

authorization will not adversely affect the marketability or value of the parcel.

In order to determine the value, through appraisal, of the parcels of land proposed to be sold, certain extraordinary assumptions may have been made of the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this Notice, the Bureau of Land Management gives notice that these assumptions may not be endorsed or approved by units of local government. It is the buyer's responsibility to be aware of all applicable Federal, State, and local government laws, regulations and policies that may affect the subject lands, including any required dedication of lands for public uses. It is also the buyer's responsibility to be aware of existing or projected use of nearby properties. When conveyed out of Federal ownership, the lands will be subject to any applicable laws, regulations, and policies of the applicable local government for proposed future uses. It will be the responsibility of the purchaser to be aware of those laws regulations, and policies, and to seek any required local approvals pursuant to them. Buyers should also make themselves aware of any Federal or State law or regulations that may impact the future use of the property. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

Parcel N-75980. Potential bidders for parcel N-75980 should be aware of the content of a document entitled, "A Conservation Agreement for the Management of Special Resources on the Bureau of Land Management Parcels Nominated for Disposal by the City of Las Vegas" entered into by BLM, the U.S. Fish and Wildlife Service, the Nevada Division of Forestry and the City of North Las Vegas (the "Conservation Agreement"). Under the Conservation Agreement, BLM retains ownership of approximately 300 acres partially surrounded by parcel N-75980 for protection and preservation of certain special plant and paleontological resources. BLM makes no warranty or representation that this Conservation Agreement is the full extent of Federal or State requirements that may impact parcel N-75980.

Environmental Assessment. The SNPLMA parcels proposed for sale were analyzed in an Environmental Impact Statement (EIS), entitled "Las Vegas Land Disposal Boundary EIS", approved December 23, 2004. This EIS is available

for public review at the BLM LVFO. An Environmental Assessment (EA) for this sale, which tiers to the EIS, has also been prepared. The EA is available for public review and comment at the BLM LVFO. BLM will be accepting public comment on the EA during the time for comment on the proposed sale up to October 3, 2005.

Other information concerning the sale, including the appraisals, reservations, sale procedures and conditions, CERCLA and other environmental documents will be available for review at the BLM LVFO, or by calling (702) 515-5114. Most of this information also will be available on the Internet at <http://propertydisposal.gsa.gov>.

Public Comments: The general public and interested parties may submit comments regarding the proposed sale to the Field Manager, BLM LVFO, up to 45 days after publication of this Notice in the **Federal Register**. Any adverse comments regarding the proposed sale will be reviewed by the Nevada BLM State Director, or other authorized official of the Department, who may sustain, vacate, or modify this realty action in whole or in part. Any comments received during this process, as well as the name and address of the commenter, will be available to the public in the administrative record and/or pursuant to a Freedom of Information Act request. You may indicate for the record that you do not wish to have your name and/or address made available to the public. Any determination by the Bureau of Land Management to release or withhold the names and/or addresses of those who comment will be made on a case-by-case basis. A request from a commenter to have their name and/or address withheld from public release will be honored to the extent permissible by law.

Termination of R&PP Classification—SNPLMA Withdrawal

Additionally, the following leases granted under the Recreation and Public Purposes (R&PP) Act, 43 U.S.C. 869 *et seq.* have been relinquished: N-51824 (55FR39746), and N-51400 (55FR39746). The Notice officially terminates the R&PP classification and segregation of the parcels, but does not serve as an opening order because those parcels are within the disposal boundary set by Congress in SNPLMA. Pursuant to Section 4(c) of SNPLMA, these parcels are withdrawn, subject to valid existing rights, from entry and appropriation under the public land

laws, location and entry under the mining laws and from operation under the mineral leasing and geothermal leasing laws, until such time as the Secretary of Interior terminates the withdrawal or the lands are patented.

Final Supplementary Rules on Public Land in Oregon and Washington

AGENCY: Bureau of Land Management, Interior.

ACTION: Final supplementary rules.

SUMMARY: The Bureau of Land Management (BLM) Oregon State Office is implementing supplementary rules for public lands within the states of Oregon and Washington. The rules are needed in order to protect the area's natural resources and provide for public health and safety. The rules are based on existing regulations and address camping and residency, vehicles and off-road vehicles, fire, conduct, firearms, sanitation and refuse and permits. The supplementary rules promote consistency between BLM rules on these topics and similar rules of other natural resource agencies including the U.S. Forest Service, National Park Service, Oregon Parks and Recreation, and the Washington Department of Natural Resources.

DATES: The rules are effective August 18, 2005.

ADDRESSES: You may submit suggestions or inquiries to Recreation Program, Bureau of Land Management, Oregon State Office, P.O. Box 2965, Portland, Oregon, 97204, or via Internet e-mail to: http://www.or_Final_rule@blm.gov (Include Attn: Margaret Wolf).

FOR FURTHER INFORMATION CONTACT: Margaret Wolf, Oregon State Office, P.O. Box 2965, Portland, Oregon, telephone (503) 808-6061. Persons who use a telecommunications device for the deaf (TDD) may contact this individual by calling the Federal Information Relay Service (FIRS) at (800) 877-8339, 24 hours a day, 7 days a week.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Discussion of Comments

III. Procedural Matters

I. Background

BLM proposed these supplementary rules in order to promote consistency between BLM (on issues of camping and occupancy, vehicles and off-road vehicles, fire, conduct, firearms, sanitation and refuse) and other land management agencies including the U.S. Forest Service, National Park Service, Oregon State Parks and Recreation, and the Washington Department of Natural Resources. These supplementary rules will apply to the public lands within the states of Oregon and Washington. These rules are necessary to protect the area's natural resources and to provide for the public's health and safety, provide needed guidance in the areas of camping, occupancy, and recreation, and allow for the assessment of penalties that are more commensurate with the level of the prohibited acts.

The State of Oregon recently revised its requirement for ORV registration, placing the burden of requiring registration on each land owner. Supplementary rule b.5 (below) makes ORV registration a requirement on public lands, as endorsed by the Oregon Parks and Recreation Department.

II. Discussion of Comments

These rules were published as proposed supplementary rules on February 25, 2005 in the **Federal Register**, (70 FR 9380–9384). Comments were solicited in that publication and could be submitted by mail, electronic means, or by telephone.

No comments were received by e-mail, TDD, written submissions, or by telephone. Therefore, we are publishing the final supplementary rules as proposed, with the exception of editorial changes made for purposes of clarity.

III. Procedural Matters

Executive Order 12866, Regulatory Planning and Review

These final supplementary rules are not a significant regulatory action and are not subject to review by Office of Management and Budget under Executive Order 12866. These final supplementary rules will not have an effect of \$100 million or more on the economy. They will not adversely affect in a material way the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities. These final supplementary rules will not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency.

These final supplementary rules do not alter the budgetary effects of entitlements, grants, user fees, or loan programs or the rights or obligations of their recipients; nor do they raise novel legal or policy issues. They merely impose rules of conduct and impose other limitations on certain recreational activities on certain public lands to protect natural resources and human health and safety.

National Environmental Policy Act

BLM has prepared an environmental assessment (EA) and has found that the final supplementary rules would not constitute a major Federal action significantly affecting the quality of the human environment under section 102(2)(C) of the Environmental Protection Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C). A detailed statement under NEPA is not required. BLM has placed the EA and the Finding of No Significant Impact (FONSI) on file in the BLM Administrative Record at the address specified in the **ADDRESSES** section.

Regulatory Flexibility Act

Congress enacted the Regulatory Flexibility Act of 1980 (RFA), as amended, 5 U.S.C. 601–612, to ensure that Government regulations do not unnecessarily or disproportionately burden small entities. The RFA requires a regulatory flexibility analysis if a rule would have a significant economic impact, either detrimental or beneficial, on a substantial number of small entities. These final supplementary rules should have no effect on business entities of whatever size. They merely would impose reasonable restrictions on certain recreational activities on certain public lands to protect natural resources and the environment, and human health and safety. Therefore, BLM has determined under the RFA that these final supplementary rules would not have a significant economic impact on a substantial number of small entities.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

These final supplementary rules are not a “major rule” as defined at 5 U.S.C. 804(2). They would not result in an effect on the economy of \$100 million or more, in an increase in costs or prices, or in significant adverse effects on competition, employment, investment, productivity, innovation, or on the ability of United States-based enterprises to compete with foreign-based enterprises in domestic and export markets. They would merely impose reasonable restrictions on certain recreational activities on certain

public lands to protect natural resources and the environment, and human health and safety.

Unfunded Mandates Reform Act

These final supplementary rules do not impose an unfunded mandate on State, local, or tribal governments or the private sector of more than \$100 million per year; nor do these Final supplementary rules have a significant or unique effect on State, local, or tribal governments or the private sector. They would merely impose reasonable restrictions on certain recreational activities on certain public lands to protect natural resources and the environment, and human health and safety. They also specifically call for compliance with State laws and regulations. Therefore, BLM is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*)

Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights

The final supplementary rules do not represent a government action capable of interfering with Constitutionally protected property rights. Therefore, the Department of the Interior has determined that the rule would not cause a taking of private property or require preparation of a takings assessment under this Executive Order.

Executive Order 13132, Federalism

These final supplementary rules would not have a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. These final supplementary rules in several instances call for compliance with State law. Therefore, in accordance with Executive Order 13132, BLM has determined that these final supplementary rules do not have sufficient Federalism implications to warrant preparation of a Federalism Assessment.

Executive Order 12988, Civil Justice Reform

Under Executive Order 12988, the Office of the Solicitor has determined that this final rule would not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of the Order.

Executive Order 13175, Consultation and Coordination With Indian Tribal

In accordance with Executive Order 13175, we have found that these final supplementary rules do not include policies that have tribal implications.

Paperwork Reduction Act

These final rules do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.*

Author

The principal author of these supplementary rules is Margaret Wolf, Oregon State Office, P.O. Box 2965, Portland, Oregon.

For the reasons stated in the preamble and under the authorities for supplementary rules found under 43 CFR 8365.1–6, 43 CFR 8364.1, 43 U.S.C. 1740, 16 U.S.C. 670h(c)(5), and 43 U.S.C. 315a, the Oregon/Washington State Director, Bureau of Land Management proposes to issue supplementary rules for public lands managed by the BLM in Oregon and Washington, to read as follows:

ACTION: Notice of opportunity to submit comments in connection with the seventeenth report covering 2003 and 2004; change in title of investigation.

EFFECTIVE DATE: August 12, 2005.
