this planning process and will include, at a minimum, no action and the preferred alternative.

Major issues to be addressed in the plan include: Issues surrounding preserving park resources (such as developing management strategies to preserve and maintain historic structures and cultural landscapes and protect archaeological sites in the face of a predicted increase in visitation); issues surrounding visitor understanding, education and appreciation of park resources (such as enhancing and expanding meaningful visitor experiences as alternatives to the LIHO tour); and, issues surrounding organizational effectiveness (such as identifying potential partnerships with the city of Springfield, the Abraham Lincoln Presidential Library and Museum and others).

Dates: Any comments on the scope of issues to be addressed in the EIS should be received no later than November 15. Public meetings regarding the general management plan will be held during the scoping period. Specific dates, times, and locations will be made available in the local media, on the LIHO Web site (<http://www.nps.gov/liho>), on the National Park Service Planning, Environment and Public Comment (PEPC) Web site (parkplanning.nps.gov/

publicHome.cfm), or by contacting the Superintendent.

ADDRESSES: Information on the planning process and copies of newsletters will be available from the office of the Superintendent, 413 South Eighth Street, Springfield, IL 62701-1905.

FOR FURTHER INFORMATION CONTACT:

Acting Superintendent, Lincoln Home National Historic Site, 413 South Eighth Street, Springfield, IL 62701-1905. 217-492-4241.
