DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: NMFS Alaska Region Vessel Monitoring System (VMS) Program.

Form Number(s): None.

OMB Approval Number: 0648-0445.

Type of Request: Regular submission.

Burden Hours: 4,796.

Number of Respondents: 1,545.

Average Hours Per Response: 1 minute.

Needs and Uses: The National Marine Fisheries Service (NMFS) manages the crab fisheries in the waters off the coast of Alaska under the Fishery Management Plan for Bering Sea and Aleutian Islands Crab (FMP). Amendments 18 and 19 amend the FMP to include the Crab Rationalization Program (Program). Congress amended the Magnuson-Stevens Act to require the Secretary of Commerce to approve the Program. The Program reallocates BSAI crab resources among harvesters, processors, and coastal communities. This collection-of-information addresses the vessel monitoring system (VMS) requirements for the Program. A vessel that harvests crab in the crab fisheries, including a vessel harvesting community data quota or Adak allocations, would be required to have onboard an operating NMFS-approved VMS transmitter at any time when the vessel has crab gear on board. These transmitters automatically determine the vessel's location several times per hour using Global Positioning System (GPS) satellites and send the position

information to NMFS via a mobile communication service provider.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: July 22, 2005.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Evaluation of the Coastal Services Magazine and the Coastal Connections Newsletter.

Form Number(s): None.

OMB Approval Number: None.

Type of Request: Regular submission.

Burden Hours: 59.

Number of Respondents: 292.

Average Hours Per Response: 12 minutes.

Needs and Uses: The NOAA Coastal Services Center (Center) produces two publications for coastal resource managers, the bi-monthly Coastal Services Magazine and the bi-monthly

Coastal Connections Newsletter. The proposed survey will be used by the Center to obtain information from our subscribers to evaluate customer satisfaction, learning and application regarding the two publications.

Affected Public: State, local or tribal government; Federal government.

Frequency: One time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Census Bureau

Proposed Information Collection; Comment Request; Survey of Income and Program Participation (SIPP) Wave 7 of the 2004 Panel

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other federal agencies to take this opportunity to comment on proposed or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before September 26, 2005.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at DHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the information collection instrument(s) and instructions should be directed to Patrick J. Benton, Census Bureau, FOB 3, Room 3387, Washington, DC 20233-8400, (301) 763-4618.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the SIPP which is a household-based survey designed as a continuous series of national panels. New panels are introduced every few years with each panel usually having durations of one to five years. Respondents are interviewed at 4-month intervals or "waves" over the life of the panel. The survey is molded around a central "core" of labor force and income questions that remain fixed throughout the life of the panel. The core is supplemented with questions designed to address specific needs, such as obtaining information on retirement plans, taxes, and providing health care in the home. These supplemental questions are included with the core and are referred to as "topical modules."

The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single, unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic-policy formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983 permitting levels of economic well-being and changes in these levels to be measured over time.

The 2004 Panel is currently scheduled for 5 years and will include 15 waves of interviewing, which began in February 2004. The 2004 Panel is scheduled for 5 years because of the re-authoring of the instrument and re-engineering of the post data collection processing systems for the 2009 Panel. Approximately 62,000 households were selected for the 2004 Panel, of which, 46,500 are expected to be interviewed. We estimate that each household will contain 2.1 people 15 years of age or older, yielding 97,650 interviews in Wave 1 and subsequent waves. Interviews take 30 minutes on average. Three waves of interviewing will occur in the 2004 SIPP Panel during FY 2006.

The total annual burden for 2004 Panel SIPP interviews will be 146,475 hours in FY 2006.

The topical modules for the 2004 Panel Wave 7 collect information about:

- Informal Caregiving.
- Retirement and Pension Plan

Coverage.

- Annual Income and Retirement Accounts.
- Taxes.

Wave 7 interviews will be conducted from February 2006 through May 2006.

A 10-minute reinterview of 3,100 people is conducted at each wave to ensure accuracy of responses. Reinterviews will require an additional 1,553 burden hours in FY 2006.

II. Method of Collection

The SIPP is designed as a continuing series of national panels of interviewed households that are introduced every few years with each panel having durations of 1 to 4 years. All household members 15 years old or over are interviewed using regular proxy-respondent rules. During the 2004 Panel, respondents are interviewed a total of 15 times (15 waves) at 4-month intervals making the SIPP a longitudinal survey. Sample people (all household members present at the time of the first interview) who move within the country and reasonably close to a SIPP primary sampling unit will be followed and interviewed at their new address. Individuals 15 years old or over who enter the household after Wave 1 will be interviewed; however, if these individuals move, they are not followed unless they happen to move along with a Wave 1 sample individual.

III. Data

OMB Number: 0607-0905.
