

differences in packing and for movement expenses in accordance with sections 773(a)(6)(A) and (B) of the Act. We also made adjustments for differences in circumstances of sale in accordance with section 773(a)(6)(C)(iii) of the Act and 19 CFR 351.401. Specifically, we made circumstance-of-sale adjustments by deducting home-market direct selling expenses from and adding U.S. direct selling expenses to normal value.

Preliminary Results of Review

As a result of our review, we preliminarily determine that a margin of 0.00 percent exists for RDM/CPFL for the period December 1, 2003, through November 30, 2004.

Pursuant to 19 CFR 351.224(b), the Department will disclose to parties calculations performed in connection with these preliminary results within five days of the date of publication of this notice. Any interested party may request a hearing within 30 days of publication of this notice. A hearing, if requested, will be held at the main Department building. We will notify parties of the exact date, time, and place for any such hearing.

Issues raised in hearings will be limited to those raised in the respective case and rebuttal briefs. Case briefs from interested parties may be filed no later than 30 days after publication of this notice. Rebuttal briefs, limited to the issues raised in case briefs, may be submitted no later than five days after the deadline for filing case briefs. Parties who submit case or rebuttal briefs in this proceeding are requested to submit with each argument a statement of the issue and a brief summary of the argument with an electronic version included.

The Department will publish a notice of final results of this administrative review, which will include the results of its analysis of issues raised in the case briefs, within 120 days from the date of publication of these preliminary results.

Assessment

The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. Upon completion of this review, the Department will issue appraisement instructions directly to the CBP.

Further, the following deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of silicomanganese entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section

751(a)(1) of the Act: (1) the cash-deposit rate for RDM/CPFL will be the rate established in the final results of review; (2) for previously reviewed or investigated companies not mentioned above, the cash-deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value (LTFV) investigation, but the manufacturer is, then the cash-deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the producer is a firm covered in this review, a prior review, or the LTFV investigation, the cash-deposit rate shall be 17.60 percent, the all-others rate established in the LTFV investigation. See *Notice of Final Determination of Sales at Less Than Fair Value: Silicomanganese from Brazil*, 59 FR 55432 (November 7, 1994). These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a primary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: September 2, 2005.

Certain Stainless Steel Butt-Weld Pipe Fittings from Japan, South Korea, and Taiwan; Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On February 2, 2005, the Department of Commerce (the

Department) initiated sunset reviews of the antidumping duty orders on certain stainless steel butt-weld pipe fittings (pipe fittings) from Japan, South Korea, and Taiwan pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). On the basis of a notice of intent to participate and adequate substantive responses filed on behalf of domestic interested parties and no response from respondent interested parties, the Department conducted expedited (120-day) sunset reviews. As a result of these sunset reviews, the Department finds that revocation of the antidumping duty orders would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified below in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: September 9, 2005.

Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone (202) 482-1391.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2005, the Department initiated sunset reviews of the antidumping duty orders on pipe fittings from Japan, Korea, and Taiwan pursuant to section 751(c) of the Act. See *Initiation of Five-Year ("Sunset") Reviews*, 69 FR 69891 (Feb. 2, 2005). The Department received notices of intent to participate from four domestic interested parties, Flowline Division of Markovitz Enterprises, Inc. (Flowline), Gerlin, Inc. (Gerlin), Shaw Alloy Piping Products, Inc. (formerly Alloy Piping Products, Inc.) (Shaw), and Taylor Forge Stainless, Inc. (Taylor Forge) (collectively, domestic interested parties), within the deadline specified in section 351.218(d)(1)(i) of the Department's regulations. Domestic interested parties claimed interested party status under section 771(9)(C) of the Act as U.S. producers of a domestic like product. We received a complete substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, we did not receive any responses from any respondent interested parties. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the Department conducted expedited sunset reviews of these orders.

On May 26, 2005, the Department extended the time limit for final results of these sunset reviews to not later than August 31, 2005. *See Stainless Steel Butt-Weld Pipe Fittings from Japan, Korea, and Taiwan: Extension of Time Limit for the Final Results of Sunset Reviews of Antidumping Duty Orders*, 70 FR 30416 (May 26, 2005).

Scope of the Orders

Japan

The products covered by this order include certain stainless steel butt-weld pipe and tube fittings, or SSPFs. These fittings are used in piping systems for chemical plants, pharmaceutical plants, food processing facilities, waste treatment facilities, semiconductor equipment applications, nuclear power plants and other areas. This merchandise is classifiable under the Harmonized Tariff Schedules of the United States (HTSUS) item number 7307.23.0000. While the HTS item number is provided for convenience and for Customs purposes, the written product description remains dispositive as to the scope of the product coverage.

South Korea

The products subject to this order are certain welded stainless steel butt-weld pipe fittings (pipe fittings), whether finished or unfinished, under 14 inches in inside diameter.

Pipe fittings are used to connect pipe sections in piping systems where conditions require welded connections. The subject merchandise can be used where one or more of the following conditions is a factor in designing the piping system: (1) Corrosion of the piping system will occur if material other than stainless steel is used; (2) contamination of the material in the system by the system itself must be prevented; (3) high temperatures are present; (4) extreme low temperatures are present; (5) high pressures are contained within the system.

Pipe fittings come in a variety of shapes, and the following five are the most basic: "elbows," "tees," "reducers," "stub ends," and "caps." The edges of finished fittings are beveled. Threaded, grooved, and bolted fittings are excluded from this review. The pipe fittings subject to this order are classifiable under subheading 7307.23.00 of the Harmonized Tariff Schedules of the United States (HTSUS).

Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Taiwan

Analysis of Comments Received

All issues raised in these cases are addressed in the "Issues and Decision Memorandum" from Barbara E. Tillman, Acting Deputy Assistant Secretary for Import Administration, to Joseph A. Spetrini, Acting Assistant Secretary for Import Administration, dated August 30, 2005, (Decision Memorandum), which is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margin likely to prevail if the orders were revoked. Parties can find a complete discussion of all issues raised in these sunset reviews and the corresponding recommendations in this public memorandum, which is on file in room B-099 of the main Department building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov>, under the heading "September 2005." The paper copy and electronic version of the Decision Memorandum are identical in content.

Final Results of Reviews

We determine that revocation of the antidumping duty orders on pipe fittings from Japan, Korea, and Taiwan would likely lead to continuation or recurrence of dumping at the following percentage weighted-average margins:

Manufacturers/Exporters/Producers	Weighted-Average Margin (Percent)
Japan.	
Mie Horo	65.08
Nippon Benkan Kogyo, K.K.	37.24
All Others	49.31
South Korea.	
The Asia Bend Co. Ltd.	21.20
All Others	21.20
Taiwan.	
Tachia Yung Ho Machine Industry Co., Ltd.	76.20
Ta Chen Stainless Pipe Co., Ltd.	6.42
Tru-Flow Industrial Co., Ltd.	76.20
All Others	51.01

This notice also serves as the only reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: August 30, 2005.
