DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Bureau: International Trade Administration.

Title: Commercial Service Client Focus Groups.

Agency Form Number: ITA-XXXX.

Type of Request: Regular Submission.

Burden: 192 hours.

Number of Respondents: 96.

Avg. Hours Per Response: 10 minutes.

Needs and Uses: The International

Trade Administration's U.S.

Commercial Service is mandated by Congress to help U.S. businesses, particularly small and medium-sized companies, export their products and services to global markets. As part of its mission, the U.S. Commercial Service uses "Quality Assurance Surveys" to collect feedback from the U.S. business clients it serves. These surveys ask the client to evaluate the U.S. Commercial Service on its customer service provision. Results from the surveys are used to make improvements to the agency's business processes in order to provide better and more effective export assistance to U.S. companies. In addition to collecting client feedback through Quality Assurance Surveys, the U.S. Commercial Service would like to institutionalize client focus groups as another mechanism to obtain further client feedback and substantiate customer service trends we are seeing in the surveys. Client focus groups will enrich the quantitative data of surveys by providing a qualitative context for the trends that emerge. The purpose of the attached client focus group questioning routes is to collect feedback from U.S. businesses that receive export assistance services from the U.S. Commercial Service. In providing these services, the U.S. Commercial Service promotes the goods and services of small and medium-sized U.S. companies in foreign markets.

Affected Public: U.S. companies that are recruited by the U.S. Commercial Service.

Frequency: Upon recruitment of client focus groups (On occasion).

Respondents Obligation: Voluntary.
OMB Desk Officer: David Rostker, (202) 395-7340.

SUPPLEMENTARY INFORMATION:

I. Abstract

Public Law 97-446, as amended by Public Law 103-465, Public Law 106-36 and Public Law 108-429, requires the Departments of Commerce and the Interior to administer the distribution of watch duty-exemptions and watch and jewelry duty-refunds to program producers in the U.S. insular possessions and the Northern Mariana Islands. The primary consideration in collecting information is the enforcement of the laws and the information gathered is limited to that necessary to prevent abuse of the program and to permit a fair and equitable distribution of its benefits. Form ITA-334P is the principal program form used for recording operational data which are the bases for determining program entitlements and their distribution among the producers. This form also serves as the producer's application to the Departments for these entitlements. The form is completed biannually by watch and jewelry manufacturers. We propose modifying the form and the title of the form due to the passage of Public Law 106-36 and Public Law 108-429. Also, due to the passage of Public Law 108-429, new paperwork requirements need to be added to Form ITA-334P. Without the additional data, it would not be possible to calculate the further benefits mandated by law.

II. Method of Collection

The Department of Commerce sends Form ITA-334P to each watch and jewelry producer biannually. A company official completes the form
