

areas is unknown. However, given that the areas removed from quarantine are urban and suburban communities that include residential areas, a cemetery, a forest preserve, and a portion of O'Hare International Airport, we anticipate that the number of such businesses would be small.

Any affected entities located within the areas removed from quarantine stand to benefit from the interim rule, since they are no longer subject to the restrictions in the regulations. However, our experience with the ALB program in Illinois, New York, and New Jersey has shown that the number and value of regulated articles that are, upon inspection, determined to be infested, and therefore denied a certificate or a limited permit for movement, is small. Thus, any benefit for affected entities in the areas removed from quarantine is likely to be minimal, given that the costs associated with the restrictions that have been relieved were themselves minimal.

Under these circumstances, the Administrator of the Animal and Plant Health Inspection Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

#### FEDERAL RESERVE SYSTEM

##### 12 CFR Part 226

[Regulation Z; Docket No. R–1231]

##### Truth in Lending

**AGENCY:** Board of Governors of the Federal Reserve System.

**ACTION:** Final rule; staff commentary.

**SUMMARY:** The Board is publishing a final rule amending the staff commentary that interprets the requirements of Regulation Z (Truth in Lending). The Board is required to adjust annually the dollar amount that triggers requirements for certain home mortgage loans bearing fees above a certain amount. The Home Ownership and Equity Protection Act of 1994 (HOEPA) sets forth rules for home-secured loans in which the total points and fees payable by the consumer at or before loan consummation exceed the greater of \$400 or 8 percent of the total loan amount. In keeping with the statute, the Board has annually adjusted the \$400 amount based on the annual percentage change reflected in the Consumer Price Index that is in effect on June 1. The adjusted dollar amount for 2006 is \$528.

**DATES:** January 1, 2006.

**SUPPLEMENTARY INFORMATION:**

**I. Background:**

The Truth in Lending Act (TILA; 15 U.S.C. 1601 – 1666j) requires creditors to disclose credit terms and the cost of consumer credit as an annual percentage rate. The act requires additional disclosures for loans secured by a consumer's home, and permits consumers to cancel certain transactions that involve their principal dwelling. TILA is implemented by the Board's Regulation Z (12 CFR part 226). The Board's official staff commentary (12 CFR part 226 (Supp. I)) interprets the regulation, and provides guidance to creditors in applying the regulation to specific transactions.

In 1995, the Board published amendments to Regulation Z implementing HOEPA, contained in the Riegle Community Development and Regulatory Improvement Act of 1994, Pub. L. 103-325, 108 Stat. 2160 (60 FR 15463). These amendments, contained in §§ 226.32 and 226.34 of the regulation, impose substantive limitations and additional disclosure requirements on certain closed-end home mortgage loans bearing rates or fees above a certain percentage or amount. As enacted, the statute requires creditors to comply with the HOEPA rules if the total points and fees payable by the consumer at or before loan consummation exceed the greater of \$400 or 8 percent of the total loan amount. TILA and Regulation Z provide that the \$400 figure shall be adjusted annually on January 1 by the annual percentage change in the Consumer Price Index (CPI) that was reported on the preceding June 1. (15 U.S.C. 1602(aa)(3) and 12 CFR 226.32(a)(1)(ii)). The Board adjusted the \$400 amount to \$510 for the year 2005.

The Bureau of Labor Statistics publishes consumer-based indices monthly, but does not "report" a CPI change on June 1; adjustments are reported in the middle of each month. The Board uses the CPI-U index, which is based on all urban consumers and represents approximately 87 percent of the U.S. population, as the index for adjusting the \$400 dollar figure. The adjustment to the CPI-U index reported by the Bureau of Labor Statistics on May

15, 2005, was the CPI-U index "in effect" on June 1, and reflects the percentage increase from April 2004 to April 2005. The adjustment to the \$400 figure below reflects a 3.51 percent increase in the CPI-U index for this period and is rounded to whole dollars for ease of compliance.

**II. Adjustment and Commentary Revision**

Effective January 1, 2006, for purposes of determining whether a home mortgage transaction is covered by 12 CFR 226.32 (based on the total points and fees payable by the consumer at or before loan consummation), a loan is covered if the points and fees exceed the greater of \$528 or 8 percent of the total loan amount. Comment 32(a)(1)(ii)-2, which lists the adjustments for each year, is amended to reflect the dollar adjustment for 2006. Because the timing and method of the adjustment is set by statute, the Board finds that notice and public comment on the change are unnecessary.

**III. Regulatory Flexibility Analysis**

The Board certifies that this amendment will not have a substantial effect on regulated entities because the only change is to raise the threshold for transactions requiring HOEPA disclosures.

**Airworthiness Directives; Boeing Model 747 Airplanes**

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Final rule.

**SUMMARY:** The FAA is adopting a new airworthiness directive (AD) for certain Boeing Model 747 airplanes. This AD requires modifying the inflation systems of the upper deck escape slides; single-piece off-wing escape ramps/slides; two-piece off-wing escape slides; and door 1, 2, 4, and 5 escape slides/rafts. This AD results from a report of 30- to 60-second delays in the inflation of escape slides/rafts. We are issuing this AD to prevent actuation delays in the inflation systems of the escape slides/rafts, which could result in delayed or failed deployment of escape slides/rafts during emergency evacuation of an airplane.

**DATES:** Effective September 13, 2005.

The Director of the **Federal Register** approved the incorporation by reference of certain publications listed in the AD as of September 13, 2005.
