

but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by August 25, 2005.

**Public Comment Procedure:** Our practice is to make comments, including names and addresses of respondents, available for public review. Individual respondents may request that we withhold their address from the record, which we will honor to the extent allowable by law. There may be circumstances in which we would withhold from the record a respondent's identity, as allowable by the law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

#### Agency Information Collection Activities; Proposed Revisions to a Currently Approved Information Collection Form; Request for Comments

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of renewal of a currently approved information collection form (OMB No. 1006-0003).

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44

U.S.C. 3501 *et seq.*), the Bureau of Reclamation (Reclamation) intends to submit a request for renewal of an existing approved information collection form, Right-of-Use Application (Form 7-2540), to the Office of Management and Budget (OMB). Before submitting this revised Right-of-Use Application form (application) to the Office of Management and Budget for review of the information collection requirements, Reclamation requests public comments on specific aspects of the application form.

**DATES:** All written comments must be received on or before September 26, 2005.

**ADDRESSES:** Written comments should be sent to the Bureau of Reclamation, Attention: D-5300, PO Box 25007, Denver, CO 80225-0007. Copies of the proposed application may be requested by writing to the above address or by contacting Marian L. Mather at (303) 445-2895.

#### FOR FURTHER INFORMATION CONTACT:

Marian L. Mather: (303) 445-2895.

**SUPPLEMENTARY INFORMATION:** In addition to reformatting the form, it has been modified to (1) move the instructions to the last page to facilitate its electronic completion on the Internet, (2) clarify the questions being asked of the applicant, (3) clarify the scope of activities which may be permissible to include those involving Reclamation's facilities and water surfaces in addition to land-based activities, and (4) provide the applicant with a list that identifies common land, facility, or water surface use activities which may be requested by this form.

**Title:** Right-of-Use Application.

**Abstract:** Reclamation is responsible for approximately 8 million acres of land which directly support Reclamation's Federal water projects in the 17 western states. Individuals or entities wanting to use Reclamation's lands, facilities, and water surfaces must submit an application to gain permission for such uses. Examples of such uses are transmission line construction across Reclamation project lands, livestock grazing, and special events such as boating regattas. Reclamation will review applications and determine whether the granting of individual right-of-use is compatible with Reclamation's present or future uses of the lands, facilities, or water surfaces. If the application request is found to be compatible, the applicant will be advised of the estimated administrative costs and estimated time that will be required for processing the

application. In addition to the administrative costs, the applicant will also be required to pay the value of the right-of-use based on an appraisal. If the application is for construction of a bridge, building, or other significant construction project, Reclamation may require that all plans and specifications be signed and sealed by a professional engineer licensed by the State in which the work is proposed. Construction for linear facilities, such as roads, pipelines, and transmission lines, require a centerline survey defining the limits of the requested right-of-use.

*Frequency:* Each time a right-of-use is requested.

*Respondents:* Individuals, corporations, companies, and State and local entities that want to use Reclamation lands, facilities, or water surfaces.

*Estimated Annual Total Number of Respondents:* 500.

*Estimated Number of Responses per Respondent:* 1.0.

*Estimated Total Number of Annual Responses:* 500.

*Estimated Total Annual Burden on Respondents:* 1,000 hours.

*Estimated Completion Time Per Respondent:* 2 hours.

Comments are invited on:

(a) Whether the proposed information collection is necessary for the proper performance of Reclamation's functions to manage and operate Federal water projects and their associated lands, facilities, and water surfaces, including whether the information will have practical use;

(b) The accuracy of the burden estimate for the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the information collection on respondents, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

We will summarize all comments received regarding this notice. We will publish that summary in the **Federal Register** when the information collection request is submitted to OMB for review and approval.

The Department of the Interior's practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that their home address be withheld from public disclosure, which will be honored to the extent allowable by law. There also may be

circumstances in which a respondent's identity would be withheld from public disclosure, as allowable by law. If respondents wish their names and/or addresses to be withheld, they must state this prominently at the beginning of their comment(s). Submissions of comments from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Dated: July 6, 2005.

## DEPARTMENT OF LABOR

### Office of the Secretary

#### Combating Exploitive Child Labor Through Education in Pakistan

**AGENCY:** Bureau of International Labor Affairs, Department of Labor.

*Announcement Type:* New. Notice of Availability of Funds and Solicitation for Cooperative Agreement Applications.

*Funding Opportunity Number:* SGA 05-07.

*Catalog of Federal Domestic Assistance (CFDA) Number:* Not applicable.

*Key Dates:* Deadline for Submission of Application is August 25, 2005.

**SUMMARY:** The U.S. Department of Labor, Bureau of International Labor Affairs, will award up to U.S. \$4 million through one or more cooperative agreements to an organization or organizations to improve access to and quality of education programs as a means to combat exploitive child labor in Pakistan. Projects funded under this solicitation will provide educational and training opportunities to children as a means of removing and/or preventing them from engaging in exploitive work or the worst forms of child labor, as defined by ILO Convention 182. The activities funded will complement and expand upon existing projects and programs to improve basic education in Pakistan. Applications must respond to the entire Statement of Work outlined in this solicitation. In Pakistan, activities under these cooperative agreements will provide the direct delivery of quality basic education to working children and those at risk of entering work, and will
